Not All Smooth Sailing

The Come-back of Ad Wlogast

(FROM T. S. ANDREWS)

Milwaukee, Feb. 2.—The successful come-back of Ad Wlogast in his battle with Joe Rivers in Milwaukee was a great surprise to his friends and fight fans all over the country. It was generally supposed that Wlogast had shot his bolt and would not be able to get back into condition to meet the stars of his division. However, he fooled all of them by appearing in the very best of condition for his fight with Rivers and the fact that he outpointed the clever California boy was enough to convince the referee for an

The chances are that Wlogast will want to meet Ritchie in a ten round bout, as he is not any too anxious at the present time to travel the marathon route. However, it all depends on future developments. If Wlogast and Ritchie come together in the middle west will be the big event of the year and will draw more money than it could possibly draw in California.

Bathurst Captures McLellan Cup
Pictou, N. S. Feb. 5.—After winning the McLellan cup from Amherst and defending it successfully against Stellarton, Macan and Chatham, Pictou lost it yesterday to Bathurst, N. B. The north shore curlers well deserve the trophy as they came four rinks strong on Tuesday, and had to wait until yesterday to get ice to play on. The score was 22 to 18.

Montreal's Bid for Feds
Montreal Star. Although President Gilmore of the Federal Baseball League did not at first intend to have a club in Montreal, it is now said that he is ready to put one in here if sufficient money can be guaranteed, and extend his circuit this far.

Twenty-five thousand dollars is now ready to be invested, and it is expected that within a short time additional capital will be available.

charge of the team for the 1916 Berlin Olympic games.

Knox is a great natural athlete, with sterling performances at sprinting, weight throwing, jumping and vaulting. He has already had one experience handling an Olympic team. He directed the Canadian team at the last Olympic Games at Stockholm, and under his guidance the wearers of the Maple Leaf were fairly successful. As an all-around athlete in his day Knox had no superiors. His records of 10 seconds for the 100 yard dash, 46 feet with the 16-pound shot, 12 feet 6 inches in the pole vault, 28 feet 8 inches in the running broad jump and 180 feet with the 16-pound hammer, have never been equaled by any one man in the history of athletics.

No Four-Oared Races.
New York, Feb. 5.—There will be no four-oared race at the next Poughkeepsie regatta. Morton G. Bogue, chairman of the board of stewards of the inter-collegiate Rowing Association, announced yesterday that the board had voted to eliminate the event, substituting in its stead a race at two miles for junior eights.

The substitution of a junior eight, in the opinion of the stewards, will have the effect of bringing out more crew candidates than ever before at the various colleges. There will be an additional inducement for the students, for those who fail to make the varsity will have a chance now of contesting for eights.

An important part in the regatta.

WHITE MAN NOW CHIEF OF INDIANS IN FAR ALASKA
William James Fanned the First Gold in New Bonanza District.

Billy James and his wife are going back to the Shushanna, where they made their big strike.

"Billy isn't much for talking," his wife explained in Seattle. "For myself, it's mighty pleasant to be down here and see so many folks. We never saw a white man, except when we came into Dawson for supplies—just Indians. And I was glad to see even an Indian it was so lonely. Billy's sort of a chief among the Indians. They named him 'Jim Billy.' Got it turned around, you see. 'You've been long in Alaska' was asked.

"Ten years," continued "Jim Billy's" wife. "I'm most as much of a sourdough as Billy. And for three years
