CITY CONTRACTS

(Continued from page 1) B. Mooney & Sons, \$26,797.25. C. L. Osborne, \$27,531.25. M. J. Tobias, et al, \$27,752. Moses & French, \$28,453.25. Michael George, \$28,505. A. R. Clark, Oneis, \$32,357.75. He explained that Clark & Son had alleged that they and some of the others had to purchase broken stone from a combine, which is also tendering. If they could use larger stones their price would be greatly reduced and they could tender at \$28,775.75, and carry on the work day and night. He could not accept a modification, and to moved that the tender of B. Mooney & Sons be accepted. Continuing, Com. Potts said that he did not feel like trying an experiment with something of which he knew nothing, and he could not tell whether brick would be suitable. He suggested that if the material payment is to be modified, it might be left over until next year and the bond issue voted for that purpose could be devoted to Market square. The road engineer submitted samples of vitrified brick. Mayor Frink discussed the various forms of pavement, and the objections to them, saying he believed that treated wooden blocks on a concrete base would be most satisfactory. There is now provision, and the original motion to award the tender to Mooney & Sons was adopted. Com. McLellan, referring to the authority to purchase water meters at a cost of \$600. Wants a Motor Truck Com. Potts moved that he be instructed to secure prices and descriptions of a motor truck for use in his department. Mayor Frink asked if he could submit information regarding the comparative cost of horse teams and motor vehicles. The road engineer said that for six months last year the truck showed a saving of \$100 over the cost of the same work by horses. One of the savings that would be effected would be in the time of the men who are kept waiting idle between each trip of the one car they now have. Com. Russell's amendment that the matter be over until Monday for further information was adopted. Com. McLellan, referring to conditions in the city court, said that the new act had been changed after it left their hands and now provides, among other things, for the life-appointment of the police clerk under his jurisdiction or authority, the same appointment in the dominion that he knew of. The work was increased and the receipts decreased. He suggested that the city court would get along without this office, and he had thought that the city would get along without this office. He suggested that the city court would get along without this office, and he had thought that the city would get along without this office.

PROBABLY MAKING NAILS WITHIN SIX WEEKS OR TWO MONTHS

Building Experts Now Going Over West End Site Granted to Canada Nail and Wire Co. Ltd. Building experts today are making an examination of the site at West St. John, granted by the city to the Canada Nail & Wire Co., Ltd., for their new plant, in preparation for forming plans for the new buildings which may be necessary. There are already several buildings on the property and these, or as much of them as is found sound, will be used by the new company. The management is anxious to make a start at the actual work of manufacturing and on this account may make temporary use of buildings which will have to be replaced later with permanent structures. In the meantime, however, a certain amount of building will have to be done, but the existing buildings will be sufficient to enable the company to make a beginning. The machinery for the plant is already in St. John and no delay will be caused by waiting for it. It is expected that the company may be ready to turn out the finished horse nails. Since the incorporation of the company and the grant of the site those interested in the project have received congratulations on the prospects of the company and also encouraging promises of support. The people of St. John are especially pleased over the outcome of the negotiations as the result will be the establishment of a plant which will give employment at good wages to a large number of men and Carleton residents are hoping that this will be but the beginning of industrial development on that side of the harbor. Throughout the city generally the news industry is welcomed as a substantial evidence of the progress of the city and especially so at this new line of manufacturing for this city.

MR. NAGLE WINS AGAIN

Case Against Quebec and St. John Construction Co. and St. John and Quebec Railway Co. On special application made to the court by Dr. W. W. Wallace, K. C., acting for Thomas Nagle, the court varied its order of the day before by staying out a stay and proceeding. This allows Mr. Nagle to sign judgment for his verdict of \$12,000, and issue execution. The peculiarity of the circumstances surrounding this application are interesting. It was instituted by the defendants against an expert order from Mr. Justice McKeown to extend the time of appeal, have a stay of their own order and on Tuesday last while an argument was proceeding in St. John to extend the time of appeal, Mr. Wallace applied to the full court at Fredericton and got another expert order. Judge McKeown varied his order by eliminating the stay and now the full court, refusing to interfere with the order of the full court, have their own order and struck out the stay of proceedings previously granted by them. It was contended by Dr. Wallace that all applications for extension of time or stay of proceedings should only be made on notice of motion to the opposite party, and that expert applications were not allowable under the English practice in any case where a stay of proceedings was asked for, citing the Republic of Peru vs. Wegelin 2 V. W. R. 297 and Chester vs. Powell 1 T. L. R. 300. Dr. Wallace further contended that the court had been following a mistaken idea that the old practice prevailed and pointed out that under order 58 rule 16 special application with notice would have to be made.

THE JUNE BRIDES

(Continued from page one.) Gardner-Gillespie. An interesting event took place at the home of Charles M. Gillespie, Penfield, N. B., on Tuesday afternoon at two o'clock when his daughter, Miss Gertrude Louise, was married to Colby H. Gardner of St. John West. The ceremony was performed by Rev. A. S. H. Gardner in the presence of immediate relatives and friends. After the ceremony the bride party drove in an automobile to Utopia station and from there came by train to St. John. In the evening about forty guests assembled at the home of Mrs. R. R. Gardner, mother of the bridegroom, and tendered the happy pair a joyous reception. Many gifts were presented to them, including a chest of silver from the local staff of letter carriers of which Mr. Gardner is a popular member. Mr. and Mrs. Gardner will live in Winslow street. Allen Steeves. At the home of Mr. and Mrs. Travis Steeves, Forest Hill, on June 8, their youngest daughter Edna P., was united in marriage to Joseph B. Allen, of Seattle, Washington. The ceremony was performed by the Rev. A. E. Chapman. Mr. and Mrs. Allen left for their future home in Comox, British Columbia. King-Fox. On Tuesday afternoon a wedding took place at the residence of Mrs. Robert Fox, 42 Creighton street, Halifax, her daughter, Miss Marie, being united in marriage to Clifford E. King, of St. John. The bride wore most becomingly a white gown, and carried a beautiful bouquet. Quite a company of young friends were present, and extended heartiest good wishes. McIntosh-Cummings. A very pretty wedding took place last evening at the residence of Wm. Cummings, 159 Pitt street, when his daughter, Miss Ida Louise, was united in marriage to William R. McIntosh. The bride was attended by Miss Minnie E. Moore, while the groom was supported by his brother, Albert E. McIntosh. The happy event was witnessed by a large number of friends of the contracting parties. At the conclusion, a wedding supper was served. The popularity of the bride and groom was attested by the large number of presents received. They will reside in Lancaster. USE THE WANT AD. WAX
