**ST. JOHN MOTHER GETS LETTERS
FROM SALISBURY PLAIN—TWO,
BECAUSE TWO SONS ARE THERE****Guy and Roy Both Write to Mrs.
George Capson -- A St. John Lad
Who Has Already Been Promoted**

Mrs. George Capson of Chesley street has two sons with the Canadians in England ready for the front, and yesterday received letters from each of them, Guy and Roy. They are with the Divisional Ammunition Column, and each said that he was well and had had a pleasant time up to the present. In a letter to his aunt, Mrs. Norman Smith, Guy Capson told of the Canadian lads being inspected by the king and queen and also of a trip to London which he made on his three days' leave.

A letter from her son, Clement, who is at Salisbury Plain with the Army Service Corps, was received yesterday by Mrs. Mary Jeffrey, Somerset street. He had derived much pleasure from the trip thus far he said, and was in excellent health. Young Jeffrey speaks of visiting relatives in Liverpool when he was on leave.

Now Sergeant Major

Yesterday brought good news to the home of H. R. Weatherhead, 178 Wentworth street, when he received a letter from his brother, Sgt. A. Weatherhead, now with the 1st Canadian expeditionary forces at Salisbury Plain. The letter was written on Nov. 2nd and on the following Wednesday they expected to be inspected by King George and Queen Mary and on Thursday, he planned to go to London for a little trip. The letter also stated that he was real well and even happy and had been promoted now to sergeant-major.

That the weather man had been about the only one in all England to show disfavor to the Canadian troops was a statement made by J. Ernest Earle, in a letter to his former employer, W. H. Dunham, yesterday, from Salisbury Plain, where he is in No. 1 Field Ambulance Corps. He says it has rained almost steadily since the lads went into camp there, and that a night without rain is in itself a rare occurrence. The nights are quite cold, and the members of each tent have for the most part purchased

small oil stoves. Pte. Earle writes that the St. John boys who left on No. 8 Ambulance Corps are practically all together in the big camp of more than 80,000 men, and all are enjoying themselves. He says that the Canadians in camp have been tried to an active daily routine, as follows: Reville 6 a. m.; physical drill 6.30 a. m.; breakfast 8 a. m.; parade for drill 9 to 11 a. m.; dinner 12 a. m.; parade for drill or route march, 2 to 4 p. m.; supper 5 p. m.; relief parade 6 p. m.; first post 9.30 p. m.; last post 9.30 p. m.; and lights out at 10 p. m.

Mrs. Ellen Speight of 622 Main street received a letter from her son Edward P. Speight who left for the front with the 62nd soldiers in the 1st Canadian contingent. He likes Salisbury Plain, but hoped to see London soon. They had received no word for the front. He stated that he was a visitor at the hospital and saw wounded soldiers from the front. He also wishes to be remembered to his many friends in St. John.

Mrs. Alice L. Todd, of North End, received a letter yesterday from her son Kenneth, who is with the heavy artillery brigade at Salisbury Plain. He says that he is enjoying excellent health and that thus far the expedition has been very enjoyable to the Canadians. This is the fifth letter received by Mrs. Todd from her son since he went away.

A letter received by Oscar Akerley of North End from John Wright, now with the ammunition column at Salisbury Plain, tells of the Canadians preparing to go into winter quarters at the big training camp. The work of getting huts ready for occupation has been about completed, and because of this it is thought unlikely that the lads will go to the front before the spring. There had been a rumor that some of the men would be sent to South Africa for mounted patrol duty, but nothing definite was known.

**SAYS 'LONGSHOREMEN DID
NOT PASS RESOLUTION**

An officer of the Longshoremen's Association said to the Times today that at Sunday's meeting no resolution relative to the discharge of city employees by the commissioner of public works was passed but that what transpired was that the action of the Trades and Labor Council in regard to the policy of the city commissioner was reported on by the Longshoremen's delegates to the Trades and Labor Council meeting and discussed and criticised by the Longshoremen. The delegates elected were to the St. John Trades and Labor Council.

No person of judgment buys a nondescript instrument.

Rather selection is made from a name that stands for high ideals of manufacture.

If the thought of a piano is in your mind let us give this caution.

Choose carefully—and if you are not familiar with the points of leading instruments and the best dealers, let the advertising columns of this newspaper help you.
