MONARCHS OF ENGLAND, RUSSIA AND GERMANY

Will Meet at Berlin For The Royal Wedding

A BRILLIANT SCENE

Kaiser Late For First Time in His Life — Great Gathering of Royalty—Fine Weather Adds to Gaiety

(Canadian Press)

Berlin, May 22—The gathering of three emperors—those of the British dominions, of Germany, and of Russia—for the wedding on Saturday of Princess Victoria Louise and Prince Ernst of Cumberland, has made the German capital the centre of interest.

Beside the three great rulers, the only daughter of Emperor William at her marriage is to be surrounded by such a gathering of Princes and Princesses as rarely has been brought together.

Berlin has made elaborate preparations for the occasion. The city is gay with hunting, the people are in holiday humor and the streets swarm with brilliant uniforms of the soldiery.

Extensive precautions have been taken for the safety of the royal personages, the Prussian police being assisted by large bodies of British and Russian detectives, while the soldiers at the stations and lining the routes of the royal procession carry loaded rifles.

Berlin, May 22—At the arrival this morning of the venerable Duchess of Baden, for Saturday's wedding, the Emperor William, who is always a model of punctuality, was late for the first time in his life and the few spectators on the station platform were treated to the novel spectacle of His Majesty in a hasty run, endeavoring to reach the halting place of the railway car before his aunt stepped out. He lost the race.

Beside the principal guests, a swarm of minor princes and princesses arrived at the other stations in Berlin, each adding a flash of bright color to the streets, while passing toward the castle the palaces and the hotels, where they are to be lodged during the wedding festivities.

The throngs on the streets were good naturedly enthusiastic in their demonstrations, and there was an almost constant roll of cheering throughout the day.

The weather was again fine, and the effects presented a very pleasant appearance with the lines of soldiers of the guards army corps in their most brilliant uniforms which the members of budget committee of the Imperial parliament this week demanded should be abolished in favor of more practical clothing.

The police handled the crowds along the route with remarkable suavity and skill.

None of the ladies of the imperial and royal families participated in the welcome to Emperor Nicholas at the station since he was not accompanied by the Russian Empress. The scene, however, gained in magnificence owing to the presence of King George of England, with his suite, the exotic uniforms and striking white lambs wool caps of the Russian Emperor's attendants and the vari-colored robes of several Russian priests.

The great ceremonial has been completely cleared of people an hour before the arrival of the Russian Emperor's train and files of soldiers with loaded rifles were posted along the various platforms.

Emperor William, Emperor Nicholas, and King George, after the customary embraces, reviewed the Guard of Honor together.

King George and the Emperor Nicholas are so remarkably alike in appearance that it was difficult even for those familiar with both monarchs to identify them except by the difference in uniforms they wore. Both were dressed as Prussian officers of the respective regiments of which they are honorary colonels.

One of the waiting rooms at the station had been converted into a dressing room in order to facilitate the repeated changes of uniform which have to be made by Emperor William, when he meets his royal guests.

A Silver Wedding

The luncheon of the royal guests at the castle today, developed into an informal celebration of the silver wedding of Prince Henry of Prussia, the brother of the Emperor William, and the Princess Irene of Hesse, who were married on May 24, 1888, at Charlottenburg. The Prince and Princess accompanied by their two sons, received the congratulations of the assembled royalties.

King George of England displayed his interest in sport, by attending the races at the Grunewald track this afternoon. A state dinner is to be given at the castle this evening, at which all the royal and imperial guests will be present.

TWENTY-SECOND ANNIVERSARY

A large number of the friends of Mr. and Mrs. John Hughes gathered last evening at their home, 61 St. Patrick street, and tendered them a pleasant surprise in honor of their twenty-second wedding anniversary. Games, music and dancing were enjoyed and during the evening W. McGuire on behalf of those assembled presented to them a handsome sideboard as a token of esteem and in remembrance of the event. The recipients expressed their thanks and were heartily congratulated upon the occasion. Refreshments were served and the gathering dispersed in the early hours.

TWO UNWEDDED COUPLES DEAD IN BOSTON HOTELS

Murder and Suicide Under Similar Conditions in Different Places on Same Night

Boston, May 22—Two men who tired of life Monday night carried their sweethearts to death with them, each by a double shooting, and Tuesday the bodies were found at almost the same hour in different Boston hotels.

The coincidence of the double murder and suicide, the circumstances of which were so strikingly similar was considered so remarkable by the police that investigation Tuesday night was turned to discovering if possible whether there was any connection between the tragedies.

Both couples registered under fictitious names, one as "William Russell and wife" of Providence," at a North End hotel, the other as "Mr. and Mrs. Charles Young of Manchester, N. H." at a down town hotel.

It was discovered later that the first named couple were Wm. Jannino of Woburn, a street railway conductor, and Miss Margery Quinn of Roxbury. They were to have been married quietly in Woburn last Friday, but the ceremony did not take place. Friends of Jannino said Tuesday night that he had learned at the last moment that his fiance had been married previously and had a child four years old.

When the bodies were found Tuesday, a revolver with two chambers empty was lying at Jannino's right hand. Both the man and woman had been shot through the head. There were no signs of a struggle.

The second couple was identified Tuesday night as Charles Huber of Roxbury and Mrs. Benjamin Formley of the same place. They had registered Monday night in a happy mood. Tuesday the bodies were found stretched across the bed, with bullet wounds in the heads of each, and a revolver lying beside the man's right hand. It was the opinion of the officers that there had been no struggle.

IDENTIFIED BODY FOUND ON FARM

Mysterious Dead Man at Fort Fairfield Was Orin Brinnon— Worked at Mars Hill

Fort Fairfield, May 22—The mystery of the identity of the dead man, whose body was found in a secluded ravine on Emery Nightingale's farm near the boundary, on Saturday, May 10, has been solved, although the cause of his death still remains unknown to the authorities.

After an examination of the photograph and clothing of the man of mystery, Mr. and Mrs. Henry Mullen, of Mars Hill are positive that he is Orin Brinnon, whose home was in Prince Edwards Island.

Brinnon came to the Mullen farm in Mars Hill last fall and helped harvest the potatoes. He liked the work, he said, and remained there all winter. He left the Mullen farm at noon on Tuesday, May 6, for a short vacation. He had between 80 and 87 in his pocket at the time. He told the Mullens he would return in season to help them plant their crops. They have heard nothing from him since and, learning of the unidentified stranger whose body had been found near here, they applied to the authorities for information, with the result that the identity of the body has been at last established.

Speculation concerning the manner of his death continues to be rife, however. An analysis of the man's stomach showed that he had not been drinking, and there were no apparent marks of violence on his body. Mr. Mullen says Brinnon drank heavily at times. He claimed to be of Scotch descent but never mentioned having any relatives.

C. P. R. JOINS THE ATLANTIC POOL

Rate War at an End—Rival Lines Will Despatch Alternate Boats and Divide Profits

London, May 22—Referring to the Atlantic rate war, which has been in progress between the C. P. R. and companies constituting the Atlantic "Pool," The Standard announces that, as a result of Sir Thomas Shaughnessy's visit, a provisional agreement has been arrived at in regard to the emigrant business from Trieste.

"The terms of the arrangement have not yet been made public," it says, "but we believe we are correct in stating that the C. P. R. and the Austro-American line, which represents the Atlantic 'pool' will in future, despatch alternate boats from Trieste, while the profits derived from this source are to be pooled in the 'pool,' which, in its turn, will divide its surplus balances with the Canadian Pacific Railway Company."

OVER FOUR THOUSAND DELEGATES REGISTERED

Toronto, Ont., May 22—The men in charge of the reception of the delegates to the mammoth congress to be held by the Presbyterian Church of Canada, at the end of this month and the first two weeks of June, are beginning to realize the immensity of their task. Four thousand one hundred and ninety-two delegates are registered.

PRISON FARM FOR ALBERTA

Chief of Police Leads Campaign For Modern Treatment of Inebriates

Calgary, Alberta, May 22—All members of the new Alberta provincial legislature will be memorialized by the city of Calgary to take steps to establish a provincial prison farm to which all short term offenders may be sent to serve their time.

All municipalities in the province will also be communicated with by the city and requested to assist in the movement. The inception of the idea rests with Alfred Cuddy, Calgary's chief of police, who has time and again pointed out the evils of confining short term prisoners in unsanitary cells, when they might be at work assisting in providing their own keep and the care of their dependent families.

When the municipal legislative committee was considering the question of how to treat inveterate inebriates, the chairman, Ald. George Ross called on Chief Cuddy for an opinion and he quoted 66 cents a lineal foot for straight and $1.35 for circular; the other from the Granite Street Paving Construction Co. naming as their price 67 cents a lineal foot for straight and 90 cents a lineal foot for circular granite curbing. The latter tender being the lowest was accepted. It is expected that the work to be done in this connection will be the finishing in Garden street and also work in Queen street.

EQUAL RIGHTS FOR WOMEN OF CALGARY

May Sit as Members of Council— But Also Will Have Privilege of Paying Poll Tax

Calgary, Alberta, May 22—The fight for the franchise for the women of Calgary has been practically won and, unless the city council refuses to accept the recommendation of the legislative committee, which is doubtful, the fair sex of this city will soon be eligible to sit as members of the council and otherwise enjoy on an equal basis the privileges that now belong exclusively to the male population. If equal rights for women are given they will probably have to pay poll taxes, just the same as mere man, for the legislative committee in offering its opinion that not a thing that the men enjoy must be withheld from the ladies. The legislative committee which has charge of the destinies of the local suffragettes, precipitated this state of affairs when at a recent meeting it was definitely decided that whenever the word "male" appears in the city charter to the detriment of the gentler sex, the word be altered to "person." This is admitted as a great concession by the champions of women's right here, who are preparing to celebrate their "bombless" victory.

Just what proportion of the women of Calgary will take advantage of their new lease of life, if the council decides to confer the franchise upon them, is puzzling local politicians. Heads of women's clubs here predict a cleaner and more efficiently administered city government when they have been given the ballot in Calgary. The city council will meet in the near future to take up and dispose of the recommendation of the legislative committee.

Will Not Participate

Dusseldorf, Rhenish Prussia, May 22—The northwest group of the society of German Iron and Steel manufacturers last night voted emphatically to reject "participation in the San Francisco exposition."

Why He Resigned

Hon. J. J. Bernier returned.

Winnipeg, Man., May 22—Hon. Joe Joseph Bernier, provincial secretary, was returned by acclamation for the constituency of St. Boniface yesterday.

PAVEMENTS AND STREET MATTERS WERE DISCUSSED

City Will Not Exchange Properties — Contract Awarded— No Further Encroachments Allowed

Several matters of interest engaged the attention of the commissioners at the meeting of the board of public works this morning, one of the chief items being the consideration of a request from Jacob Mayer for an exchange of a portion of his property in Adelaide street for part of the roadway. The matter was discussed at some length but the commissioners decided that the best interests of the city would not be served in exchanging, and it was not granted. It was also thought that the city had no authority to deed a portion of a public street except by legislation from the provincial government.

Two tenders were received for circular and straight granite curbing, one from the firm of B. Mooney & Sons quoting 66 cents a lineal foot for straight and $1.35 for circular; the other from the Granite Street Paving Construction Co. naming as their price 67 cents a lineal foot for straight and 90 cents a lineal foot for circular granite curbing. The latter tender being the lowest was accepted. It is expected that the work to be done in this connection will be the finishing in Garden street and also work in Queen street.

Figures were presented estimating the cost of paving North and South streets but this matter was left with the commissioner of public safety to deal with as the estimates were considered beyond what had been expected.

A request from the St. John Street Railway Co. to install a pole in Wentworth street was left with the commissioner of public works. It is probable that a steel pole will be placed in position.

A letter was received from the Grissom Russell Co., in reference to the matter of an incinerator but no further action was taken. This request from the Eastern Steamship Co. that the city paint their warehouse was refused.

The matter of encroachments on street lines, grades, etc., is occupying the attention of the public works department and the order-in-council passed some time ago in respect to the North End survey was further altered today so that street grades and lines will be more firmly established. In future there will be no encroachments allowed as the road engineer will have to be consulted as to lines, etc., before any building takes place.

MADAM MAHER DEAD

Member of Order of Sacred Heart, Native of St. John, Passed Away in Montreal

Many friends in this city and in other centres where she was stationed will learn with regret of the death of Madam Maher of the order of the Sacred Heart, who passed away yesterday at the Sault au Recollet convent in Montreal, after an illness lasting about a year. Before taking the vows of sisterhood admitting her to membership in the order she was Miss March, daughter of the late Joseph and Mary F. Maher of this city, and she is very well known here, where her memory will be revered by her friends. She resided at home here for several years and then entered the order of the Sacred Heart in Montreal, being a member of that community for about twenty years, during which period she has been stationed at different centres where the sisters had established convents, among these Kenwood, N. Y., Halifax, N. S., London, Ont., and at the city house in Alexandra street, Montreal.

She was an active and zealous worker in behalf of the order, devoted to its interests, and was respected and esteemed by her associates within the pale of the convents where she resided, as well as by those with whom she came in contact for whose world in the pursuit of her labors. About a year ago her health gave out, and she has been failing since that time. Dr. J. D. Maher, of this city, is a brother, and the only surviving member of the family.

NEW OIL PROCESS

The new oil process now being used on some of the streets is being found to work very satisfactorily, and is expected to prove of value, in cases where there is a substantial McAdamized surface to work on the substance. The oil is now being placed in Dorchester street, but other streets will be given a coating of it in the near future under direction of Engineer Hatfield, Waterloo, Victoria, and many other streets being in line for the covering in question. It is said to be very durable and serviceable, and as used in other cities both in the states and upper Canada is found to be valuable both as a dust preventive and a road preserver. The oil, on being distribute, sinks well into the roadbed and makes a firm seal somewhat in the nature of a cement, thus making a splendid repairing process for roadways where the McAdam process had been used.

DECIDED IMPROVEMENT

London, May 22—Hugh Kinnaird announced at a meeting at the Zenana Bible and Medical Mission yesterday that he had received a message from the Duchess of Connaught, thanking the mission for its expressions of sympathy and stating that there was now "a decided improvement" in her condition.

TELLS GRAPHIC STORY OF SOUTH-POLE EXPEDITION

CONSECRATION AT BATHURST

Dr. O'Leary Becomes Bishop of P. E. I.

NOTABLE GATHERING

Many Prominent Church Dignitaries Assist — Career of The Youngest Bishop

(Special To Times)

Bathurst, N. B., May 22—In the presence of a congregation which filled the sacred building to overflowing with the edifice beautifully decorated with flowers, candles and the papal colors, and with the usual impressive ritual and pomp of such a ceremonial, Rev. Dr. O'Leary, of Chatham, was elevated to the bishopric in the Catholic church in this morning. From all sections of the maritime provinces visitors came to witness the ceremony, the consecration of the youngest bishop in all Canada. The gathering included his friends amongst the clergy and the laity, attracted by the importance of the event in the history of the Catholic church in the eastern jurisdiction.

The papal delegate, His Eminence Mgr Stagni presided at the consecration, being assisted by others of the hierarchy in Canada, among them Archbishop Bruchesi, of Montreal; Archbishop Pratt of Kingston; Bishop Barry, of Chatham; Rev. Canon Lepailleur, of Montreal; Bishop LeBlanc, of St. John, and others. The ceremony was beautiful and impressive and was followed with rapt attention by the largest congregation ever present in the church. The consecration was held here instead of in Charlottetown because of the burning of the Cathedral there a few months ago. His Lordship Bishop O'Leary will now have charge of the Charlottetown diocese, a very important and responsible jurisdiction for even a much older cleric than the newly consecrated prelate.

The Rev. Dr. O'Leary is only thirty-three years of age and will be one of the youngest Bishops in the Church. He is a son of the late Henry O'Leary, of Richibucto, and of Mary O'Leary of this city. His near relatives are the Rev. Louis O'Leary, D. D., secretary to Bishop Barry, of Chatham; Mr. Wm. O'Leary of Montreal, and Messrs. R. O'Leary and A. O'Leary of Richibucto, half-brothers, and Mrs. George V. McInerney, of this city, half-sister. The late Father Wm. O'Leary, of this diocese, was an uncle of the new Bishop.

Bishop O'Leary took the degree of B. A. from St. Joseph's College, Memramcook, in 1897 and then took the four years' theological course at the Grand Seminary, Montreal. Following this in 1901 he was ordained in Richibucto and then spent four years studying in Rome, where he received his degree of D. D. On his return to Canada he was located in Chatham and other parishes on the North Shore for some years. Before appearing his priestly studies. After spending more than a year in Rome in that capacity he again returned to New Brunswick and was given his present charge in Bathurst where he has been for more than three years. During this period he has been very active in building up the parish and has undertaken the construction of several church buildings.

Rev. Dr. O'Leary's natural talents, his years of preparation for his work, his energy and his devotion to the church have marked him as a man whose career we are bound to be an interesting one.

MacKenzie and Mann in Case.

Toronto, May 22—Sir Donald Mann, was a witness today in the action of M. J. Steward against R. I. Henderson, for commission in the sale of secret alien process for $800,000 to Sir William MacKenzie.

Commander Evans Before Distinguished Audience

SCOTT'S WIDOW THERE

Fresh Light on Suffering And Death of Ill-fated Heroes— Pictures Shown — Tribute to Companions

(Canadian Press)

London, May 22—Before an immense and distinguished audience in the Royal Albert Hall last night, Commander Evans delivered his eagerly-awaited lecture on the British South Polar expedition, which cost the lives of Captain Scott and his companions. Commander Evans was second in command of the expedition.

Lady Scott and the widows of other explorers who perished were present. Commander Evans' story was told with remarkable modesty and contempt for dramatic effect. The speaker was content for the most part to describe the splendid photographs of the expedition and were thrown on a huge screen. Lord Curzon of Kedleston, president, The audience was enthusiastic, and when a picture of Captain Scott and his party at the pole was displayed, there was tremendous applause.

The story of Commander Evans northward march has already been told and re-told, but it was with a fresh thrill that the audience listened to his own story of the heroism of his companions, Crean and Lashley, who, when he was overtaken by scurvy, stood by him and dragged him on the sledge 75 miles to Hut Point. The fact that they were a man short handicapped them from the start.

The lecturer said:

"I did not wish to alarm my seamen companions by telling them at this early stage that we must march longer hours to get home and to put on the hand of my watch one hour. Therefore they turned out an hour earlier each day. For instance, Crean, whose feet and hands were badly frost-bitten, constantly appealed to Wilson for advice. What should he do; what could he do?

"Poor gallant soldier, we thought such worlds of him," said the Commander. "Wilson could only answer, 'slog—just slog on.'"

Commander Evans, for reasons which everybody present could appreciate, touched but lightly on the final tragedy, breaking off with a suddenness that was itself eloquent, with an expression of the hope for Scott's sake and Wilson's, justice would be done to the scientific records of the heroic party.

The commander also praised the work done by the "Terra Nova," whose staff, he said, had been ably assisted by the seamen and stokers, worthy fellows, whose boy-word had been:

"Play the game."

STOVALL REINSTATED

St. Louis, May 22—Geo. Stovall, suspended manager of the St. Louis Americans, was reinstated by President Johnson of the American league today on condition that he write a letter of apology to Umpire Charles Ferguson, on whom he spat while playing in a game May 6.
