

## MAINE BAPTISTS IN CONVENTION IN AMHERST

Reports Are Encouraging—Numbers of Churches and Members Increased—Meet in Fredericton Next Year

Amherst, N. S., Oct. 20.—This is home mission day at the Baptist convention. The report was presented by Rev. J. W. Porter, superintendent. The board is now located in Halifax. Seventy-three churches have been assisted and one has reached the self-supporting stage. Two churches have secured parsonages, four churches have new houses of worship, salaries have been increased and \$18 have been added to home mission churches.

Captain I. Hartell acted as immigration chaplain at Halifax, the incoming Baptists being 670. Rev. S. B. Kempton, D. D., has been chaplain at the Victoria General Hospital. Rev. A. J. McLeod has been general missionary.

Home missionary pastors receive an average salary of \$750. The income of the board is \$11,400. The annual debt is \$4,821. A special feature of the home mission work is the work among the African people, residents in Nova Scotia, eleven missionaries boarding among them, costing the board \$1,964.

Rev. Mr. Richardson reported for the board of western mission. This report indicated a great year's work in the west and predicted great opportunities for work among the foreign-speaking people in Canada.

Three Baptist colleges are at work in the west. Rev. H. P. Whidden, D. D., LL. D., is the efficient president at Brandon, while Dr. Sawyer is president at Okanagan. Each of these four western provinces have a convention.

**Meet in Fredericton Next.**

The convention accepted the invitation of the United Baptist churches at Fredericton to meet with them in 1916. Rev. Moses Puryear stated the position of the Cornwallis street church, Halifax. He asked for \$1,000 from the convention toward their proposed new church.

The report on home missions in New Brunswick shows thirty-five parsonages added. There have been 101 additions by baptism. The income of the board, \$6,727. Rev. C. W. Wilson is home mission superintendent in New Brunswick. He has been doing well to accept the appointment.

The committee recommended the merging of the work of the financial agent with the work of the foreign mission secretary in New Brunswick, and with that of the home mission secretary of Nova Scotia and Prince Edward Island.

This proposition was vigorously opposed by Rev. Dr. Cousins, T. D. Bell, C. E. Stafford and J. H. Jenner, who urged making the pastors more fully responsible for the finances or denominational work. Nelson S. Smith urged the recommendation of the committee. Rev. I. Colpitts supported the recommendation of the committee.

This debate was a good illustration of the well known democracy of this Baptist body where every man has as good a right to his say as any other has. At such times the members of the convention are as ready to talk as are the members of the house of commons when in session.

Rev. J. W. Manning was recommended as treasurer of denominational funds for the entire convention.

Dr. H. F. Cousins read a very touching letter from Rev. J. E. Davis, formerly a missionary to the Tule, now dying of leprosy at the leprosy at Tracadie, N. B.

**Committees Appointed.**

W. L. Archibald, A. J. Archibald are home mission superintendents.

Committee on home education standards for ordination—Revs. S. S. Spidle, A. C. C. Hutt, E. C. P. Newcomb, N. A. McNeil, H. H. Saunders.

Committee on cost of denominations—Revs. R. J. Colpitts, C. R. Freeman, W. C. Goucher.

Board of governors of Acadia University, retiring 1918—R. G. Haley, C. R. H. Starr, W. W. Clarke, D. C. Clark, I. Boskes, Hon. H. R. Emmerson, John Smallman, W. C. Goucher, D. D. Retiring 1919, J. L. Peck.

Home mission board, retiring 1918—Revs. A. B. Cohoe, I. W. Porter, S. S. Spidle, P. J. Stackhouse, E. E. Daley; retiring 1919, Rev. J. B. Gannon; retiring 1920, Rev. E. S. Mason, W. W. Smallman.

The speakers at the evening session of the convention were Rev. I. W. Porter, superintendent of some missions for Nova Scotia and Prince Edward Island, who discussed in a statesmanlike manner the home mission problem of eastern Canada. He said that home missionaries needed courage, patience and the grace of God's faith. The home mission problem is the problem of good citizenship.

Dr. Shaller Matthews spoke on the social gospel.

Rev. H. G. Mellic spoke on the opportunities and responsibilities for work in western Canada.

On Saturday Rev. E. E. Daley, of Halifax was appointed chairman of the nominating committee. Rev. E. Bosworth and Rev. Dr. Mass, of Grand Ligne Mission, were invited to seats. Rev. Dr. D. A. Steele tendered an address of welcome, as did Mayor J. N. Pagels. Resolutions were passed in respect of Dr. Steele's services in connection with his pastorate of the Baptist church in Amherst and other churches. Vice-President Smith was elected president of the convention.

Rev. Osgood Morse presented the report of the committee on obituaries. The preacher of the convention sermon on Sunday was Rev. G. A. Lawson, of Moncton. In the afternoon a meeting in the interest of the Sunday schools and young people's work was held. Rev. H. T. DeWolfe reported for the Sunday schools. Rev. Ivan Nowlan was appointed instructor in Sunday school methods at Acadia, and secretary for Sunday schools. He will begin his duties on Jan. 1, 1914. There were reported 42,187 in Baptist Sunday schools, and 878 schools.

Rev. J. W. Brown spoke on the Zurich convention, and Rev. F. S. Porter reported on young people's work.

Dr. Shaller Matthews, dean of divinity school of Chicago University, spoke in the evening.

## HERE! MEN OF MODERATE HAIR

**Read This HERPICLEDE**

You will often see a man who fills your ideal of a man in almost every particular. He may have a good head, fine physique, perfect manners, an interesting personality and bear himself with the distinguished air of a gentleman. His linen is immaculate and his clothes faultless as to cut and material. But all the pleasure first impressions are ruined when you discover the collar and shoulders of his coat covered with loose hair and flakes of dandruff.

This is an indication of personal carelessness, not to say uncleanness. You feel like telling him to get a bottle of Newbro's Herpicled. And if you are a real friend to him you will tell him. This remarkable remedy would in a short time remove every trace of dandruff from his head, stop his hair from falling and prevent him from becoming bald. Bald-headed men always look old, whether they are or not.

Dandruff is due to a germ which causes the scale-like accumulation. Newbro's Herpicled, used intelligently, checks this accumulation, prevents the hair from falling out and stops the frightful itching of the scalp almost instantly. It has a most delightful odor.

Herpicled is the Original Remedy that destroys dandruff. There is nothing in the world just like it, nothing that is "just as good."

Newbro's Herpicled in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications obtained at the good barber shops.

Send 10c. in postage for a sample bottle and booklet to The Herpicled Co., Dept. D, Detroit, Mich.

E. Clinton Brown, special agent.

## LOOKING TO ARGENTINA

(Bangor Commercial)

The American public has been promised relief from the beef barons in the importation of Argentine beef. It has been said that this is not as well intended, but the secretary of agriculture has more preparations to meet that difficulty and prevent the distribution of Argentine beef to the United States.

This difficulty obliterated, another immediately arises as the announcement is made that three great American beef concerns have engaged all the refrigerating space on the available ships from Argentina for the remainder of this year and perhaps longer, and, of course, the inference to be drawn from this is that the beef packers propose to handle the Argentine beef output but the United States dictatorially as they have long handled the product within the United States. They are already gentlemen, these beef barons, and evidently do not intend that a surplus of beef shall lower the price. They doubtless intend to look after the surplus and keep the price at or around the present figures. The importation of beef may help some, but the action that will really bring down the price of beef to that of lighting illuminating will probably not come until the farmers again actually interest themselves in cattle production, action that has been effectively discouraged in recent years by the great beef wholesaling houses, whose gradual cornering of the market finally resulted in the practical elimination of the individual country producers.

## RAILWAY EMPLOYEES DISSATISFIED WITH MINISTER OF LABOR

The Canadian Brotherhood of Railway Employees, in convention in Halifax, Saturday re-elected A. R. Mosher of Halifax, grand president; Murdoch McLeod, of P. E. Island, grand secretary and W. H. McLean of Halifax, grand treasurer. The next meeting will be in Montreal in October, 1914. The convention felt that the Brotherhood has not fair play from Hon. Mr. Crothers, minister of labor and a resolution setting out conditions was passed.

Do not suffer from Piles. Dr. Chase's Ointment will cure you. 10c. a box, all dealers. Write for free trial. Sample box free if you mention this paper and enclose 1c. stamp to pay postage.

## UNKNOWN AFRICA

Two New Volumes By Duke of Mecklenburg

## WONDERS OF LAKE TCHAD

Through a Tornado in The Niger District—A Visit to The Pigmies, The Wildest Folks of The Equatorial Jungles

(London Daily Telegraph.)

Two sumptuous volumes are added today to African literature by the Duke of Mecklenburg. The writer, who claims in his preface the reasons which prompted the dispatch of the German Central Africa expedition of 1910-1911, of which this book contains the records. A previous expedition three years earlier to Lake Victoria and Lake Kioga produced many valuable scientific results, but the experiences then collected in the tropical forests of the Aruwimi and Congo rivers convinced the duke and his companions that a lamentable deficiency of botanical and zoological information concerning the interior of Africa still existed. In order to add to our knowledge in these directions, it was obvious that further exploration was desirable, and the German Emperor having offered financial aid, and German scientific institutions entering enthusiastically into the project, a second expedition was planned and carried out by the distinguished author and a picked band of companions.

**Porters Killed and Eaten**

The account of the different expeditions are written by the respective leaders of the caravans. Thus in the first volume Captain von Wissmann and Kaiserswalden tell of the march from the Congo to the Shari. It was a difficult undertaking, and much trouble was experienced in obtaining carriers at the outset, the soldiers sent by the Belgian Congo authorities to capture the ill-important porters being killed and eaten by hostile natives. Much of the marching was very monotonous, through plains of grass thirteen feet high, and over rivers made swampy by tropical rains. Some strange tribesmen were visited, and valuable information collected, but political considerations limited the usefulness of the section. This party nearly ended its labors by being poisoned. The native cook, running out of food, used as a substitute something he found amongst the photographic chemicals, and the explorers were all taken seriously ill in all the pleasant first impressions.

Burg contributes the next three chapters describing the wonders of the Lake Tchad district.

A free trial packet of Peps will be mailed you by return. If you have a friend suffering from a cough, cold, or any throat or lung trouble, hand this to him.

**PEPS**

## Wonders of Lake Tchad

The great lake turned out to be a vast expanse of blue water dotted with numerous small islands, inhabited by friendly and most interesting native peoples. The Duke says: "The small islands were very pleasant memories of our visit, which we thoroughly enjoyed, and which far surpassed our expectations. The islands have been written about in various books, but no attempt being made in varied past ages, but this was by no means our experience. All the accounts we had received proved most unreliable, and the lake was an object of universal dread. 'The natives were very shy about being photographed. All the inhabitants of about table land, used as a refuge and even the children ran away in panic. A few came and we called them, but most took to their heels as if the lake was a monster with a hundred heads. The Duke's account of the Lake Tchad district is charming and picturesque, and probably the best that has ever been written about the lake. It is a district. Sport, photography, geography, and politics succeed each other rapidly through the all too scanty number of pages which he has reserved for his account of his own share of a remarkable enterprise.

**A Tornado Burst**

Herr Ernst Heins narrates the Journey to the Niger. The expedition passed through a country which was almost unknown to civilization. This writer has a great regard for natural scenery and writes of the beauty of the landscape, of the forests, well-kept villages, and "thousands of pink pelicans winging their way homeward at sunset across the deep blue sky." The expedition was through the heart of German Bornu, and met with many incidents on the way. Near Dikwa, the evening the wet season burst upon the travelers. It rained, and total darkness reigned when we overtook the caravan. Drops of rain came down on our heads, and the howling wind and splashing rain rendered conversation impossible. We were disoriented, and stumbled along, soaked to the skin, ignorant of our whereabouts, but hoping to come upon some village where we could find shelter for the night. The ground was uneven and full of holes, into one of which we fell. Suddenly we were relieved to hear dogs barking in the distance. The rain still poured down in sheets, and all at once we could distinguish the dark outlines of huts and walls; but, alas! the village was deserted. We dragged on to a little further, and found another village, but it was empty like the first. The inhabitants having fled to the bush. However, we pitched our camp here, and were soon drying our soaking clothes before a blazing fire.

Everybody uses "Weyth's" Sage and Sulphur because it deters so naturally and even though nobody can tell it has been in the market for many years, it is a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. Agent—Wasson's 5 stores.

## Preps What are they?

Peps is the name bestowed upon a new scientific preparation put up into tablet or pastille form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles.

Did it never occur to you as possible that when you have a cough or a cold, or any chest trouble, you should apply medicine—not to your lungs, but to your stomach?

Look at it the other way round. Suppose you suffered from some stomach complaint—indigestion or ulceration. How strange you would think it if you were asked to take a medicine which had to be breathed in, and which went—not to your stomach, but to your lungs and breathing passages?

Peps—this newest remedy for coughs, colds, and lung troubles—treats the lungs and breathing tubes, directly. Peps are really fine fumes, and certain highly beneficial medicinal extracts specially prepared for scientific use, and then condensed into tablet form. It is like making a breathable gas solid!

Just as "Pep" on your tongue and let it dissolve. As it does so, the healing essence it contains turns into vapor, and you breathe it right through your lungs and air passages!

Just as the out-door treatment for consumption—the "breathing" treatment—is now and breathing tubes, directly. Peps are really fine fumes, and certain highly beneficial medicinal extracts specially prepared for scientific use, and then condensed into tablet form. It is like making a breathable gas solid!

Just as "Pep" on your tongue and let it dissolve. As it does so, the healing essence it contains turns into vapor, and you breathe it right through your lungs and air passages!

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe To Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scruffy, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy," ready to use. This can be used to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and prevent falling hair.

## HELPLESS CRIPPLE FROM RHEUMATISM

Toronto Lady Took "Fruit-a-lives" and Cured Herself

4 Home Place, Toronto, Dec. 18th, 1909.

"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without benefit. I saw 'Fruit-a-lives' advertised and decided to try them. After taking one box, I was much better.

When I had taken three boxes, I could use my arm and the pain was almost gone.

After taking five boxes, I was entirely well again. The cure of my case by 'Fruit-a-lives' was indeed splendid because all the doctors failed to even relieve me. 'Fruit-a-lives' cured me.

MRS. LIZZIE BAXTER.

50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-lives Limited, Ottawa.

## SUMMER MONTH YIELDS

(Department Bulletin)

The average yield of 9348 cows tested in dairy records maintained by the dairy division, Ottawa, in Ontario, Quebec and the maritime provinces in August, was 622 pounds of milk, 8.6 test, 22.6 pounds of fat, almost identical with the average yields in August of 1912 and 1911.

Concealed beneath the comforting blanket of such a general average are widely different yields in various provinces, counties and herds. For instance, at St. Joseph, N. B., the average yield was 498 pounds of milk, at St. Prosper, Que., 611 pounds; at Woodstock, Ont., 809 pounds. Similarly the yield of fat varied from seventeen to twenty-seven pounds per cow.

But comparing districts not so widely apart; the total yield of 446 cows in Farmers Union, Ont., was 10,472 pounds of fat, but with nineteen fewer cows at Frankford, Ont., the yield of fat was 889 pounds more. In the St. Hyacinthe, Que., district, the startling comparison shows that in the fact that one herd of fourteen cows produced actually 940 pounds of milk more than another herd of fourteen.

Similar comparisons might be made for herds at the several centres; but what is of infinitely more concern to the average patron is the comparative yield of each individual cow composing his herd. The wise, far-seeing dairyman knows from his records, so easily kept, just what each cow gives, not only for an odd month, but for the whole year. Then he strides towards intelligent improvement, striving to bring the 488 pounds-per-month kind, but the type that yields six or seven or more thousand pounds a year.

## Thanksgiving Supper.

There was a large crowd at the Thanksgiving supper which was held last night under the auspices of the Alexandra Temple of Honor in their hall in Main street. The Temple of Honor Band was present and rendered several pleasing selections during the evening. The following programme was carried out: Selection by the band; piano solo, R. O. Bond; reading, Miss Spence; instrumental music, the Alexandra Temple of Honor; vocal solo, Miss Turner; vocal solo, Mr. Stout; selection by the band; vocal duet, Messrs. Stout; God Save the King.

## IF CONSTIPATED OR BILIOUS "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, indigestible food, and in ordinary cases, take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means a striking testimony to a clear head and cheerfulness for months. Don't forget the children.

## Save Time!

Time lost because of headaches, lassitude and depressions of biliousness, is worse than wasted. Biliousness yields quickly to the safe, certain home remedy—

## BEECHAM'S PILLS

Sold everywhere. In boxes, 25 cents.

## Make the Liver Do its Duty

Nine times in ten when the liver is right the stomach and bowels are right.

BECHAM'S LITTLE LIVER PILLS

gently but firmly compel a lazy liver to do its duty.

Constipation, indigestion, Sick Headache, and Distress after Eating.

Small Pill, Small Dose, Small Price. Genuine must bear Signature.

USE THE WANT AD. WAY

## LABOR MATTERS

Project For Great Union of Unions in England

London, Oct. 21.—It is reported that the Miners' Federation will soon issue invitations to the Transport Workers' and Railwaymen's Unions, asking them to confer with miners' representatives, with the object of inaugurating the world's greatest combination of labor organizations. All the unions are said to be in agreement with the principle of the proposal, and only the details remain to be worked out.

It is well known that the colliery owners and miners are preparing for a big fight that seems bound to come—probably in 1916, when the present arrangement existing between them is timed to come to an end.

The railwaymen are about to give the required year's notice to terminate the constitution of the conciliation board which was established under the settlement of 1911.

The transport unions are ready to strike whenever the time is considered most favorable for success.

The proposed combination of workers' unions would comprise in this way 1,600,000 men and control 22,500,000 in funds.

## EPISCOPAL CHURCH PLANS

House of Deputies Adopts Report On Duty to Foreign Born in States

New York, Oct. 21.—The House of Deputies of the general convention of the Protestant Episcopal church adopted a report on the duty of the church to foreign-born people in the United States.

The report, which was adopted by a vote of 100 to 10, contains recommendations of an apostolic church shall be encouraged, when lacking facilities to worship according to their own rites, to make use of Protestant Episcopal churches under the guidance of priests of their own sect.

The missionary board of the church was empowered to bring to this country Syrian, Greek and Russian priests to minister to congregations in need of the church in American churches.

It was emphasized that no effort should be made to proselytize a such congregations. Communicants of the Catholic faith, lacking a church to be asked to take part in this activity. In case a priest of the church is not available, priests of Protestant Episcopal church are asked to hold services as nearly as possible to the foreign rite.

St. Louis was selected by the House of Deputies as the meeting place for the convention in 1918. The convention will be held in Christ Church Cathedral and will be combined with a 30-day celebration of Bishop Tuttle's service.

## The Little Mascot.

St. Rose's Dramatic Club scored a great success last evening in the presentation of the Little Mascot, a drama, The Little Mascot. Upwards of 500 people attended the performance. The play was a success in every way. The Little Mascot, a drama, The Little Mascot. Upwards of 500 people attended the performance. The play was a success in every way.

## Cured Eczema Like Mag

Suffered for Years—Tried All Kinds of Treatment—Surprised At Result From Dr. Chase's Ointment

You can soon tell when people are suffering from eczema, by the language they use. After exclaiming with all sorts of outcries a vain effort to obtain relief and the failure of this effort, they ask at the quick and satisfactory result, attained by the use of Dr. Chase's Ointment.

"It worked like magic," she exclaimed, "it is surprising the healing is often effected in a single night. This great ointment, which works like a charm, is a God-send to me. I advise anyone suffering from eczema to try one box and be convinced."

Send a box, all dealers, or Edna Bates & Co., Limited, Toronto.

## BACKACHE A WARNING YOU SHOULD HEED

It is One of Nature's First Signs of Kidney Trouble, if Neglected, Serious Disease May Follow

When the kidneys are clogged inactive, nature has a way of showing it.

Backache is one of the first signs you may also be troubled with. Greasy, annoying bladder discharges, aching limbs, or rheumatism, become nervous, tired and feel all out; puffiness swelling round the eyes, and a general feeling of languor, other symptoms are noticed. Bright's Disease, which so often fatal, may result.

It is not only dangerous, but for you to suffer and endure the tortures of these troubles, which are now will quickly and surely end all misery.

There is no more effective remedy known for all such troubles than one, because it reaches the cause, soaks right into the kidneys, the walls and linings; cleans out the clogged up pores; neutralizes and solves the poisonous uric acids and matter that lodge in the joints and cause these terrible rheumatic pains, and makes the kidneys filter the poison out of the blood drive it from the system.

You will find Casone different from all other remedies. It is practically possible to take it without rest. An original package costs but a t. and all druggists are authorized to turn the purchase price if three should fail in a single case. Three a day for a few days is often all that is ever needed to end the worst backache, rheumatic pains, or over urinary disorders.

TENDERS FOR STOCK

Tenders will be received at the office of MacRae, Sinclair and MacRae, day-building, Princess street, up to 10 o'clock on Friday, the twenty-fourth of October, for the stock-in of the estate of Elizabeth J. Carpe consisting of groceries, meats, produce, scales, cash register and sundries, stored in the stores now occupied by Carpenter and Co. on Main street. Tenders will be received for each separately, or together.

Stock can be inspected at the office of MacRae, Sinclair and MacRae. The highest or any tender not a surety accepted.

Dated this 18th day of October, 1913.

JOHN A. SINCLAIR, Assignee. 2912-10.

## Free From Bearing Down Pains, Backache and Pain in Side by Lydia E. Pinkham's Compound.

Toronto, Ont.—"Last October, I wrote to you for advice as I was completely run down, had bearing down pains, backache and pain in the side. I also suffered terribly from gas. I took Lydia E. Pinkham's Compound and am now entirely free from pain in back and bowels and am stronger in every way. I recommend Lydia E. Pinkham's Compound highly to all expectant mothers."

—Mrs. E. WANDY, 92 Logan Avenue, Toronto, Ontario.

## Consider Well This Advice

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear the willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## Wealthy Men Have Large Savings Accounts

The wise man does not tie up all his money, but keeps a Cash Reserve ready available in some strong bank. Many wealthy men have large Savings Accounts with us. They believe in having a good round sum always ready for the hour of need or opportunity. There is a good example to follow.

Capital and Surplus \$17,000,000. Total resources over \$78,000,000. Annual statements submitted to outside audit since 1908.
