TROUBLE AGAIN IN FLEMMING RANKS

Fredericton, N. B., May 2.—(Special)—Members of the government and some supporters held a caucus in the Barker House last evening. It is said to have been even more turbulent than the family gathering held on the day the house was burned. The Valley Railway was the bone of contention between rival factions. If all reports are to be believed, the Flemming government is anything but a happy family.

BRITISH BATTLESHIP IN COLLISION WITH A GERMAN VESSEL

London, May 2.—The British battleship Empress of India was in collision with a German sailing vessel early today at Spithead. The battleship receiving a gaping hole in her side, the main deck, while the merchantman lost headgear and fore-topmast.

The Empress of India was in mid-channel in tow of the cruiser Warrior at the time of the crash.

The Empress was launched in 1891, and is now classed as obsolete. It is kept in the special reserve for emergencies. It has a displacement of about 14,000 tons and carries a formidable battery.

MORE DRY DOCKS NEEDED IN CANADA

Ottawa, May 2.—By instructions of the minister of public works, Arthur St. Laurent, assistant deputy minister, prepared a report on dry docks in Canada as compared with other countries. The general effect of the report is that the number and capacity of docks, Canada is not abreast of the times or up to the requirements of its expanding navigation interests.

The new subsidy act, however, has begun to operate as a decided stimulus to such undertakings, and there are no fewer than fifteen applications for subsidies now before the government.

The docks now existing are at Halifax, Quebec, Kingston, Collingwood and Port Arthur. Of the fifteen newly projected, the principal will be at St. John, Quebec, Montreal, Toronto, Sydney, Sault Ste Marie and Prince Rupert.

The two docks at Collingwood and that at Halifax are to be extended. If the proposals before the government are entertained there will be adequate facilities for shipbuilding and repair on both seaboard and on the lakes.

The latest application is for a subsidy for a dock at Port Dalhousie, Ontario, but it is not likely to be entertained on account of the situation being so near to Toronto where a dry dock is now being built.

Opinions of London Papers on the Taft-Roosevelt Nomination Battle

London, May 1.—The English press is keenly interested in the battle between President Taft and Theodore Roosevelt for the Republican presidential nomination. Discussing the attacks of President Taft on Mr. Roosevelt, the London newspapers are of the opinion that the president has made a strong case against his predecessor.

The Daily News says: "Some of President Taft's charges—with regard to reciprocity, for instance—are not and cannot be refuted by Mr. Roosevelt, and when Mr. Roosevelt protests that it is an absurd untruth to say that he used his influence with federal officeholders in his election campaign he is denying something which everybody in the United States believes."

The Morning Post says: "If President Taft wins, the Republicans will continue to represent the Conservative influence of the country. If Mr. Roosevelt secures the nomination he will put forward an advanced programme, and those who oppose his policy will be driven out of the Republican ranks."

The Daily Mail says:—"Mr. Roosevelt has thrown himself into the struggle and with characteristic fury accuses his former friend politically of being an oligarch and a friend of reaction." President Taft charges Mr. Roosevelt with trying to stir up class prejudice with the ambition to make himself perpetual president."

WILL LIVE HERE

On Saturday afternoon, Miss Elizabeth Helen Hatten, of Manchester, Eng., was united in marriage with James V. McGee, of Back Bay, by Rev. Mr. Spencer, vicar of St. Mark's church, St. George. Varieties of Farm Crops Compared

According to tests of many of the best varieties of farm crops, carried on at the central and branch farms of the Dominion Experimental Farms system, some sorts of each class are much superior to others that by some are considered good. As a guide to the crop growers of Canada as to which varieties are most valuable, Bulletin No 71 of the Central Experimental Farm has been prepared for distribution. This bulletin gives selected lists of the best varieties for each province or district, the lists being based on the accumulated experience of past years. Among the newer varieties of merit, Marquis wheat, Manchurian barley and Arthur peas are especially mentioned. This bulletin of seventy-four pages deals not only with varieties of grain crops, but with those of fodder crops and potatoes as well. Copies may be procured by applying to the Publications Branch, Department of Agriculture, Ottawa.

A BASEBALL SQUABBLE

The St. Croix Courier publishes a long article on the N. B. and Maine Baseball League matter, and gives its reasons for St. Stephen not entering the league. It says the season last year ended with several games due to St. Stephen on the home grounds, which should have netted them well if the other teams "played fair," but that the other teams disbanded.

The paper says that the St. John Marquis team did not live up to it, and that under a new arrangement, but that the St. John team did not live up to it, and that before a third game the St. Stephen men telephoned here that they must have a guarantee of \$150 for two games. The paper says this was accepted, but that after the games only actual expenses money was offered, and was refused. Mr. Page, the paper says, denied being the one who made the arrangement by telephone.

The Courier says that a draft was made on D. B. Donald for \$89 for the actual expenses and was accepted, but not paid, and is still held by the St. Stephen management. The paper then goes into an account of Mr. Page's recent visit to St. Stephen in organizing this year's league, and says Calais and St. Stephen both turned down his propositions. It says he proposed to the St. Stephen men a check signed by Mr. Donald for \$89.30 in payment of last year's obligation, but that the check came back from St. John marked "insufficient funds."

Mr. Page and Mr. Donald both deny the truth of the story printed in the Courier, and Mr. Donald says that the check last referred to with draft attached, has not been presented.

WENT AWAY WITH CHILD

Kingston, Ont., May 2.—Twelve year old Mabel Keeler has disappeared, and there is excitement in the village of Odessa. When she was two years old her mother handed her to her sister, Mrs. R. H. Wright, of Odessa. Yesterday a strange man and woman drove up to the village school and Mabel was called out, and told that her mother wanted to see her. She got into the carriage, but instead of driving the little girl home, they drove Kingston at full speed.
