

NEWFOUNDLAND MINISTER IN ST. JOHN TODAY

Hon. M. S. Sullivan Was in England Getting Ship Built.

MONTCLARE IS IN FROM LIVERPOOL

Other Prominent Passengers Aboard—Fancy Dress Ball is Held.

Among the passengers who arrived here today on the Canadian Pacific steamship Montclare from Liverpool, was Colonel the Hon. M. S. Sullivan, Minister of the Interior. He had been to England for three months making arrangements for the construction of a large passenger steamer for the Newfoundland government. The steamer is to be able to make 15 knots an hour and to accommodate 120 cabin and 150 third class passengers and will ply between Port a Basque and North Sydney. It is to be an ice breaker.

Hon. Mr. Sullivan said that the Furness Withy Company, Ltd., recently launched a large new liner named "Newfoundland," which is to be placed on the Liverpool-St. John-Halifax and Boston routes. In addition the W. G. Armstrong-Whitworth Company are building two 6,000 ton liners. They are to be cargo carriers and to be equipped with ice-breaking bows.

Both are for the Newfoundland Power & Paper Company.

Says Credit Good.

Hon. Mr. Sullivan said that since the Munro government took over the reins in Newfoundland, the expenditures have been cut down and the revenue increased, and the credit of the province is good.

the Ancient Colony was exceptionally high in the Old Country.

Arrived This Morning.

The Montclare reached port this morning from Liverpool with 118 cabin and 183 third class passengers, freight and mail.

Last night the passengers enjoyed a fancy dress ball.

Among the prominent passengers was Frederick Hussey-Freke, who is returning to China after a visit to England. He is secretary of the International Commission for the improvement of rivers in northern China.

Another interesting passenger was Dr. F. Glennie who is going to Toronto to visit his mother, whom he has not seen in 20 years. He has been in Singapore for 25 years and is chief health officer there.

Another passenger was J. A. Mann, K. C., of Montreal, who had been to England presenting an insurance case before the Privy Council.

HEAR STORIES TOLD

Children of City Are Entertained In St. John Centres This Morning.

The story-telling hour for the children of the South End was conducted this morning in the armory by Dr. William McTosh. He related Indian legends. The 80 children present listened enraptured.

A large number of children attended the story telling this morning at St. Vincent's and listened with keen interest to Miss Eleanor Chaisson, who related a number of fair tales.

VOLUNTARY LIQUIDATION.

Regret is being expressed that the Wilson Box Co., Ltd., has found it necessary to go into voluntary liquidation for the benefit of its creditors.

This firm has been in business for 15 years and from small beginnings developed a large box and lumber business. It is understood that it is the lumber end of their business which has created their present financial difficulties.

The lumber market for some years being poor and unremunerative, it is being arranged to continue manufacturing at their box factory in Fairville until their present stocks of lumber are worked up, this being in the best interest of all concerned and this will take some time. Then it is hoped a reorganization of the company can be arranged with the introduction of additional capital so that their box business may be continued. They carry on their pay roll some 70 employees.

CONCERT AT WESTFIELD.

An enjoyable and successful concert was held in the Methodist Sunday school in Westfield last night in aid of the Methodist church building fund. There was a large audience and the numbers were heartily applauded. The programme included selections by an orchestra of violin, cornet and piano.

Messrs. Kempton, Blanchard and Wild; piano duet, Miss Hazel Blanchard and Miss Muriel Patstone; reading, Miss Doris Ryan; violin and piano, Mrs. H. H. McMichael and Gerald Wild; songs by Rev. A. J. Patstone, Mr. Young and Rev. Robert Smart; piano duet, Miss Muriel Patstone and Mr. Wild. Mr. Wild was the accompanist of the evening. A sale of candy was also held.

IN THE MARKET.

Supplies in the country market this morning were only fair. Prices, with the exception of eggs, remained about the same. Eggs were scarce and the price for fresh firsts was 70 cents. Among the new vegetables were spring onions and leeks.

THE GREAT HAND CLEANER

BERENGARIA FIGHTS STORM, FOG AND ICE

Liner, Delayed 12 Hours on Voyage, Uses 10 Tugs to Dock.

NEW YORK, Feb. 6.—After being delayed twelve hours by rough weather and fog, the Cunarder Berengaria lost another two hours getting into her slip because of the heavy ice. Three tugboats had broken the ice early in the morning and the ebbs tide had carried the floes out into the river, but the flood tide swept them all back before the big liner reached the end of the pier.

One slab of ice 50 feet wide and nearly two feet thick blocked the way into the slip, and ten tugs, with the great weight of the Berengaria, failed to smash it. The force of the continual crashing against the frozen mass scraped the red paint from the liner's side. Finally three tugboats managed to force the floe to one side, so that the stem of the Berengaria could push ahead, and she moved in slowly, while 1,000 passengers lined the rail and watched the proceedings.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL PROMISES A BIG MONDAY

"Potash and Perlmutter"
Comedy-Concert and
New Singer.

Monday's programme at the Imperial Theatre takes on a Broadway flavor, the kind of picture show St. John people take in when they go to the big city on a pleasure trip. In "Potash and Perlmutter in Hollywood," a popular comedy of up-to-date character is transferred to the screen with more attention to detail and laughing material than in the original stage version. Anglo-Yiddish dialect is always a source of good-natured fun even among the Jewish people themselves who are great admirers of Montague Glass' comedy stories as found in the Saturday Evening Post and later transferred to the stage and screen. The adventures of Abe and Mawruss as moving picture producers with the vamps, the temperamental actors and putting their own families into the casts is a delicious brand of side-splitting fun.

Musically the Imperial will open the week with a resumption of its full orchestral programmes and the introduction of still another promising St. John singer, Miss Vera Ferris, who will sing (a) In the Garden of My Heart, by Ernest Ball, and (b) The Spanish Serenade-song "Lolita" by Dyak. The orchestra will play Adam's Overture, "If I Were King," a string quartette arrangement of "Drink to Me Only With Thine Eyes," and a novelty jazz number, "A Drummer's Troubles," by Cook.

WHITE PLAINS, Feb. 7.—City Judge Samuel Swinburne of New Rochelle, who was here looking up records for the defense in connection with the coming trial of the annul- ment suit of Leonard Kip Rhinelander against his wife, Alice Beatrice Jones Rhinelander of New Rochelle, said the trial would take place before a jury in the first week of March. Mr. Rhine- lander alleges his wife deceived him when she swore she was white, whereas he declares she is a negro.

There still remains one more opportunity to see "The Fool," the greatest of all the Carroll Players' great successes. Excellent seats are still available for this evening.

"Manselle," the big surprise play for next week, is arousing tremendous interest, and all stock patrons are on the qui vive with anticipation. The versatility of the Carroll Players will be well tested, it is announced, in "Manselle."

PERSONALS

J. N. Drager, president of Milady's Wear Ltd., is leaving for Montreal and New York to attend the Fashion Shows. He will endeavor, as in the past, to secure the latest fashions in coats, suits and dresses, for the opening showing.

U. N. B. GIRLS LOSE AT WOOD- STOCK.

WOODSTOCK, Feb. 7.—An interesting game of basketball took place in the armory last evening when U. N. B. girls were defeated by the Woodstock girls, 18 to 20. The game was fast and exciting. Harry Estabrooks refereed the game to the satisfaction of all.

QUADRUPLTS TO BE SHOWN TONIGHT

At the Imperial Theatre tonight between shows the Mahoney quadruplets will be shown the public of St. John for the first time outside their own home. They will be in charge of Girl Guides, who have just completed their course in the care of infants supported by some Red Cross nurses. The exhibition of the children in this manner is in response to a general request and in deference to a generous public which has assisted the little ones in their first year, which first birthday constitutes a record for quadruplets on this continent.

UNFAIR CIVIC COMPETITION RESPONSIBLE FOR INCREASED PRICE OF STREET CAR PASS

Yet We Shall Continue To Give The Pub- lic The Lowest Fare in Canada.

To our many thousands of Street Railway patrons we submit a simple question:

Supposing that an organized minority forced the City to enter your line of business (and it may come to that yet) and, backed by civic funds, tried to ruin you financially—WHAT WOULD YOU DO?

Yet, that is precisely what is being attempted in St. John today. The slogan "Kill the Power Company," is yet being worked overtime.

And This Is Called Business

Selling at less than cost, in order to take business from us, the Civic Power Commission, in its first year, lost more than \$70,000 (see Price Waterhouse report). What the total losses are today, the public does not know.

Presumably, the Civic Power Commission is not a body that makes financial reports. Applications for bond issues seem to cover its activities in that line.

To meet this unfair competition, this Company has been obliged to meet the Hydro rates. Hydro is losing money; and so are we.

What The Figures Show

In a fair, square competition—an open field and no favoritism—this Company would more than hold its own. Despite the fact that the dice are loaded against us, we have retained nearly ONE HALF OF THE ELECTRICAL BUSINESS IN ST. JOHN.

So, when it is said that the people demanded a Civic Distribution System, please bear this fact in mind.

We Have Done Our Best

We have made many offers to work in harmony with the City. We even offered to place this Company under the control of the City; to allow the City to fix our rates.

But all to no purpose. The organized minority have the whip hand over the majority of the citizens. The tail intends to keep on wagging the dog.

We Have No Choice

In plain words, the price of the weekly Street Railway Pass is being advanced from \$1.00 to \$1.25, on Monday, because unfair and unsound civic competition makes it necessary.

But, even at the new rate, the average fare will be the lowest in Canada.

Hydro at Less Than Cost is proving expensive in many ways.

Co-operating with the City, it will be possible for us to restore the pass to its former price of \$1.00.

Turns First Sod. LONDON, Ont., Feb. 7.—In the presence of Roman Catholic dignitaries from many points in the London dioc- ese, Rt. Rev. M. F. Fallon, Bishop of London, turned the first sod at Sun- shine Park, where a \$800,000 seminary for the education of priests will be erected.

CROSS-WORD CRAZE SPREADS

Ladies Make Cross Patch Quilt.

According to last night's "Times" the ladies of St. John are now making cross-word quilts. Some of the stores are advertising cross-word books and shoes, and according to the police news, some ladies and gentlemen are having cross words too, which goes to show that the cross word situation can be carried too far.

However, crazes come and go, habits change, and what we liked a year ago does not appear to us now.

Our mode of living changes, too, but there is one commodity we never tire of. We must have it in fact. Children especially. And that is milk. When Purity cut down the price of this necessity they rendered a great service to the citizens of St. John. They made it possible for poor families to buy all the milk they needed. Purity was criticized and abused by all competitors, but they held out for the lower price, and reluctantly every competitor was compelled to bring down their own prices, to the price set by Purity. This company needs your support in order to keep down the price. Support them by ordering your daily supply from them. Phone main 5000 and do it now.

DAUGHTER LIVES HERE.

The death of Brittle Bursley of Old Perlican, Trinity Bay, Newfoundland, occurred early this morning at his home there. He was a lifelong resident of that place but had friends and relatives residing in this city. He was 73 years of age and had been a fisherman most of his life. He is survived by his wife, three sons, William and John at home, and Herbert of Vancouver, B. C.; one daughter, Mrs. Duncan Jewett, 108 Carmarthen street, in this city; three brothers, Elias, Eleazer and Fraser Bursley; also 16 grandchildren. The funeral will be held at Trinity Bay on Monday.
