INK, INK. A NEW IMPERIAL CHEMICAL WRITING INK.

Warranted not to Injure by Freezing.

THE want of a good description of Black
Writing luk has been long and severely felt in this Province; one great diffi culty is, that link now in use is completely useless after freezing; another is, that is corrodes any pen except gold, destroying pens very fast; it will also become thick after being exposed to the air,—this cannot be avoided on account of the ingredients most useless after freezing; another Ink is composed of.

The subscriber begs leave to inform his cuts of the public generally, that he has manufactured in Canada, as fine Chemical Ink, which is warranted not to injure by freezing—in fact, after freezing some five or six times, it becomes blacker—making a saving in Pens of 50 per cent. It being a Chemical Ink, it is free from the annoyance of sediment, causing no trouble in cleanaing bottles. In writing, you can perceive a slight shade of blue, csusing it to flow free and easy—Government Offices, Banks; and Merchants in different parts and cheaper by 25 per cent. It han any ink they can import. Merchants in different parts of the Province will find it much to their advantage to buy this Ink instead of importing as it will inspire them a larger profit, quick er sales, and they can recommend it to be so well adapted to this climate. It is put up to bottles, and retailed, in —Pyramid 4A, Pints 1s. 6d., Quarts 2s. 6d., or by the Gallon. A large discount made to wholesale purchasers. A large discount made to wholesale

Internal and External Remedy.

We call attention to the great remedy of Perry Davis & Son, called the Pain Killer. We believe that the public generally have great confidence in the efficacy of this medicine, as it is in this State very generally used.—Biblical Recorder, (N. C.)

It has been said of old—"This is a world of wonder" and to the observer is daily presented symmetry.

—and to the observer is daily presented something new and wonderful, both in nature and art. Men of genius and skill are constantly engaged in seeking out that which may become valuable to the public, and a living emblem to scientifies, and from all these wonders which have been brought before the world and particularly our Medical Faculty, theref has been nothing as yet surpassed Perry Davis.
