

VANCOUVER TOPS AMATEUR LEAGUE

HURRICANE FINISH BEAT ROYAL TWELVE

Winning Team Scored Five in the Final Quarter When Game Was Three Against Them

Table with columns: Vancouver A. C., Victoria, Westminster, Won, Lost, Goals.

The Vancouver Athletic Club's crack lacrosse twelve took the lead in the Provincial Senior Amateur League championship race Thursday night when they defeated the Westminster team 6 goals to 4 on Queen's Park grounds, New Westminster.

The game was fast all the way and it was only by making a hurricane finish that the Vancouver team won out. The Royals had the game well clinched till well on in the third quarter as they led by four to one.

In the first quarter Fitzgerald beat Fairbairn for the ball at the face-off and Westminster at once became dangerous. Smith testing McDonald in the first minute of the game.

The second quarter the Salmon-bellies defence had a very easy time on account of the Royals' attack being unable to do anything first.

The best quarter showed signs of developing towards a very close finish. Referee Peck had a firm hold on the game and benched the first two that started anything.

The teams were as follows: New Westminster, Vancouver, Munn, Coverdale, McDonald, Pearson, Galbraith, Robertson, Patchell, Gregory, Fitzgerald, W. Sangster, Warwick, Kenny, C. Smith, Swanson, Spares-Gibbons, A. Wright, Referee—"Biscuits" Peck.

Table with columns: Name, Position, Score.

GEN. FRENCH SATISFIED WITH CANADIAN MILITIA

London, July 16.—Interviewed on his arrival from Canada General Sir John French expressed himself as well satisfied with his inspection of the Canadian militia. He referred to the strength of the cadet movement and the spirit of loyalty, he said, was everywhere.

HONDURAS MAY HAVE REVOLUTION

Report That Ex-President is Preparing to Make Trouble for Chief Executive

New Orleans, July 16.—That ex-President Bonilla of Honduras plans a revolution in his country, the sailing of the steamer Ustein from Mobile, the Ustein, it is said, carries arms and ammunition. Bonilla is supposed to have quantities to fit out an army which he has secretly mustered.

It has been frequently rumored in the Central American colony here that Bonilla planned an uprising. Previous efforts have been made to outfit the rebel army. The Ustein figured before in the former president's plans.

LOCAL NEWS

Lee Fat, a demented Chinese, said to be 25 years of age, has disappeared, and is thought to be wandering about the city. His friends have failed to locate him. He was seen in the neighborhood of the Jubilee hospital about 10 o'clock on Thursday night. He is described as medium height and build, and wearing dark Chinese clothes.

An interesting meeting the Laborers' Protective Union was held Friday night. The union was strengthened by the addition of 25 new members. Among other important business transacted a strong press committee was appointed whose duty will be to see that matters of interest reach the local press.

The Metropolitan Epworth League of C. E. have invited the members of sister societies to a union meeting to be held in the Metropolitan church on Monday evening, July 25, when Dr. Spink will speak on "The Experiences." The Women's Christian Temperance Union have also accepted an invitation to be present. A collection will be taken for the Epworth work. Refreshments will be served and a good time is expected.

At the half-yearly meeting of Court Northern Light, A. O. F., held on Wednesday evening, the D. C. R. Bro. L. Williams, Nanaimo, and district officers, installed the following as officers for the ensuing term: D. C. W. C. White; C. R. N. T. Lee; S. C. R. J. H. Trace; Treas. W. P. Smith; Sec. W. F. Fullerton; S. W. H. Rosecamp; J. W. Bartholomew; S. R. H. B. Kelle; J. B. T. C. Smith; Surron, Dr. McKicking; Organist, W. R. Roshelley. The court elected as delegates to attend the High Court meeting at Vancouver, Aug. 15, 16 and 17, P. C. R. W. P. Fullerton and J. P. Hancock. At this session the old age pension scheme will be discussed and a subsidiary sick fund instituted.

OBITUARY RECORD

On Saturday the funeral of William Campbell, wife of Mr. and Mrs. Archie Clegg, aged 15 months, took place at 2:30 o'clock from the family residence, 1647 Southgate street, Victoria, B. C. The funeral services were held at the house and the graveside. Many friends were in attendance and among the beautiful floral offerings presented was a wreath from the Victoria Lacrosse Club. Mr. Clegg is a member of the Victoria West team and the members of the club forwarded this as a token of sympathy in the sad bereavement which has just befallen him and Mrs. Clegg.

The funeral took place on the 7th inst. of Thomas B. Sloan, of the Scotch line, to Glenwood cemetery, Fort St. John. Mr. Sloan was only ill a few days. Six years ago he was injured in a mine in British Columbia. His spine was broken and he was unable to walk. He was, however, able to drive around a rig and was in Perth a week before his death. Besides his widowed mother, he leaves three brothers, Robert, in Glasgow, B. C., David, in the same place, and Margaret and Alexander at home.

The remains of the late Mrs. Adelaide Campbell were interred in the cemetery of St. Stephen's church on Friday afternoon. The funeral took place from the family residence, South Saanich, at 3 o'clock and proceeded to St. Stephen's church, where services were conducted by Rev. Mr. Flinton. The hymn, "My God My Father While I Stray," was sung. Nearly every member of the district was present at the funeral, the deceased having been one of the oldest pioneers of Saanich. The floral offerings presented were numerous, which testified to the esteem in which the late Mrs. Simpson was held. The following gentlemen acted as pallbearers, M. Hewitt, J. T. Harrison, F. H. Haldon, W. Deeringberg, E. H. Marcott and D. Thompson.

PEACE CENTENARY

Beverly, Mass., July 16.—President Taft was invited yesterday to act as honorary president a movement to appropriately celebrate in 1915 the 100th anniversary of peace among English-speaking peoples. The president asked that the invitation be put in writing, and said that he would then give a definite answer. It is understood that the president looks with decided favor upon the proposed celebration. The plan would include the erection of a suitable memorial at Niagara, in which Canada and Great Britain would be invited to join. It is the hope of the committee to make the celebration world-wide, and to obtain a result which would confer distinction on America, and gratify the desire of this country for peace.

CLOCK REMAINS BY CIVIC PERMISSION

Company Makes Request—Several Aldermen Think Mayor's Action Uncalled For

Trouble has been avoided between Mayor Morley and the B. C. Electric Railway Company by A. T. Goward, local manager of the company, forming by asking permission for the placing of an electric clock on one of the company's own poles at the corner of Yates and Douglas streets.

Goward in his letter, read at the meeting of the streets committee on Friday, said that while the company does not admit that there is any necessity for asking permission for the engineer before erecting the clock still it is perfectly willing to do so, and it will be very pleased if the city engineer can suggest a better location than the one chosen by the company.

Several aldermen were of the opinion that the action of the mayor was more or less uncalled for. They thought the clock would prove a decided nuisance, not only to the company but also to the public.

Mayor Morley pointed out that the company already had such extensive powers and had been inclined in the past to assert its rights without regard to the city that when the city had an opportunity of insisting on its own rights it should do so. The company should have complied with the provisions of its charter and first sought permission to erect the clock.

It was finally resolved: "Recognizing the benefit to the company and the convenience to the public the city will have no objection to the erection of the clock or other clocks the company may see fit to erect, subject to the decision of the city engineer as to the height from the street and the location of such clocks."

MONGOLIAN PHEASANTS TO IMPROVE THE STOCK

Game Warden Bryan Williams Turning Down a Number on Island To-day

Provincial Game Warden A. Bryan Williams has brought two hundred Mongolian pheasants to Victoria, and is to-day turning them down in the Esquimalt and Saanich districts. The birds have been procured from Lord Ernest Hamilton's English estate and are imported here by the government with the object of producing a crossed breed with the pheasants already inhabiting the island woods.

The Mongolian pheasant is a much larger bird and finer in all respects than the island bird, and cross-breeding, it is thought, will be most beneficial to the future pheasant stock of the island.

W. C. T. U. NOTES

The union held their monthly business meeting at their headquarters on Store street on Thursday afternoon, Mrs. McAdams presiding. The appointment of superintendent of the works department was the main business, other matters discussed profitably being "Scientific Temperance Instruction in Schools" and "Adult Franchise."

The official organ of the British Adult Franchise Movement has been subscribed for, and copies may be obtained at W. C. T. U. mission.

The union noted with regret the resignation of the committee regarding objectionable moving pictures.

An invitation was accepted from the Metropolitan Epworth League to attend Dr. Spencer's talk on "My Provincial Experiences" to be held in the church on Monday, July 25th.

The advisability of having a rest tent at the fall fair was left in the hands of Mrs. Norman, Hillside avenue, superintendent.

The mission board reported the mission on Store street to be in a thriving condition, and doing well the work it is intended for. It is becoming more and more a centre of recognized importance in the city, where men, mostly strangers, can congregate and feel at home. More men have secured work through this medium than ever before. The sick have care and medical advice, and are sent to the hospital for treatment when necessary, then taken back to the mission till able for work. The men have their temporal and spiritual interests cared for, a most important work which cannot be recorded on paper.

The board desired to thank all those who have helped in any way—the subscribers, those who have given donations of articles for the mission, those who have conducted the services, the ladies and the Young People's Societies for their excellent Saturday concerts, to the collectors, the press, the Times and Colonist for papers and the city doctors for their valuable assistance.

The board gave the union, their friends and any others who are interested an invitation to go through the money will be tendered Miss Bowerman, the matron, at the mission, opposite the E. & N. station, Store street, on August 4th, when an opportunity will be given to see the building and look into the work being done. A most enthusiastic vote of thanks was given the board which includes officers of the union by the ladies. It will be tendered Miss Bowerman, the matron, at the mission, opposite the E. & N. station, Store street, on August 4th, when an opportunity will be given to see the building and look into the work being done.

MAKING ISLAND BETTER KNOWN

DEVELOPMENT LEAGUE MEETING AT ALBERNI

Trunk Roads Advocated—What Has Been Effected During Past Year

Alberni, July 16.—Thanks to the care taken by the local branch of the Vancouver Island Development League in providing for the comfort of the delegates to the convention of the league here, the three hundred visitors have all been comfortably accommodated. Private citizens came to the assistance of the committee by throwing their homes open when the hotel capacity became exhausted.

There are delegates here from every district on the Island, some of whom have come at considerable expenditure of time and money. Those from along the Esquimalt and Nanaimo Inland were taken over the extension between Wellington and French Creek under the guidance of Assistant Superintendent Goodfellow, this being the first train of passengers to pass over the new section, and the remaining twenty-five miles of the journey was made in carriages, stages and on horse-back.

The convention opened in Old Alberni yesterday, Col. E. G. Prior, president of the league, in the chair. After reading a number of reports from the various branches, Col. Prior delivered his annual address. J. J. Shalloross, president of the Victoria branch, prophesied that the Capital of the Island generally would speedily become better known through the advertising work of the league.

R. H. Chapman described the work of the topographical survey of the Island. The city engineer, Mr. J. H. Trace, made it clear that the city will have no objection to the erection of the clock or other clocks the company may see fit to erect, subject to the decision of the city engineer as to the height from the street and the location of such clocks.

The necessity for better roads and trails and for government trunk roads was taken up on a series of resolutions which were passed. Col. Prior referred to the matter as one of the most important before the league.

C. B. Christensen, Cape Scott, spoke from everyday experience of the need that the Island has for a road to be opened up. J. J. Shalloross considered that for years to come gasoline motors would be the chief method of transportation on the Island, making trunk roads a necessity.

J. W. Coburn, Ladysmith, was heartily in accord with a trunk road policy. H. C. Brewster, M. P. for Alberni, said that he was glad to see the communication of the day, although he realized that it would be impossible to put a road everywhere it was asked for. He agreed that it was a mutual feeling of good-will and co-operation among the various districts of the Island, and it is believed, with success. The secretary has visited all but a few of the branches, and the officials at the home office of Victoria have, to the best of their ability, worked with and aided the branch officials in the effort towards the general good.

Herbert Carmichael dwelt on the value of such roads for tourist purposes, opening up to the world the beauties of the coast. He said that the more the multiplicity of objects sought, and the greater amount of detail work to do, mistakes will inevitably occur. But the league is sincere in its methods, and asks to be judged by its average results, not its occasional blunders.

It is submitted by the above speaker, which is capable of demonstration from the records, that the Vancouver Island and Development League has proved its usefulness to the Island and its cities, towns, villages, and indeed the entire country, from Cape Scott to Victoria, from Esquimalt to Comox, including the districts surrounding and between.

To-day the delegates are off to Sproat Lake and to-morrow they will be taken for a trip through Barkley Sound on the Tees.

TWO-KILLED ON TRACKS AT SEATTLE

One Man Run Over While Asleep and Another Mangled by Fast Mail Train

Seattle, Wash., July 16.—Gus Nelson, 45, a laborer of White Cloud, Minn., went to sleep under the friendly shelter of a string of box cars on the waterfront some time during the night yesterday at daylight when a switch engine puffed away with the cars, Nelson was killed.

The Great Northern east mail No. 23, pulling out of the King street station yesterday morning, struck and mangled the body of an unidentified man lying across the tracks 20 feet and beat the train. The man was dressed in a new suit of working clothes and appeared to be about 28 years old.

DUST NUISANCE IS CAUSE OF COMPLAINT

Street Committee Deals With Several Matters of Civic Business

The dust problem was again brought before the attention of the streets committee Friday night by a deputation of irate property owners from Government street south and Simcoe street. In strong terms these gentlemen complained of the conditions of those residential thoroughfares and accused the city of neglect in not keeping them free of dust.

The Simcoe street men had an additional complaint as to the quality of the macadam laid there. They said the "macadam" roadway they got was gravel with street sweepings and mud spread on top and rolled in to keep the gravel from being kicked about.

Ald. Moberly insisted that if any cleaning process was carried out on these streets it must apply to all. The matter was referred to the city engineer.

H. B. Jackson, manager of the City Press hotel, wrote drawing attention to the untidy condition of the corners adjoining the hotel property, one at Belleville street and the other at Humboldt street. He suggested that if the city would hand these over to the hotel they would be put in order, harmonizing with the rest of the grounds, and an undertaking would be given to erect no building of any kind. A foundation or piece of statutory might be placed there.

Mayor Morley favored doing this, as the plots were of no use to the city. They had only been retained for fear that at some time the company might utilize them for building ticket offices or something.

City Solicitor McDiarmid suggested a long-term lease with building restrictions, and he was instructed to take the matter up with the hotel people. A hitch has arisen in the St. Charles street lighting improvements. Some of the poles were ordered to be removed, while the majority desired cast-iron poles instead of wooden. The use of a metal pole is not feasible, the city electrician pointed out. The telephone company will not straggle their wires on a metal pole carrying high voltage light wires, so that two rows of poles would be required.

The B. C. Electric Railway Company will be asked to remove the poles which stand in the roadway at the corner of Government and Humboldt streets. It was decided to survey and fence Mount Douglas park and construct necessary roadways. The city engineer will report on the cost.

A contract was awarded to Simons & Merritt for 15,000 yards of sand for Erik Lake fill-works at \$1.10 per yard. Four hundred enamel street names will be purchased from the Thomas Davidson Manufacturing Company, at \$7.50 each. When tenders were called for recently only one was put in, at \$8c.

A new concrete mixer is to be purchased at a cost of \$2,000. Two of those now in use are practically useless. The cost of the new mixer will be made up on Douglas street pavement along the time saved. City Engineer Smith told the committee that a four-inch water-main is to be laid for 200 feet along Manchester street, Victoria West, at an estimated cost of \$600.

Belmont avenue owners, between Pandora avenue and Fort street, are to get local improvements at a cost of \$1,272, one-third of which the city will pay. There will be a 25-foot roadway, with 5-foot walks.

PIERS DESTROYED, STEAMERS DAMAGED

Fire at New York Caused Loss of \$1,000,000—Wind Fanned Flames

New York, July 16.—Fire starting in the oil storage house on the Metropolitan Steamship Company's pier to-day spread to the turbine steamer Harvard and the freighter Dimmock badly damaging both vessels. Before the fire was finally controlled it had reached the Metropolitan and Brunswick companies' piers, totally destroying both.

Washington market, on the Metropolitan pier, also took fire and with it a dozen adjoining buildings burst into flames. Several of these were store houses containing valuable merchandise, much of which is a total loss. The damage, it is estimated, will total \$1,000,000.

As soon as the fire was discovered calls were sent in for all available apparatus in the city as well as on the river. A stiff wind fanned the flames and before the fireman reached the scene the fire was raging on the Metropolitan pier, and the steamer Harvard was ablaze. The Harvard was towed away from the pier as soon as possible but not before the flames had spread to the Dimmock.

NEGRO ROBBER WOUNDED

Chicago, July 16.—Gone mad as a result of his excitement over Jack Johnson's victory at Reno, a negro vigilante named "James Grimshel," Wall street," yesterday entered a colored bank and was fatally wounded while trying to escape with \$300.

Shouting that Jack Johnson had told him to get all the money in the world," the negro smashed a window with a brick and leaped into the bank. He made straight for the money counter and holding the employees at bay with a razor, seized \$300 and started to run.

Meantime a crowd had gathered. It set out after the negro. Overtaking him, his pursuers stabbed and beat the robber and fatally wounded him. He was rescued by the police and taken to a hospital, where it is said he will die.

ALTERED CITY LEAGUE DATES

MONDAY NIGHTS FOR MATCHES IN FUTURE

Teams Selected for Game at Royal Park Next Week—Prepare for July 30 Engagement

(From Saturday's Daily.) The Victoria Lacrosse Club Friday night decided to alter the dates of all the city league games, which will now be played Monday nights instead of Wednesday as at first scheduled. The action is taken because the Royal Park ground is always available Monday night, while Wednesday this is not always so.

The first game under the new arrangement will be played a week from next Monday, July 26th, when Victoria West and Cloverdale will meet. Meantime there will be a match Monday night between two teams selected from the three clubs in the league. It is a practice game for the purpose of getting the Victoria representative into the fastest condition for the home game against Westminster on July 30th.

The executive received a communication from Vancouver asking that the dates of the provincial series be altered so that Vancouver could come over here before the Victoria twelve goes to the mainland again. Victoria, however, decided to go over on August 8th and play according to the original schedule.

The team to play on Monday night at the Royal park at 6:30 in the practice game are: Goal, Johnston, Campbell, Sweeney, Point, W. Johnson, Cover Point, Stiles, T. Wilson, First Defence, Dakers, Kroeger.

LIQUOR BY-LAW CASE IN COURT PROBABLE

Officers Visit Restaurants in Search of Evidence of Infractions

That the authorities intend to enforce the new liquor regulations, which went into effect Friday, was made evident Friday night when certain restaurants in the city were visited by police officers, who believe they have obtained evidence in several cases which would justify prosecution under the new by-law. The new regulations prohibit the sale of liquor in restaurants after midnight except on Saturdays, when the closing time to the sale of liquor is 11 o'clock. Liquor is also prohibited for sale with meals during Sunday.

Between 2 and 2 o'clock on Saturday, Sub-Inspector Redgrave made a round of the cafes where liquor licenses are in force, and where he found several suspicious looking liquids beside them he sampled the liquor and took the name of the waiter.

In several of the restaurants no notice has been taken of the new by-law. The proprietors, who announced prior to the law going into effect that they would fight it, did not take down the curtains to the private dining boxes, as is now required. Several are several of the hotels with which dining rooms are connected, the proprietors of which complain that the business will suffer and that they will be compelled to close early in the evening.

The points will be brought to an issue early if the police proceed on the evidence obtained Friday night.

TUG MORRIS LYING AT BOTTOM OF GULF

Went Down in Nearly Seventy Fathoms of Water Near James Island

The Morris is at the bottom of the Gulf of Georgia in sixty or seventy fathoms of water, where she will probably remain for all time. She was owned and operated by Captain Goldsmith and chief engineer Malcolm Campbell, and was used for general towing, with Victoria as her home port. A few days ago she was bringing a boom of logs to Victoria when something went wrong with her machinery and the boom was left at Telegraph Bay, the tug going back nearly to James Island, where she sank. She now lies about midway between Ketchikan and James Island and is beyond the reach of divers.

It is understood that the tug is likely to be a total loss to the owners. Some time ago some slight accident happened and she was repaired by the owners at Sidney Island. There were then some complications with the underwriters and in all probability it will be impossible to collect on her at the present time. At any rate the underwriters object to paying and the general opinion is that the owners will be out of the amount.

GREY SAYS CANADA IS BELLE OF THE BALL

Newark, Ohio, July 22.—Speaking at Liverpool prior to his departure yesterday for Canada, His Excellency Earl Grey said Canada was the belle of the ball. He advised investors to make sure that they were dancing with that partner and then they will get the best of their lives.

COURT APPOINTED TO DECIDE DAY IN JUNE KING WILL BE CROWNED

(Times Leased Wire.) London, July 21.—A provincial court to-day announces that George V. will be crowned in 1911. The ceremony is planned the most magnificent ever witnessed, and efforts will be made to give it the brilliancy of the coronation of King Edward.

A court will determine the various privileges which surround the coronation ceremony. This is the first time that it has been decided what day next June will be suitable for the coronation. The coronation will be held in the presence of the king and queen, and will be another important matter to deal with.

CLAIMS DAMAGES

Newark, Ohio, July 22.—County to-day has an opportunity to make remunerative amendments of Carl Eberling, Anti-Saloon League detective by a mob in Newark after he had been killed a case of George E. Eberling, administrator of the estate, has made for \$5,000 on the county for \$5,000.

SANDON IS MEN

Three Hundred Men Near the Town—Moyie Denied

(Times Leased Wire.) Vancouver, B. C., July 21.—A mob of 300 men is reported to be near the town of Moyie. The fire is held in check by the fire fighters enlisted by the government. One hundred and fifty men have been sent to prevent fires reaching Moyie is again menaced.

New fires have started at Junction and city. One hundred were sent from Nelson to fight the report of the destruction of Moyie is denied. Fire-fighters limits in the Crow Pass are blazing fiercely.

Three Men Lose Lives in Fight with Forest Fire. North Sentinel river, at the mouth of the Corvallis and Eastern, has taken a toll of three men. The fire is reported to have crossed the river and is the work of the fire fighters. Undertaking to bring back the bodies of the men who were burned to death.

The dead men are: Philip B. of Salsburg, J. M. Brooks, of Corvallis, Ore., and Frank McClearfield, Pa. All were employed by the Hoover Lumber Company. The timber which was destroyed.

Officers Visit Restaurants in Search of Evidence of Infractions. That the authorities intend to enforce the new liquor regulations, which went into effect Friday, was made evident Friday night when certain restaurants in the city were visited by police officers, who believe they have obtained evidence in several cases which would justify prosecution under the new by-law.

The new regulations prohibit the sale of liquor in restaurants after midnight except on Saturdays, when the closing time to the sale of liquor is 11 o'clock. Liquor is also prohibited for sale with meals during Sunday.

The points will be brought to an issue early if the police proceed on the evidence obtained Friday night.

DECLARE MARRIAGE SHOT HIMSELF

Private Detectives Are Called to Kill a Burglar

Chicago, July 21.—The police abandoned further investigation of the death of Ira G. Rawn, president of the Monon railroad. They are sure that Rawn killed himself, and there is no evidence to support the story told by the family that a road man was shot in an attempt to break into a safe which was pointed to an evidence a burglar had entered the Rawn residence in Winnetka, the fashionable suburb, where in the door frame, not on the outside, the police believe, is a burglar they would have side. The alleged blood stain on the sidewalk leading to the house to the sidewalk in a police say, proved in reality a stain.

The other evidence furnished in support of the burglar story, the police believe, is trustworthy. There is no evidence to support the story told by the family that a road man was shot in an attempt to break into a safe which was pointed to an evidence a burglar had entered the Rawn residence in Winnetka, the fashionable suburb, where in the door frame, not on the outside, the police believe, is a burglar they would have side.
