

Investment Continues

Boers Striving to Capture the Gallant Garrison Surrounded at Wepener.

Activity of the Burghers Near Elandslaagte-Shelled by the Naval Brigade.

London, April 22.—The meagre dispatches from South Africa clearly indicate renewed activity at all points where the British and Boer forces are in striking distance of each other.

A special dispatch from Maseru dated Saturday, says: "The investment of Wepener continues. The Boers seem determined to do their utmost to capture the garrison before relief arrives."

The activity of the Boers at Elandslaagte apparently has failed to draw General Buller, if that was its object, into doing more than repel the attack made on his advance posts.

A Warrenton dispatch dated Saturday, says: "There has been intermittent and ineffective sniping by the Boers, who also fired a few shells, both during the day and night, at the station the past two days."

NEAR ELANDSLAAGTE. Burghers Come Through Wessel Nek and Shell a Colliery.

Elandslaagte, April 21.—A commando of 1,000 Boers came through Wessel Nek this morning. They crossed Sunday's Bridge and advanced to the crest of a ridge, but fell back when they saw the mounted infantry, who opened fire.

Later, the Boers shelled Elandslaagte colliery. Ten shells fell close to the mine but did no damage. The work at the mine was stopped, but it is hoped will be resumed to-morrow.

The British guns opened fire. The naval brigade on the right sent a few shells in the direction of the Boer guns, which were posted on a long ridge, a thousand yards to the right of the bridge.

They were difficult to locate, but the Boers were seen retreating over the hill toward Wessel Nek. Several of the shells caught them and must have done some damage.

Late in the day the Boers showed activity in the trenches on the ridges in front of Elandslaagte. A few 4.7 shells forced them to relinquish their works.

This position was only 4,800 yards distant from Elandslaagte.

Boers at St. Helena. St. Helena, April 21.—Much excitement and conjecture have been caused by the signalling of a French warship in Prosperous Bay on Thursday.

The vessel was first seen close to the shore in a sandy bay south of the island, where it remained until late in the day. It then steamed in the direction of Jamestown and has not been seen since.

Gen. Cronje with his wife and staff have been living in a nice little country house. Later they will remove to a larger one. The transport Lake Erie has arrived with 394 prisoners, including 34 officers.

The health of the prisoners is good. "Our Imperial Forces." London, April 21.—Lord Strathcona responded to the toast "Our Imperial Force" at the annual Press Club dinner to-night.

He said that this form of toast was a great improvement over the old one of "Army and Navy and Auxiliary Force," as it showed there was an Empire, and that England alone did not form the Empire, as without the colonies, he said, recognized this, but they did not desire special praise.

The men from Canada, he added, would be the last to assume that they had done more than their simple duty.

STILL ADVANCING. London, April 23.—General Buller is evidently advancing slowly towards Wepener, every step being closely contested by the Boers.

From the Republican side there is a good deal of interesting news to-day. A Thaba Nchu dispatch, dated Friday, April 20, reports the arrival there of Commandants Devets and Villiers and an attack upon 5,000 British under General Gatacre.

The latter, of course, is a misstatement, and probably General Buller is referred to. The British, it is added, occupy some kopjes, but their left wing was driven back. The Boer loss was one killed and five wounded.

"From Bradford comes the news that on Saturday, April 21st, a British patrol of ten men ventured near that place and suffered the loss of one man killed and two captured, including a Free State, who was leading the party.

A Pretoria dispatch, dated April 21st, says the latest official news was that fighting was proceeding within half an hour's march of Dewetsdorp with no results.

The Transvaal government, it is added, is to be allowed to send a clergyman to St. Helena and also a neutral consul to watch the interests of the prisoners, in the same manner as Mr. Adelbert Hay guards the interests of the British at Pretoria.

A proclamation has been issued, prohibiting the Working of the Mines on Sunday, and inflicting punishment on managers paying over a pound a month to natives.

From Ladysmith to-day comes a dispatch saying all is quiet, and that the Boer guns are silent.

There is nothing from Bloemfontein to indicate the progress of the preparations for the main advance.

BOERS REPULSED.

Wakkerstroom, April 22 (evening).—After yesterday's shelling it was expected that the Boers would open again, but Col. Brabazon, with the Yeomanry, made a thorough reconnaissance to the left.

The Boers endeavored to turn the British right, but the movement was deterred by the Yeomanry and mounted infantry, and the guns opened fire and drove them off, greatly extending the position.

None of the Boer guns were in action. There were no British casualties. Many of the Boers are moving southwards.

FIGHTING CONTINUES.

Boer Camp, Thaba Nchu, Orange Free State, April 22.—Fighting continues here and night at Jammersburg Drift. The English trenches are so full of rain that the men have been obliged every now and then to clamber to the banks, only to be shot down.

The Boers were so drenched on Saturday that they were unable to sleep, so they started a debate on the subject of the good to be derived from virtue and courage. The discussion lasted most of the night, shells at intervals interrupting the speakers.

Robertson's lower mill is reported to have been captured on April 21st, and it is said that the Cape Mounted Rifles has lost during the siege 120 out of 500 men.

The British prisoners defy the burghers to capture Col. Daley's camp, even if the British are not reinforced.

A surprising number of relatives are fighting on opposite sides at Wepener.

THE SECOND CONTINGENT.

Toronto, April 23.—The Globe's correspondent with the first contingent cables from Bloemfontein, under the date of April 21st, as follows: "Canadians moved this afternoon to Springfield, six miles to east of this place. Mr. John A. Even has arrived here."

(Even is the Globe correspondent with the second Canadian contingent. His arrival at Bloemfontein indicates that the second contingent will take part in the movement toward Pretoria, which has probably commenced.)

Harboring Prisoners. London, April 23.—A Capetown government contractor named Ball has been arrested for harboring three escaped Boer prisoners, dressed as clergymen. The prisoners were sent back to Simons-town, whence they had escaped.

Arrival of Hospital Ship. Southampton, April 23.—The United States hospital ship Maine arrived here from South Africa this afternoon unexpectedly early. Lady Randolph Churchill, dressed in blue serge and a straw hat, with ribbon inscribed "A.E.S. Maine" (American Hospital Ship Maine), immediately after the vessel was moored boarded the Maine. Within an hour all the wounded men were removed in ambulances and placed on board a train bound for Netley.

MOVING TO THE STATES.

Japanese Employer of Labor Tells How His Countrymen Are Sent South of the Line. (Special to the Times.)

Vancouver, April 23.—T. H. Yama, proprietor of a Japanese employment agency near Columbia avenue, said: "We all work together. If a Seattle or 'Frisco agency want Japs they send here or Victoria. We give the Japs \$30 to pass the United States inspector. They give it back to the agent in the United States, who return it to us."

This violates the United States contract labor and pauper immigrant laws. Many Japs crossed the international boundary at Point Roberts, which is across Boundary Bay from Blaine. At this point are a few isolated acres of United States territory. The Japs walk from Steveston and New Westminster, where they work on fish traps, etc., row across Boundary Bay to a point near Blaine, thence walk the railroad track to Whatcom, whence they go to Sumas.

THE JAPS. (Special to the Times.) Ottawa, April 23.—Sir Wilfrid Laurier in the House to-day read a report from Mr. Parmalee, deputy minister of trade and commerce, pointing out that the great bulk of the Japanese arriving in British Columbia is pauper immigration. As to Col. Prior's statement that they were paupers, Mr. Parmalee said this could not be, because the laws of Japan were such as would not permit any pauper to leave there.

MASSACRED BY "BOXERS." Many Chinese Catholics Have Been Killed. (Associated Press.)

Tientsin, April 23.—The members of the "Boxers" society on Saturday massacred many Chinese Catholics near Pao Tien Fe, in the province of Pe Chi Li, southwest of Tientsin. The German gunboat Itis arrived at Taku on Saturday. Other foreign war vessels have left for those waters.

HANGED HIMSELF! (Associated Press.) Detroit, Mich., April 23.—Chas. G. Fieschman, secretary of the Trust Security and Safe Deposit Company, of this city, hanged himself yesterday in a barn in the rear of his residence. No reason for the deed can be given by his relatives, unless a recent illness had unbalanced his mind.

MOTOR CARS. (Associated Press.) London, April 23.—About seventy-five motor cars, of all sorts and sizes, started from the Hyde Park corner this morning, on a trial journey of a thousand miles, to Edinburgh and return. The trial is not intended as a race, but as a test of usefulness. Great interest was manifested in the start.

Roberts's Dispatches

Public Do Not Impute Unfairness or Self Interest to His Comments.

Visit of King Oscar—Machine Guns and Rifles for Turkey.

(Associated Press.) London, April 21.—It is marvellous to note the wholeheartedness of the English public trust in Lord Roberts in his criticism regarding the engagement at Spion Kop. Not one paper has attached to his criticism of Buller, his predecessor in the command, one iota of unfairness of self interest.

This perhaps is explained by the universal recognition of the fact that the field marshal has little to gain by this campaign, and that he gave up all to which a long and brilliant service entitled him in order to serve his country. Whatever may come of the Boer war, Roberts's name will stand in England's military annals as one of the most successful of our generals.

Best Loved of Her Commanders. This fact is ever before the public, and they believe their commander-in-chief in South Africa to be miles above the jealousies of rivalries that might actuate other generals.

The visit of King Oscar, of Sweden and Norway, to England, though undertaken inognito, has attracted no surprising small amount of interest. The spectacle of that monarch, burly, despite his 71 years, and standing head and shoulders above his fellows, pushing his way past the station barricades to shake hands with the Swedish workmen who cheered him as he entered the London depot, can for impulsiveness be scarcely exceeded in the actions of the most democratic ruler.

The trouble between the United States and Turkey has attracted passing comment in England, though the average newspaper reader is much more interested in the Croton Dam situation. In connection with the former subject, the Birmingham Post is responsible for the statement that Turkey has placed several important commissions with the Krupp, to be completed before the end of the year, which include better machine guns than are at present used by any European power, and 10,000 Mausers, which, immediately upon their receipt, will be delivered to the Turkish first army corps.

Spain is apparently scared by the post being publication showing how indy authorities thought the United States would have been well advised immediately to Attack the Canaries, of Premier Silvelas's ministry is now sending to these islands a number of heavy guns for defensive purposes. One of the most frequent comments heard in England is that the American should have captured the Canaries at the outbreak of the Spanish war.

The great chalk headland at Dover, known as Shakespeare Cliff, is to be levelled in order to give the new rapid transit line a better defence. The recently announced death of Thos. Dudley from bubonic plague at Sydney recalls the terrible story in connection with the Loss of the Yacht Mignonette, of which he was the master in 1824, when she foundered. Dudley, with two other men and a boy, were adrift for many days in an open boat. During this time the men killed the boy and tried to eat his body, for which, after their rescue, they were sentenced to death in England. This sentence, however, was subsequently reduced to six months' imprisonment.

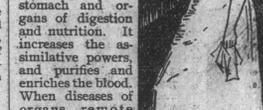

Toronto, April 21.—F. A. Carroll, chief clerk of the Ontario treasury department, who has been in ill health for some time, committed suicide yesterday. He was a popular officer.

HEART-SICK.

There are a great many people who have heart sickness, who have no chronic derangement of the heart. When the stomach is diseased it may affect many other organs, and produce all the evidences of diseased heart, diseased liver or kidneys, or disease in some other organ.

The inexperienced practitioner treats the stomach, and increases the assimilative powers, and purifies and enriches the blood. When diseases of organs remote from the stomach are caused by the stomach, the cure of the stomach results in the cure of the other diseases, in heart, lungs, liver, kidneys, etc.

"Six years ago my stomach and heart troubled me so much I had to do something, as the doctor said, 'write me to tell you what I suffered before I commenced taking Pleasant Pellets.' These medicines cured my stomach. I do not have the pain and indigestion as I did. It is very hard for me to tell you what I suffered before I commenced taking Pleasant Pellets. To cure constipation use Dr. Pierce's Pleasant Pellets."

Proposed Combination of Stone Manufacturers—Pulp Mills in Ontario.—Secretary Missing.

Toronto, April 20.—The name of Rev. J. E. Starr, a well known Methodist minister, who at one time was a member of the B. C. Conference, and who is now stationed at Stanstead, Que., is mentioned as the likely successor to Rev. Monahan Wood, in Bond street Congregational church, this city.

Toronto, April 21.—The Ontario government has concluded negotiations with two more large pulp companies for the manufacture of pulp and paper in northern Ontario. Both companies agree to spend \$250,000 inside three years in the erection of mills and to employ at least 200 men. One of the companies is to be backed by the New York World.

Ottawa, April 20.—Dr. Clarence R. Phillips, 55 years of age, a prominent physician and Free Mason of this city, died to-day.

Montreal, April 20.—The civic authorities are conducting a vigorous campaign against the Montreal street railway for alleged non-compliance of time schedule as stipulated in the company's charter with the city. Nearly sixty cases have already been filed in the recorder's court of alleged failure to carry out the by-law.

Judge Davidson this morning rendered judgment in the case of Montreal vs. the

NEWS OF VANCOUVER.

A drunken Indian and his wife were drowned two nights ago off Point Atkinson lighthouse. The man's body was found last night. The Indian was Charles, a nephew of the Squamish chief.

Col. Peters, D. O. C., Toronto, passed through to Victoria this afternoon to take his family back to Toronto. A child named Eddie Dowling was struck by a street car on Denman street this morning and seriously injured.

ALASKAN BOUNDARY.

Commissioners Representing Canada and the United States Will Start for Pyramid Harbor in June. (Special to the Times.)

Ottawa, April 21.—W. F. King, chief astronomer of the Dominion, who represents Canada in connection with the Alaska boundary, leaves for Washington this afternoon. He goes to meet O. H. Tittman, United States commissioner, and they will have a conference together to make preliminary arrangements for the marking out of a provisional boundary.

Mr. King will start from Vancouver on June 1st for Pyramid Harbor. Mr. Tittman will leave Seattle about the same time and will meet Mr. King at Pyramid Harbor, and commence work on the Lynn Canal. They will be away about two months.
