IMMEDIATE REPLY

RESPECTING LEASE OF THE MARKET BUILDING

V., T. & F. Company's Amended Agreement With Great Northern Will Arrive Here Tuesday.

Routine only occupied the attention of the city council in regular session Monday evening. Residents of Victoria West replied to the correspondence forwarded to the council and again asserted that Railway & Ferry Company requesting a reply from the city as to whether the corration will give a lease of the market

A. T. Goward, on behalf of the B. C. Electric Railway Company, pointed out that it was in the interests of all that by the deepening of the ditch on Foul Bay Harbin and Kirin, and the administramended that the present arrangement

Ald. Stewart said the trustees should bring the matter before a judge at their own expense. It would not speak well for the success of a by-law when a peti-tion could not be obtained in favor of it. The letter was received and filed, the trustees to be informed that such a pro-

cedure would be very unwise. His Worship remarked that he thought the trustees were to blame for the present position of affairs. Had a petition been brought in asking for \$25,000 for a school in Victoria West the requisite number of signatures could be found to introduce a by-law. There would not be any difficulty in raising this amount. He had been so informed by several Rev. r. B. Nanaimo, July 8.—A dispute occurred yesterday among the Protection Island miners owing to an alleged breach of contract on the part of the Western Fuel Company. It appears that among the terms of settlement drawn up was a clause that all miners employed on long wall work in Protection mine, who were unable to make \$3 per day owing to deficiency of coal, should receive sufficient allowance from the company to make it up. Yesterday Mr. Russell, the superintendent, notified the miners that this allowance would cease hereafter, whereupon the men laid down their tools and walked out.
