is at the Royal. Mr. Barnes had nothing to say concerning his reported senatorial aspirations. In the meantime he is going ahead with the development of the n country and will confine his attention

connection with the anniversary services. There was a large attendance, and the meeting was an enjoyable one. A short programme was carried out, consisting of a duet by Miss Mabel Kane and Mrs. Thos. Marshall, Mabel Kane and Mrs. Thos. Marshall, i reading by Miss Fox. Rev. Thos. herce then delivered a short address on Religion in the Home. A love feast will be held on Friday, marking the close of the anniversary services.

The decorations in Waterbury & Ris-

The decorations in Waterbury & Rising's window, King street, are attracting a great deal of attention. In one, the Dorothy Dodd shoe is shown with an attractive background formed of Chinese lanterns, the lights alternately glowing and dying out. A miniature of the Slater shoe factory in Montreal is shown in the other, and the same electrical effects are produced. The designs and decorations are the work of one of the younger members of the firm, whose artistic ability in this line has been shown on several previous occasions. ed. The designs and decorations are the work of one of the younger members of the firm, whose artistic ability in this line has been shown on several previous occasions.

B. Doucet of Richibucto arrived in the city yesterday accompanied by Mrs. Doucet, who was taken to the hospital for surgical treatment. Dr. Bourque, who has been attending Mrs.

Bourque, who has been attending Mrs.
Doucet at Richibucto, also came with
them, and will consult with Dr. MacW. F. M. S. (E, S.) for the year 1905 is

A meeting of the board of trustees and board of management of the Young Men's Christian Association will be held in the office of the president, L. P. D. Tilley this afternoon at 5 o'clock gow. to consider a proposition from the in-ternational committee re appointment of secretary to the St. John associato consider a proposition from the in-ternational committee re appointment of secretary to the St. John associa-tion who will assist in organizing and completing arrangements in regard to completing arrangements in regard to Balance from 1904....\$412.28 the new building.
Wireless messages have been re-

ceived at the Marconi station at Partridge Island for several days past, but ernment cruiser Canada was at Eastport and for some time after she left there she was in communication with Cape Sable. The message sent was St. John ... 1,775 02 Within a week.

The W. F. M. S. of the Presbyterian

them, and will consult with Dr. Maclaren regarding the case.

William Ryan, formerly employed at the I. C. R. freight sheds, died yesterday afternoon. He had been ill for the past year. The deceased was a brother of the late John Ryan, who kept a livery stable on King square. The surviving sisters are Mrs. Millet and Miss Maggie Ryan of this city.

W. F. M. S. (E. S.) for the year 1905 is very satisfactory, a season of good faithful work being reported. The number of auxiliaries on the roll is 306 and the membership as reported stands at 7,525, but if the auxiliaries had all reported the number would probably be over 8,000. The gain in new auxiliaries has been small, but there are not many congregations now in our eastern section without an auxiliary, so that we cannot expect to have many new societies each year. The gain in new members is very pleasing, there being 602, and there are 46 new life members. We have also 787 scattered helpers and have sent out 119 boxes of mission goods to the different stations in the Edmundation and Claire. They will be back Friday.

The prowess of Harold Spragg of the north end as a nimrod was to be seen last evening in the Union depot, where a fine moose of 600 lbs. formed the centre of an admiring group. The animal was shot yesterday on the Moose River, and Mr. Spragg used only one shell to bring him down, as the bullet pierced his heart. The animal had 23 points.

have sent out 119 boxes of mission goods to the different stations in the mission fields. The circulation of The Message, the organ of the society, has increased largely and given good satisfaction. One very pleasing feature of the year's work was a partial visitation of the different prespyterials by Miss McCully, Korean missionary home on furlough. Her addresses were most interesting and have served to arouse interest in the field where she works among her members. She returns to had 23 points.
