BITTERLY FOUGHT RACE GRAND CIRCUIT YESTERDAY

Syracuse, N. Y., Sept. 9.—One of the most bitterly fought races ever held at the New York state fair track was won by Lord Dewey, who captured first honors in the Empire state at the Grand Circuit meeting this afternoon. Closely pressed by Reusens, Dewey's speedy trotter, the fleet Lord Dewey was forced to go five heats to win the decision and the \$10,000.

Lord Dewey took the first heat handily in a driving finish with Tenara, Reusens bringing up in ninth place. In the second heat Lord Dewey was forced to the limit by Harry J. S. Reusens being placed seventh and Tenara barely capturing sixth position. The third heat was won by Star Winter, with Judson Girl second and Lord Dewey third.

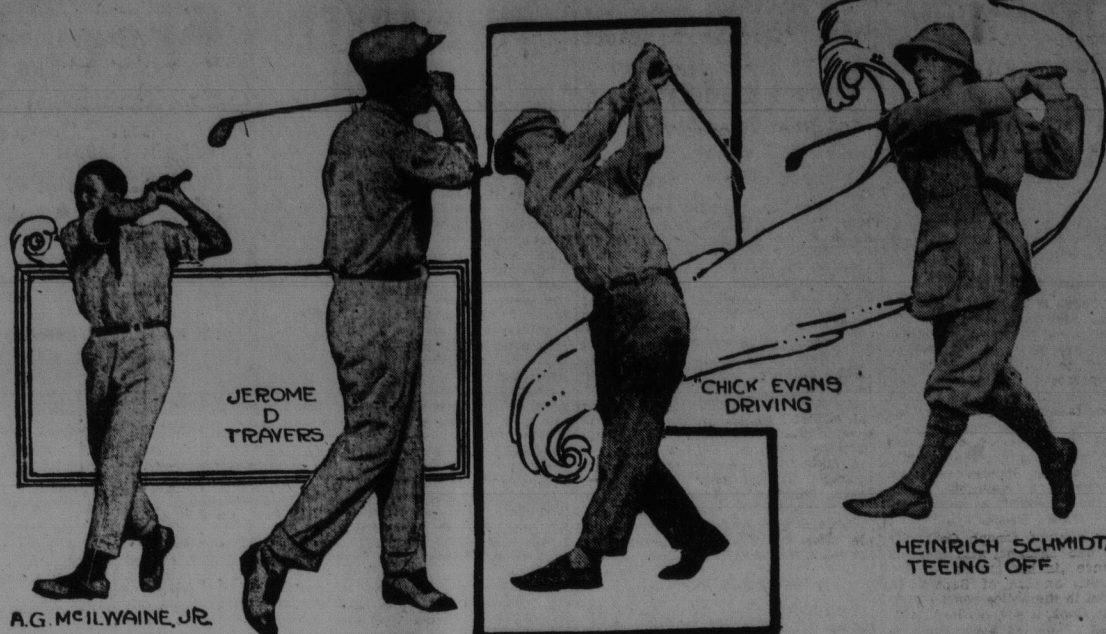

Geers held Reusens back until the stretch was reached in the fourth heat, and in a stirring finish with Cox and McDonald, forcing the lead less than ten yards from the finish. Judson Girl took second and Lord Dewey finished eighth.

The final heat between the first four trotters was a procession, with Reusens showing the way for almost the entire distance. A peculiar phase of this event was the fact that the first three heats were made in exactly the same time, 2:08 1/4.

Tom Murphy piloted Marigold to victory in the 2:06 trot, Santos Maid after the only opposition. Ben Zolock outdistanced the field in the 2:10 trot and but for an unfortunate break in the stretch in the third heat would have won in straight heats. Lady Grattan contested every inch of the way with the big black gelding but could not stand the grueling finishes. The 2:09 pace was won by Marietta, Princess Patch taking the second heat.

CRACK PLAYERS AT NATIONAL AMATEUR GOLF MEET

They say golf is a game of surprises. And those who say it know whereof they speak. It has no doubt been a game of surprises from the time it was founded, many years ago, but it is doubtful whether this fact has ever been more convincingly demonstrated than in the opening day's play of the National Amateur Golf Tournament on the Garden City links.

An epidemic of either poor golf or misfortune seems to have struck virtually every player who is regarded as having a chance of winning the title. Were not the scores down in black and white, it would be testing our credulity to tell us that such sterling players as Mason Phelps, the Western champion of two years ago; Oswald Kirby, of Englewood, one of the best players in the East; and Findlay S. Douglas, whose name is synonymous with golf, had failed to qualify for the championship.

LONDON CRICKET TEAM WON

Philadelphia, Sept. 9.—The Inconito Club of London today won the cricket match with the Merion Club at Haverford by an innings and 71 runs. The victors made 334 runs in their first innings, and the Merion eleven scored 105 in its first innings, and 158 in the second.

As in the first innings yesterday the Merion batting today broke down badly. H. S. M. Mulholland, of the inconito eleven bowled with great success, taking four wickets for only nine runs in the second innings.

When play was resumed today the Englishmen had eight wickets down for 319 runs in their first innings and were all out after adding 15 to their total. This gave the victors a lead of 229 runs as the Merions scored only 105 in their first innings yesterday. Most of the home team's runs in the second innings were gathered by the early batsmen, a veritable riot setting in toward the end and the side going out for 158.

G. R. R. Colman, 105, and Mr. Mulholland, 89, were top batsmen for the Englishmen, while the batting honors of the home eleven went to C. C. Morris, 68, and L. Lee, no out, 37.

PLAN TO FORM AN ATHLETIC ASSOCIATION

With a plan in view to boost sport in general in the city of St. John, a number of sport enthusiasts of the city will meet this evening in the Temple band rooms, Victoria street, North End, where some definite plan will be outlined to awaken interest in various lines of sport which previously held a leading place in the history of St. John. Several of the leading sportsmen of the city have consented to be present at the meeting, which is called for 8 o'clock, and those interested in the plan are optimistic over the success of the movement.

While it will take time to put the club in good standing and before it will be prepared to undertake some of the plans which those interested have in view, a start on the movement which is on foot will be made this evening, when the matter will be thrashed out. Hockey, football, boat racing, track meets, baseball and other lines of sport will come under the heading of the new club.

One of the chief ideas is to have annual Maritime meets in the city, such as are held by other cities of the lower provinces, and which it is believed could be arranged in St. John to good advantage.

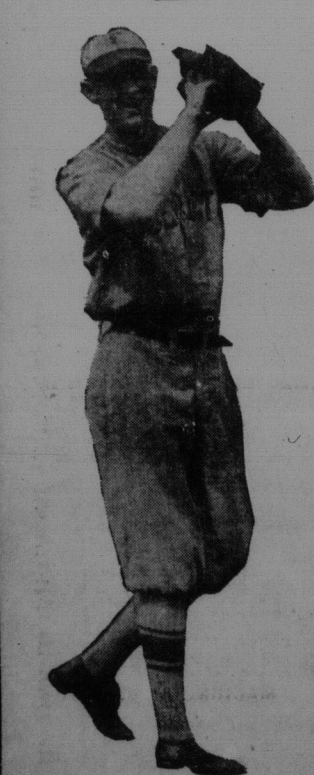

The plan, it is thought, would be a good advertising medium for the city and it is the intention later to seek the financial assistance of some of the leading business men here.

LANGFORD WON FIGHT IN 30 SECONDS

New York, Sept. 9.—Sam Langford, the colored heavyweight boxer, of Houston, earned \$1,000 his guarantee, to thirty seconds tonight by stopping John Lester Johnson, who is said to be the heavyweight champion of South Africa, in that time.

From the moment Langford striped for the bout, which was scheduled to go ten rounds, Johnson showed fight, and when the men were called into the ring the South African eluded away from his opponent. Langford landed a left to the stomach and in the clinch sent half a right to the jaw and Johnson took the count.

What's He Waiting For.
"Why don't you ask her to marry you? You've been calling on her for two years now."
"I know, but I'm waiting."
"You've heard her sing hundreds of times, and you like her voice."
"That's true."
"You've heard her play the piano. You know she's an accomplished musician."
"You've eaten meals she has cooked and you've seen her handiwork about the house. She'd make a splendid housewife."
"I know all that, but—"
"She's a delightful hostess. You've seen her when she was entertaining friends."
"I admit that."
"Then why wait any longer?"
"I'm waiting to see her in a quarrel with her mother. I want to see how she acts when she loses her temper."
Dr. Weldon, previously of the General Public Hospital staff, now of Mace's Bay, accompanied by his wife, is visiting in the city, the guest of Dr. Dalton, of Fairville.

BANG BICYCLE FEDERATION TEN YEARS OLD

It may be, as George Fitch has alleged, that motorcycling is a foolish sport, and that one can get the same sensations by cycling firecrackers, the logs and setting over an oil heater. This might be true, if the oil heater could be depended upon to blow up at the psychological moment. An oil heater, however, is a tame and ornate contrivance, which a bang bicycle could be depended upon to blow up at the psychological moment. It is the spic of danger connected with speeding around over the landscape in what, to the casually observing pedestrian, looks like an act of madness, that is responsible for the prevalence of the motorcycling mania.

The bang bicycle, as a sporting proposition, was born in Boston just ten years ago. It was on Sept. 9, 1903, that the Alpha Motorcyclist Club of that city called a meeting for the purpose of organizing a general association of the motorcycle enthusiasts of the United States and Canada. Forty-four wild-eyed devotees of the sport responded to the summons, and the Federation of American Motorcyclists was formally launched. R. G. Betts, of New York, was elected the first president. After drinking a toast in gasoline, the charter members of the F. A. M. departed to the several places where they occasionally slept and got their meals. The first annual meeting was held in July, 1904, at that time there were 192 members on the rolls. In 1905 the membership increased to 320, in 1906 to 825, and in 1907 the clan numbered 1,166. The present membership is over 20,000, all dyed-in-the-wool fans willing to put their dodging ability against anything smaller than an elephant or a motor-truck. The federation governs the sport of motorcycling and bang bicycle racing, and lays down the law for enthusiasts all over America. It has gone on record as opposed to speeding. This is the last of George Fitch, in an entertaining article on the subject, makes his enthusiast say: "What's the fun of being careful? You can be careful on a street car or in a hammock or a hearse. But if you're going to crawl along at twenty miles an hour just because you insist on seeing what is in front of you all the time you might as well travel in an automobile."

OPPOSITION TO LYNCH.

New York, Sept. 9.—When the National League elects officers next winter the prospects are that President Thomas J. Lynch will have some strong opposition. According to reports that come from Chicago, Joe O'Brien, who was secretary of the Giants last season and prior to that was president of the American Association for several years, is being groomed for Lynch's job.

There is no question that Lynch has lost the favor and support of a number of the old club owners. He has been severely criticized for the manner in which he assigned his umpires.

CAPTAIN CHARGED WITH LANDING UNDESIRABLES.

Sydney, Sept. 9.—Three Asiatics, an Arab and two Turks are being held here charged with desertion from the coal company's collier, Kron Prinz Olav.

It is learned the local agent of the department of immigration has lodged information with the captain of the boat charging him with landing undesirable Asiatics here. The boat sailed before the case was disposed of in the local courts.

SANDY WILL SERVE IT.

Gloucester, Sept. 9.—Sandy Ferguson, the pugilist, who was sentenced to serve eight months in the House of Correction and to the payment of a \$30 fine, and who appealed, could secure no bondsmen.

Accordingly Saturday he was committed to Salem Jail. This morning he came down from Salem and with a few in appeal and will serve out his sentence.

THIS DATE IN RING ANNALS

1849—Bendigo defeated Ben Caunt in 32 rounds at Salford, England. The clever and acrobatic Bendigo won from the giant Caunt on a foul after 2 hours and 10 minutes of fighting. Caunt has been the victor in this battle but he has not been attacked by his opponent's followers around the ring-side at a critical time. Bendigo was all but out, but the fight between the fans gave him time to recover. This is also the anniversary of a famous long fight between American heavyweights, which was pulled off at Caldwell's Landing, N. Y., in 1841, when Tom Feyer defeated John McClusker in 101 rounds.

1869—Packy McFarland and Ray Brown fought 20-round draw at New Orleans.

1912—Cyclone Johnny Thompson and Knockout Brown of Chicago fought 6-round draw (police interfered) at Peoria.

NATIONAL DIRECTORS TO MEET.

Brooklyn, N. Y., Sept. 9.—President Ebbs, of the Brooklyn club, who is chairman of the National League board of directors, today requested President Lynch to call a meeting of that body at Cincinnati on September 16 to act on the appeal of the New York club from the decision awarding the forfeited New York-Philadelphia game of August 30 to Philadelphia.

WOLGAST RETIRES FROM RING.

Portland, Ore., Sept. 9.—Ad Wolgast, former lightweight champion, announced today his final retirement from the ring.

"I have just completed the purchase of a ranch near Medford," he said, "and shall settle there permanently after a brief visit to my old home in Michigan. I positively will not fight again."

Wolgast attributes his recent defeats to the effects of an operation for appendicitis.

DRINK HABIT

Dr. Richardson, Leading Alcohol Expert of the World, says,

Can be Cured in THREE DAYS

Dr. Richardson in his Treatise on the Liquor Habit says:

"While the older methods for the Liquor Habit took one to three months or more, and were not satisfactory, the Gatlin is a scientific treatment, which accomplishes this result in just three days. This is harmless, as even a child can take it, and there is not even one case on record where it has failed to cure. They have 67 Institutes and have effected over 100,000 cures."

Not only is the poisonous alcohol taken from the system, and an abhorrence given for all strong drink, but health and strength are soon restored, nerves steadied, sleep and appetite regained, and a man becomes master of himself.

PUGILIST AND OFFICIALS IN TROUBLE

Los Angeles, Calif., Sept. 9.—Jess Willard as principal; Thomas L. McCarry, as promoters, and ten others interested in the fatal Willard-Young fight at the Vernon Arena, on August 22, are held to the superior court, charged with murder in the second degree.

The decision was rendered by Justice Summerfield, of Vernon, before whom the preliminary hearing of the accused men was held. These held to the higher court, besides Willard and McCarry, are: Al Greenwald, promoter; Tom Jones Willard's manager; Harry Gilmore, Jr., Young's manager; Al Harder, timekeeper; Charles Eytan, referee; Walter Monahan, John Davies, Charles Anslinger, James Cameron and Eddie Webster, second.

In addition to the charge of murder in the second degree, charges of prize fighting rest against the accused men. The bonds of \$5000 for Willard and \$1500 for each of the others, were left unchanged.

BALL PLAYERS FINED.

New York, Sept. 9.—President Barrow of the International League, today fined players Dalton and Swain, of the Newark club \$50 each and suspended them for three days for their action toward the umpire in the game at Newark Monday.

EVIDENCE ISAACS CASE

Andrew Miles Tells Transaction Over in Alberta—Hearing Journal Until Monday

The case against Richard D. H. charged with uttering forged documents of title to land in Edmonton, to Andrew Miles, manufacturer, agent, and Albert McArthur, store owner, was begun yesterday morning before Judge Ritchie in the police court. The prosecution was represented by J. B. M. Baxter, K. C., and G. Fenwick, deputy attorney-general. The defense was given by Miles, and John A. Barry appeared for prisoner. Thomas McCullough, sworn in as court stenographer, court room was well filled with jurors.

Mr. Miles was on the stand all morning, telling of dealings with the defendant, and giving part of the same evidence in the McArthur case. The evidence of John S. and M. J. Isaacs was taken on a journey made until Monday noon at two o'clock.

Mr. Miles said that he had Isaacs only for a short time in the alleged transactions. Albert Arthur had introduced him. He had a conversation with Isaacs on March 4. They went into the ticket office in King street to map showing the town of Edmonton, subdivisions, lots, etc. When it was returned to him, there were tangle lines in red and black drawn on the map. The lines he previously been there.

Isaacs, he said, told him he had him twenty lots for \$500. witness said he agreed to buy Messrs. McArthur and Fred. He paid him \$500 on the day of title. Each was to receive his title to the lots, the witness seven lots. Mr. McArthur seven.

The certificates of title were issued by the defendant's brother J. Isaacs. Mr. Miles identified the produce in court as a question and also a receipt for a some given by Isaacs to him payment. The witness noticed a certain section had been cut from the certificate and he wrote the defendant in Montreal concerning it.

A letter received in reply said in regard to title, Mr. Miles' title registered in Edmonton land. "Your title is so clear that I would have to do would be to it in Edmonton; you would be short of lots in the avenue in question of the title of the title." If Mr. Miles were to be able to forward the certificate, he would have to be able to have something possibly more embedded in it. Another witness was read telling the witness that another year there should be of over 50 per cent and with prospects so encouraging, a bright should gleam on the horizon.

Mr. Miles said that he had seen Isaacs' handwriting and he had something possibly more embedded in it. Another witness was read telling the witness that another year there should be of over 50 per cent and with prospects so encouraging, a bright should gleam on the horizon.
