MacKenzie, second secretary-treasurer of the Customs Association and formerly vice-president of the Civil Service Federation of Canada.

THE WAR VETERANS' REGULAR MEETING

Reports Received from Committees Last Night - Cup Presented for Football Members.

The Great War Veterans Association met in regular session last evening. The sports committee reported that efforts were being made to secure shells for rowers. In order to promote interest in football Comrade Bittle presented the association with a handsome silver cup for competition. Other matters of a routine nature were discussed.

The meeting was called to order by President Norman McLeod. Comrade Durey, who was a delegate to the Dominion Convention of Veterans in Vancouver, presented his report, the chief points of which have already appeared in the press. Comrade Morgan for the sports committee reported that his committee was negotiating for shells for the rowers. There were several boats in the city, which may be secured. It was felt that as the association is to permanently take part in water sports that proper equipment should be secured and it is hoped that citizens having apparatus of this kind, will make it available for the use of the members of the G. W. V. A.

The Veterans of St. Stephen are to hold sports on August 9. The local association will send a baseball team and other athletes to compete there. About twenty new members were initiated at the meeting and there was great interest shown in the proceedings.

Y. W. C. A. Meeting Held Yesterday

Travellers' Aid Committee Reported Meeting 267 Trains, 34 Boats and Gave Instructions and Assistance to 128 People.

A feature of the work of the Y. W. C. A. which has received little public recognition, but which has been a great advantage to the travelling public, was brought to the attention of the board of the association which met yesterday with the president, Mrs. John McAvity in the chair. The Travellers' Aid Committee reported that members had met 267 trains and 34 boats, and 176 people had been taken to the home as transients, and 128 people had been given instructions and assistance, enabling them to proceed on their journey. Many interesting cases were cited of the value of the work undertaken by the association in this connection, and of the appreciation and gratitude of those who had been helped along on their travels. It is not only that women and children are helped; the knowledge that representatives of the association are in attendance at trains, at boats, is a protection to young girls.

Reports of various committees were read, showing activity in many lines of good work. It was reported that 16 girls are now boarding at the home of the association, and many more would like to take advantage of the accommodation of the home, if it were not needed for transients.

ST. JOHN'S GREATEST MERCANTILE EVENT

Its Popularity Grows Over the Peace Holiday. Starting in again Monday morning after the Saturday Peace Holiday, Oak Hall's Annual Mid-Summer Sale proved even more popular than on the opening days of last week, which culminated in such crowds on Friday evening that it taxed the efficient Oak Hall sales staff to its limit to keep things moving.

Although thousands have already attended this great event and made many money-saving purchases, it does not follow that only odds and ends are to be found for the balance of the week. Oak Hall spent months in preparing for this Sale and were fully prepared for just such demands as have already been made on them, so that every morning finds the tables in the various departments replenished with nice fresh, crisp merchandise. This will be so right up to the closing day, consequently those who were unable to attend the first few days will still find it comparatively easy to get what they desire, as well as many other money-saving opportunities which possibly they had not thought of but can safely take full advantage of.

St. John's Greatest Mercantile Event comes to a close this coming Saturday at one o'clock, so do not hesitate too long in deciding to visit it.

St. John Soldier Died While Bathing

Private S. Russell Lenihan Lost His Life in Fredericton Yesterday Afternoon - Remains Brought-Home Last Night.

Private S. Russell Lenihan, the 20-year-old son of Patrick and the late Ellen Lenihan, 114 Queen street, died while bathing in the St. John river at Fredericton yesterday afternoon.

A member of the Army Medical Corps he had gone in bathing with some others from the military hospital, and it is thought that he got beyond his depth. The cause of death, which occurred at four o'clock, was given by the doctors last night to be shock and heart failure rather than suffocation. He was under water only a short time but the efforts of the doctors from the hospital, with the assistance of the public pulmonologist, failed to resuscitate him.

The late Private Lenihan enlisted two years ago in the Army Medical Corps, but on account of two brothers being already overseas, he was kept on home service and was stationed at Woodstock for a while, and then at Fredericton, acting as hospital orderly at both places.

His brother Frank was killed at the battle of Passchendaele in November, 1917, and another brother, Jim, an original of the 15th Highland Battalion who saw service right up to armistice and who returned home last February, was at Fredericton taking a course in vocational training at the time of the accident. One other brother, Gordon, is at home.

The body was brought home last night by John Lenihan and two members of the medical staff at Fredericton, and the funeral will probably be held tomorrow morning.

CHAUTAQUA TICKET CAMPAIGN IS ON

"Ticket Day," the day in which the drive was to sell Chautauque Season Tickets, closed with a considerable number disposed of. The Chautauque guarantors have pledged themselves to sell 600 tickets. They also hope to oversell, in order to pay for their advertising and local expenses.

No season tickets will be sold after Tuesday, so that those who fail to buy their tickets must pay their single admission fee at the entrance. Something that the average person, perhaps, does not understand is the fact that a season ticket is so cheap that it pays to buy one, even though the purchaser can attend only two or three programmes. Tickets may be purchased from any guarantor or at Nelson's Book Store, A. C. Smith & Co., Gray & Ritchey, or The Ross Drug Co.
