

STRUCK BY TRAIN.

Wilbert Giggey Badly Hurt at Milford Crossing.

HIS HORSE WAS KILLED. Driver Tried to Cross in Front of Boston Train—Horse's Feet Cut Off and Giggey Had an Arm Broken and His Body Badly Bruised.

Young Wilbert Giggey is lying at his home with a broken right arm and badly bruised body, the result of contact with the Boston express Monday noon. It is miraculous that he isn't dead. The horse he was driving was killed instantly and in a flash Giggey was practically buried beneath the ruins of the wagon and its contents.

The lad is nineteen years of age, the son of Wm. Giggey, of No. 20 Adelaide street, or rather Millidge Road, for the house is about a half mile beyond Newman's Brook.

Richard Davis, a neighbor, is constructing a building and Giggey has been hauling shapboards for him, using a horse belonging to Geo. Seelye of Millidgeville Road.

Monday forenoon Wilmet and Mr. Davis were hauling a load city ward and attempted to pass Milford railway crossing before the incoming Boston express. The speed at which the train was approaching was evidently deceiving for the boy was almost upon the rails before he realized the danger of attempting to cross.

A few moments previous, Mr. Davis had jumped off the wagon, the locomotive struck the horse in the head, killing it instantly. The shafts were shattered, the sled was hurled aside. It toppled over and the driver was hidden from view by the tangled boards. The train stopped, and the crew did all possible to assist, and when the load was pulled from over Giggey, he was found nearly unconscious and badly cut and bruised. The horse had been severely mangled, both fore feet having been cut off. Dr. Morris, of Fairville, was in the vicinity of the crossing when the accident happened and he had Giggey removed to his office, where after his wounds were dressed and the broken bone set, he was driven to his home. The train, which was in charge of Conductor J. C. Johnston of Chesley street, was detained about forty minutes.

Miss McCarron of St. John, who was to have been married to deceased in April was present at the time funeral of late Recorder Townshend very largely attended.

Amherst, N. S., Feb. 27.—(Special)—An unusually sad and pathetic death occurred here last night, when William M. McIsaac, manager of the Union Life Insurance Company, died suddenly at his boarding house, Victoria street.

Mr. McIsaac had been suffering from grippe for the past week, but no serious results were anticipated until last evening. After having taken a fairly hearty tea he was taken with a sudden weakness and expired within a few minutes.

Miss McCarron, of St. John, to whom he was to be married in April, was with him when he died. She and Mrs. McDonald, of Fredericton (N. B.), accompanied the body to Port Hawkesbury (C. B.), where his people reside. Mr. McIsaac had been in Amherst only a few months, but by his quiet, kindly disposition had made many friends.

The body of the late Recorder J. M. Townshend was this afternoon buried in the Church of England burial ground. The business of the town was generally suspended, and the funeral cortege was without doubt the largest in the history of the town. The outside of the town hall was draped, as was also the interior of the church, where the beautiful burial service of the Church of England was read by Rev. Mr. Cresswell, the rector, and the following hymns rendered by the choir: Now the Labours' Task is O'er; My God and Father While I Stray, and On the Resurrection Morning.

The procession which accompanied the body was under the direction of Mayor Rhodes, in the following order: Mayor and Council, members of the Board of Aldermen and Councilors, members of the Amherst fire department, members of the Ramblers Athletic Club, members of the I. O. F., members of A. F. and A. M. Lodge.

Following the hearse were the chief mourners, among whom were his son, Kenneth J. Townshend; his brother, Judge Townshend, and Dr. A. S. Townshend, Colonel C. J. Stewart, P. W. St. George, C. E. Montreal; James Dickey, Dr. C. W. Bliss, Mr. Hennessy, of Bangor (Me.); W. C. Miller, Sackville; H. A. H. V. and F. Hillcoat; T. S. Rogers, H. Purdy and Harvey Pipes.

At the grave following the closing portion of the church service, conducted by Rev. Mr. Cresswell, the Masonic brethren assembled around the grave and led the worshipful master, G. M. Doull, laid their deceased brother to rest with Masonic honors.

DIED ON BOARD SHIP.

Body of Wm. Scott of Montreal Brought Here on the Lake Erie.

DEATH WAS SUDDEN. Passed Away While Sitting in the Cabin—The Erie Brought 594 Passengers for Canadian and United States Ports.

The C. P. R. steamer Lake Erie, Captain F. Carvy, arrived from Liverpool and was docked at No. 3 berth, Sand Point, at 11 o'clock Monday morning.

The steamer brought a large general cargo and 594 passengers, as follows: Twenty-nine sailors, seventy-one second cabin, and 494 steerage. The steerage passengers are mostly for Canada. Of the steerage, 168 are en route to the United States, and 329 for Canadian ports. Of the second cabin passengers, sixty-seven were en route to Canadian ports and four to the United States.

The steamer left Liverpool on Tuesday, Feb. 18, and on the second day out, William Scott, aged seventy-three years, died of heart disease. The body was well known Montreal merchant, and with his son, W. A. Scott; his daughter-in-law, and two daughters had been touring England. On Thursday, the 21st, while sitting in his chair in the first cabin, the old gentleman was seen to fall over, and before Dr. R. M. Fisher, the ship's surgeon, could be summoned the man was dead. The body was brought here and was taken to Montreal on the Pacific express for interment.

The passengers on the whole were the best lot that has arrived here this season. Very few medical cases were held by the examiners, and not a great many other cases. The passengers left for the west by special train leaving the west side at 11:15 o'clock last night.

CLEVELAND HAD NEGRO GUEST AS WELL AS ROOSEVELT.

Wordy War in Congress Over the Matter—"Stand Pat" Policy Scored by Massachusetts Republicans.

Washington, Feb. 29.—During consideration of the district of Columbia appropriation bill in the house today, Mr. Scott (Kan.) made the declaration that a negro had dined at the White House with President Cleveland during the latter's first administration.

The statement was prompted by a reference by Mr. Gilbert (Ky.) to the dining of Booker T. Washington at the White House. When the name was demanded, Mr. Scott said it was C. H. J. Taylor, who was appointed by President Cleveland as recorder of deeds for the district of Columbia.

Mr. Gilbert observed that he and others had never heard of the incident but the Democrats were not "particularly claiming Mr. Cleveland, and Mr. Coolidge (Mass.) said it was but cumulative evidence that "there is no better Republican in the country than Grover Cleveland."

Mr. Scott, in concluding Booker T. Washington with Taylor, said the former was a man of recognized ability while he declared there was nothing to commend the latter on the matter to receive a large sum of money.

Another feature of the day was the declaration by Mr. Lovering (Mass.) while the Republican party was talking about "standing pat" on the question of doing away with the manufacture of dynamite, that "our boasted property is fast coming to an end" because of the rawback system and give the United States a new market which was now demanded. Mr. Lovering was loudly applauded on the matter by the Democrats.

The Artful Japness. A story is being told which sheds an interesting light on the marvellous foresight and precaution that characterized the preparation of the Japanese for the present war. Some years ago a Japanese agent came to Philadelphia with a letter of introduction to a prominent Philadelphian who had travelled in Japan.

The Philadelphian tells the story. The letter was written by a Japanese official who knew the Philadelphian and it stated that if he would help the bearer in what he desired the favor would be greatly appreciated. The favor was for the Philadelphian to simply introduce the agent to a first-class firm of tailors. This was done and the agent described as a responsible person. He had plenty of money and a bargain was made with the firm, the latter to receive a large sum of money.

The operatives were required to dress in the clothes of laborers and secure work in Canada shipped and then to gather full information about the business battle ship Varlag, then in early course of construction. This they did and the Japanese government was supplied with every detail in the construction and armament of the Varlag. The officials at Cramps do not yet know exactly how the Japs obtained it—Philadelphia Press.

I had several doctors attend me but they did me no good. I could get no relief until I was urged by a friend to try Milburn's Heart and Nerve Pills. VICTORIA TO BE A WESTERN GIBALTAR. Americans Hear That Britain is Rushing Guns and Supplies There Post Haste. (Associated Press). Seattle, Wash., Feb. 29.—England is hurrying supplies, guns and ships to Victoria and plans to make it a western Gibraltar. These preparations for defense have been long in progress, but it is only since the war in the Orient began with the possibility that England may become involved that the work has been pushed with energy. It is generally known that the squadron is being enlarged greatly by vessels now rounding Cape Horn and immense pieces of ordnance are on the way from Woolwich. The range limit of the old guns is seven miles, but the new ones will greatly exceed this distance.
