ght be beter than ten at first.

Mr. Donald favored the bill as it was,
If the young were as liable to meet such
at has the old.

Shipwreeks that have occurred distance within a comparatively short distance of these unmusical alarms. Carelessath as the old.

The Attorney General, in reply to Mr. ness on board the ill-fated ships has we will describe the search of The Attorney General, in reply to Mr.

The Attorney General, in reply to Mr.

Havington, said the operation of the bill been the common verdict when investiwould not be retrospective.

The out was agreed to without amendgation has shown that sounds were not

from the land, instead of trusting first to their own reckoning and soundings and looking on the established signals as of merely secondary importance. Some of our own scientists should institute a series of experiments off this harbor. The Government, we should suppose, would lend its aid and countenance.

Simultaneous Elections.

Our electoral system is a relic of the at the time of his death. past. Once the polling took place in different parishes on successive days, an election dragging its slow length along from parish to purish. Now County after County records its verdict costing \$25:

To the agents who send the second, third may be expected to do something for may be expected to do something for its establishment. It is quite probable that, before many years, every Province of the Dominion will have adoptine of the prizes will please inform us, and an account will be kept with each in order that a fair decision may be made at the little reform. Dr. Alward has introduced a bill into our Legislature for making the late elections, and able to leave my bed, I became discouraged.

After my physician gave me up, I was induced to use yeur Compound Syrup of Hypophosphites, and the effect was wonderful. In two days I felt the benefit of it, and after taking half a bottle I was entirely free from the complaint, and to this day have not been troubled with a return of the heart disease. Yours very that a fair decision may be made at the bill into our Legislature for making truly, the elections for the Assembly simultaneous and it ought to pass. It will The bark Stag, of Halifax, N. S., Kerr, be opposed because it will prevent master, at New York 19th inst., from

> MARCH. In the snowing and the blowing,
> In the cruel sleet,—
> Little flowers begin their growing
> Far beneath our feet.
> Softly taps the Spring, and cheerly,—
> "Darlings, arb you here?"
> Till they answer: "We are nearly,
> Nearly ready, dear."

"Where is Winter, with his snowing?
Tell us, Spring," they say;
Then she answers: "He is going,
Going on his way.
Bear call Winter does not love you. Set you free at last!"

—M. M. D., in St. Nicholas for March.

Mr. Here the production is a distance of the strained of the s

ings and watch for the land. Many ships have been cast away because their commanders trusted to seeing a light or hearing a whistle at a certain distance called "Queen Ann," and for whom he had a reverence amounting to fear. He had only been married about fifteen years
