RAILWAY For Diseases of the Throat and Lungs.

A MONG the great discoveries of modern Ascience, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all cluses, establishes the fact that Cherry Pectoral will and does relieve and cure the afficting disorders of the Threat and Lungs beyond any other medicine. The most dangerons affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond disput. As a romedy it is adequate, on which the public may rely for full protection. By curing Conglis, the forerunners of more serious disease, it saves annumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmouary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tongerlangs need this defence; and it is unwise to or without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Cherry Perroral, is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedi y and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Broughtits, when they know how easily they are all the properties of the properties of the properties of the properties.

Sold by all Druggists Tyvery where.
