

27069-3

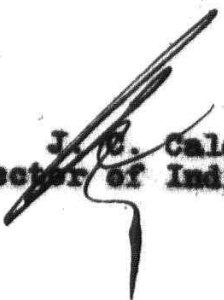

Ottawa, February 12, 1930.

Dear Mr. Challies,-

I thank you for your letter of the 7th instant, with further reference to the question of the proposed flooding of the Coocococache Indian Reserve.

The Department will keep in mind your suggestion concerning the choice of alternative locations, and it is possible that sufficient information in this regard may be secured in the next month or so. If not, however, one of our officials will visit the location for this purpose, and before doing so will get in touch with your Company. Your consideration and courtesy in the matter are very much appreciated.

Yours very truly,

  
J. B. Caldwell.  
Director of Indian Lands & Timber.

J. B. Challies, Esq.,  
The Shawinigan Water & Power Co.,  
Power Building,
