

#### OPINIONS ON LOVELL'S GENERAL GEOGRAPHY.

I must sincerely congratulate you on the mechanical as well as the literary execution of the book. No existing work can be held to excel it.—*Rev. A. de Sola.*

By the prominence given to our own and the other Colonial possessions of Great Britain and the due proportion of space assigned to other countries, it is much more suitable for the use of our Canadian youths than Morse's and other similar Geographies, which give such undue proportions of space to the United States.—*Rev. Henry Patton.*

Until your book shall be in the hands of our youth, the only notice, so far as I am aware, that our growing country, one of the finest in the world, and likely soon to be one of the most important, has obtained in works on General Geography, is only what can be crowded into some half dozen pages of some small book.—*Rev. C. P. Reid.*

This Geography—without controversy the best yet given to the British American public—will do much toward exalting the popular estimate of this branch of study, and fostering the patriotism and loyalty of our people.—*Rev. A. Carman.*

And while it does credit to your enterprise, and to the skill and talent of the accomplished Author, I doubt not that it will be hailed by every intelligent teacher of youth, as well as by a grateful community, as a boon much needed and well timed,—calculated at once to save the minds of our youth from improper associations, and to lead them to cherish national and patriotic feelings.—*Rev. Dr. Urquhart.*

The plan is most excellent, inasmuch as it contains *multum in parvo*, and brings into one view an immense mass of useful information, abridging the labors both of teacher and taught in no ordinary degree.—*Rev. David Black.*

I am much pleased with the plan and style of the work. It cannot fail of being useful in the schools for which it is intended.—*Rev. J. Goadby.*
