

Your After-Supper Job

When the big day's work is over, and the little odds and ends are cleared up—that's about the only time you have to look after your records—to attend to those matters of cost and expense keeping that are pointing the way to more profits in modern farming.

And when these papers and records are kept in a convenient place—a place where you know they'll be when you want them—won't it encourage you to keep them up-to-date instead of "putting the job off till another time?"

An "Office Specialty" Half Section Stack is ideal to put alongside your desk, writing table or book case. In it there's a place for your letters; your machinery, seed and vegetable catalogs; a place for your milk and produce records, labor and expense sheets; there's a place for every thing and in such "get-at-able" form.

Half Section Stacks, built in sections to fit your needs, are furnished in rich, warm oak. So besides serving a useful purpose they fit appropriately into the furnishing scheme of your home. Simply return this ad with your name in the margin and we'll send descriptive folder with prices.

Boys and Girls, When You Want Money

Do you go to your fathers and mothers for it? Money that comes in that way has little value to you, and you don't enjoy the things it buys half as much as if you had earned the money yourself.

The boys and girls who learn to earn and save now will be the successful men and women of the future, for it does not matter how much you earn, if you do not save, you will always be worried by lack of money, and your lives will not be as efficient and happy as they ought to be.

Perhaps you get money from your parents when you want things, because you have not many opportunities of earning it otherwise. There is one way that you probably have not thought of.
