## Look for the Sign of the Grain-Saving Stacker

THE Grain-Saving Wind Stacker saves the grain wasted in the ordinary process. It saves enough, in fact, to pay the threshing bill.

For this reason the Grain-Saving Stacker is the most important improvement in threshing machinery that has been developed in the last twenty-five years.

On your job you can be sure that your grain will go to the sack where it belongs and not in the stack. Insist that the separator must be equipped with the Grain-Saving Wind Stacker.

Manufacturers of the famous makes equip with the Grain-Saving Stacker. Write to any of the list below for full information

See that this trade-mark—in colors—is on each side of the Wind Stacker you buy or hire. It indicates the Grain-Saving Wind Stacker.

The Grain-Saving Stacker Originated With the Indiana Manufacturing Co., Indianapolis, Ind., Who Also Originated the Wind Stacker.

## Gossip.

In our report of the Guelph Fat Stock Club sale we gave the heifer Fancy Miss as being purchased by Duncan Reid, of Hillsdale. We have been informed that this should have been R. Reid.

The shipment of Ayrshire cattle which recently arrived in this country for Hunter Bros., contains a large number of outstanding representatives of the breed. They were imported direct from Adam Montgomery, Lessnessock Stables, Scotland. A number of breeders in Canada have already visited the herd while in quarantine and negotiated with the owners for some of the animals. McIntyre Bros., of Sussex, N. B., have purchased a valuable pair. We understand that the cattle are particularly true to type. It is expected that another shipment of Ayrshires will soon arrive at St. Johns for the well-known Canadian breeder, R. R. Ness.

## Holstein Herd Sires.

In the advertising columns of this issue will be noted an offering in young Holstein herd sires from the herd to T. W. McQueen, of Tillsonburg, Ontario. Mr. McQueen's herd is one of the larger and better herds of Oxford County, and the bulls offered are sired by Lyons Hengerveld Champion, whose dam, Madoline Dora De Kol, is a 25.83-lb. three-year-old daughter of the great 34.48-lb. cow, Baroness Madoline, who also made 23,673 lbs. of milk and 1,122.5 lbs. butter in a year. On the sire's side, Lyons Hengerveld Champion is got by King Lyons Hengerveld, a son of Blanche Lyons Johanna and King Peter. The calves offered for sale are nearly all from tested dams, the majority of which are daughters of Mr. McQueen's former herd sire, Louis Prilly Rouble Hartog. There are also a number of younger calves which are mostly from daughters of Louis Prilly Rouble Hartog, and sired by Mr. McQueen's great young herd sire, which is a 34.43-lb. grandson of Avondale Pontiac Echo. These youngsters advertised are splendid individuals and all are, we understand, priced to sell.

## Questions and Answers.

## Miscellaneous.

## Rural Mail Box.

1. When a man has sold his farm and has an auction sale, can he sell the mail box and post?

2. Can he take the box with him and sell the post?

R. J.

Ans.—1 and 2. We would say, yes, in answer to both questions if we may assume that there is nothing in the agreement of sale of the farm to the contrary.

## Husband and Wife.

A and B are man and wife. Some seven or eight years ago they bought a farm. The deed is made out in B's name. B pays \$500, or one-ninth of money. A has no money but has all the chattels and implements to run farm. Four-ninths I borrowed from a relative living with B, and four-ninths from a stranger. In the course of time A puts \$500 life insurance into farm and also works farm and pays off all debt. Now B is about selling farm for \$7,000.00.

1. Is A entitled to any of the money from sale of place?

2. Can A come on B for a living out of price of farm?

3. Is B entitled to any of the money from fat cattle or hogs, or any chattels sold off place?

4. Is B entitled to money for hay or grain or potatoes or anything likewise sold off place?

5. Can B compel A to provide a living for her after sale of property?

W. B.

Ans.—1, 2, 3 and 4. Having regard only to the law applicable to these matters, we would answer all these first four questions in the negative.

5. Ordinarily a husband is legally bound to support his wife, but under the circumstances stated B might have considerable difficulty in compelling A to provide further for her.
