A crop that pays may not pay as well as it should.

Potash

is a plant food which all crops must have. Without sufficient Potash to feed upon no crop can reach that point where it pays best. Experiments have demonstrated the value of Potash.

We will send free, to any farmer who will write for it, a little book that will give facts in full.

GOSSIP.

It is often remarked that an unaccustomed traveller can get on pretty well if he will keep his eyes and ears open. A native of Ireland landed at Greenock, and wanted to take the train to Glasgow.

Never having been in a railroad station, he did not know how to get his ticket; but he saw a lady going in and determined to follow her lead.

The lady went to the ticket-box and, putting down her money, said: "Maryhill, single."

Her ticket was duly handed to her, and she walked away.

Pat promptly planked down his money and said: "Patrick Murphy, married."

People are never aware of their own peculiarities of dialect. The half-educated Cockney cannot understand what people mean in saying that he drops his "h's." Many Scotchmen as well as Irishmen are quite sure they are faultless of accent, even when they are richly endowed with it.

It is related of a Scottish literary man, who has for some years been a resident in London, that he was taken to task one day by his own daughter for the broadness of his utterance in pronouncing the word "difference."

"How do I pronounce it?" he asked. "You say 'difference,'" she answered. "And what do you say?"

"Difference," she rejoined. Looking at his daughter a moment and getting her to repeat the word, he said:

"Well, now will you be so kind as to tell me the difference between 'difference' and 'differance.'"

CANADIAN WINNERS AT CHICAGO.

In the classes in which exhibits were made by Canadian breeders at the late Chicago International Live Stock Show, they were remarkably successful in winning important prizes. In Clydesdale horses, they won the championship for the best stallion and the best mare, any age, and in various sections of the class, the first for three-year-old, two-year-old and yearling stallion, the first for aged mare, the second, third and fourth for yearling mares and the first for a group of four the get of one sire. In Hackneys, the first for aged stallion and for three-year-old stallion and the championship for best stallion any age were won by Canadians.

In the breeding cattle classes no Canadians exhibited, but the champion Shorthorn female, all ages competing, was bred in Canada. The first-prize cow of the same breed, who was the reserve number for the championship, was purchased by her owner in Canada. The first-prize junior yearling bull was sired by a Canadian-bred bull. The first-prize senior yearling heifer was bred in Canada, and the second-prize heifer, in same section, was from Canadian-bred sire and dam.

In the sheep, Canadian breeders showed strongly in a number of classes, and made a splendid record in prizewinning in every class in which they competed. In Shropshires (breeding class), they won second for aged ram and shearing ram, first and second for ram lamb, first and second for yearling ewes, second for ewe lambs, first for flock, first for four lambs the get of one sire and first for American-bred ewe lamb. In Southdowns, the first prize for yearling ram came to Canada. In Dorsets, the champion ram was bred and owned in Canada. In Cotswolds, the championship for the best ewe, any age, was bred and owned in this country, as was also the first-prize ewe lamb. In the class for Lincoln sheep, all the first prizes and championships went to Canadian exhibitors, and in the Leicester class the same record was made by Canadian breeders.

In the fat-sheep division, Canadian flocks made a brilliant showing, winning all the first prizes and championships in the Shropshire, Southdown, Dorset, Cotswold, Lincoln and Leicester classes. First for grade wether lamb of medium-wool type, and all the firsts and championships of long-wool type; also the grand championships for best wether lamb, any breed, grade or cross, and for the best five wether lambs, of any breed, grade or cross.
