

**THE
PEERLESS
WOVEN
WIRE
FENCE**

has achieved such remarkable success in the U. S. that we have acquired the sole right for its sale in the Dominion. The farmers of the States are shrewd judges of farm equipment, and the enormous sales of Peerless Fence is one of the best proofs that it is a fence of unusual merit. But we don't expect to sell you Peerless Fence on the endorsement of American farmers. If we can get you to read how it is constructed, read what kind of material goes into it, see the fence itself, we know you will want none other. It is a practical fence—a durable fence—a common-sense fence. Simple in construction, needs no repairing, because it's made right.

ALL No 9 WIRE

Peerless Fence is made of big, heavy, Galvanized Hard Steel Wire of perfectly uniform size throughout which, with the famous Peerless Lock, will turn any kind of stock and give long wear. Note the picture below—how securely, firmly it holds the upright and lateral wires—they can't be rooted up—nor shoved down—nor spread sidewise—it's locked to stay locked. That means stability—long wear, almost everything desired in a fence. Suppose you send for our fence book and get all the good points about this really good fence. They mean money, time and pleasure to you. A postal card brings it.

Daysland, Alberta.

American Fence Talks

American Fence is standard of the world. More miles of it are in use than all other fences combined.

It is made of steel that is exactly fitted for it. A woven wire fence can be made of wire too soft or too hard. It must be exactly right to render good service.

The structure of the American Fence is perfect. It is built of big, solid, galvanized wires, all No. 9 gauge if you prefer it, with the upright or stay wires hinged; in all heights and for all purposes

American Fence and Gates are for sale by dealers everywhere, or write us direct and we will send you a catalogue free, and tell you where you can get the fence and save money.

MANUFACTURED BY

The Canadian Steel & Wire Co.
HAMILTON, ONTARIO Limited

We make it a point to handle only the Best Land in the Best Wheat Country.

Improved farms at reasonable rates. Wild lands in the Saskatchewan Valley.

Pounds
of Rich
Butter**

can be made in any given time, from any given herd of any given breed—if the cows regularly receive small doses of Dr. Hess Stock Food, night and morning. Feeding cows to the limit of their digestion, which is so essential, is attended with no bad results, and stock of all kinds put on increased weight when fed.

**DR HESS
STOCK FOOD**

the prescription of Dr. Hess (M.D., D.V.S.). It contains tonics for the digestion, iron for the blood, nitrates to expel poisonous materials from the system, laxatives to regulate the bowels. The ingredients of Dr. Hess Stock Food have the endorsement of the Veterinary Colleges and the Farm Papers. Recognized as a medicinal tonic and laxative by our own Government, and sold on a written guarantee at 7¢ per pound in 100 lb. sacks; 55 lb. pail, \$2.00. Smaller quantities at slight advance. Duty paid.

A tablespoonful per day for the average hog.
Less than a penny a day for horse, cow or steer.

If your dealer cannot supply you, we will.

Ashland, Ohio, U.S.A.
Also Manufacturers of Dr. Hess Foddy Pan-a-see and Instant Louse Killer.

**Light
From
Above**

The ordinary lamp wherever used spoils all lighting effects by its downward shadow. Replace it with

The Angle Lamp

and the improvement will surpass belief. "No under-shadow" is a great feature. But for the quality of its light alone it is superseding gas and electricity in city and country homes. Its light has all of their power with none of their glare and unsteadiness—soft, mellow, eye resting, and absolutely none of the smoking and offensive odors of ordinary lamps, either. There is nothing like it for convenience. It lights and extinguishes like gas, without removing globe—one fitting burns 18 to 25 hours, costing about 18 cents a month for oil. Compare that with the monthly gas and electric bills, or even the cost of that troublesome, smoky, smelly lamp you are using. For quality of the light, economy and satisfaction for all lighting purposes, there can be no comparison. It is the cheapest and the best kind of illumination.
