Notice to Parents

The Schools and Colleges whose announcements appear in this issue are institutions of proven standing in their respective branches of education and The Guide believes that parents will make no mistake in selecting from them those which they consider best suited for the education of their sons and daughters.

COAL

The Fuel Controller allows coal dealers Two Dollars per ton for profit, cost of storing, office expenses, etc.

Why not save this charge by ordering from the mines direct?

Our Coal is the best grade of domestic fuel mined in Alberta and we will sell direct to you at wholesale rates.

We charge \$4.25 per ton, F.O.B. cars at our mine, Bullockville, for the best lump coal.

Plus Freight, this coal will cost you about \$5.75 at your own station. Compare this with the prices asked for the same grade of coal.

Wire or write your order and it will be shipped without delay.

A Carload contains about 32 tons and is sufficient to heat four or five houses for the winter.

ORDER AT ONCE

We attach Draft to Bill of Lading and you pay at your bank when it arrives.

vided to send each of our boys over- seas a letter and a \$1.00 bill, to get themselves a treat. Each lady chose one or two to write to. The Fairlight club is seven years old, and has always been a busy one. Last year they fixed up the hall and took over the management of it, and bought a piano to put in it. They have a Red Cross committee and through that are doing Red Cross work all the time. Nearly all are members of the Red Cross Society as well. The next meeting is to be a joint meeting between Walpole and Fairlight clubs. We expect a demonstration on the use of substitutes will be given by Miss Patrick, of the University. Mrs. H. I. Ely, club reporter.

Assisted With Red Cross Drive

The club has now been organized for two years, and is greatly appreciated in the district. A meeting is held on the second Wednesday of each month. At these meetings, which are of great social benefit, the members interest themselves in furthering patriotic work, and have aided the Prince Albert branch of the Red Cross Society by sewing articles needed by our soldiers. The club also takes an active interest in community affairs and has helped any deserving cases of want which have come to its notice. On July 19, a dance was held under the auspices of the club for the benefit of the Red Cross, and it proved a splendid success. After all expenses were paid, the generous sum of \$178 was handed over to the Red Cross. The members worked hard to make the dance the success it was. Ice cream and lemonade were made and sold; a cake donated by Miss Nellie Byrnes, was auctioned and an autograph quilt made by the ladies was raffled. At the time of the Red Cross drive in June, the club undertook the canvassing of the district, and donations received through this amounted to \$121. The members are now planning to hold a sale of work, proceeds of which will also be donated to some patriotic purpose. At our last meeting, we had the privilege of hearing Mrs. Milne, of Qu'Appelle, Sask., speak on the subject of Scientific Housekeeping. The members are grateful to Mrs. Milne for her interest in the welfare of the club and hope to hear her again address them. Catherine Laidlaw, club reporter, Stanleyville Homemakers' Club, Prince Albert, Sask.

An Opportunity to Visit

Clarksdale Homemakers' club was organized in the spring of 1914. No many of our members have left the country that we have only seven members now. We have had one meeting since our annual meeting in March. In the meantime we have been working and have raised a little money which will be sent to some Red Cross branch. For a program at our meetings we usually have some interesting reading. These meetings are the only times we see one another as we live far apart. We have no rest room, we meet at our homes. Sec. Treas., Clarksdale, Homemakers' Club.

Sexton's Rapid Growth

The Sexton Creek U.F.W.A. local, organized in March of this year has now a membership of 24. Meetings are held at the homes of the members the second and fourth Thursdays of the month. While business is being disposed of, discussions and readings on interesting and instructive topics are given, and fingers are busy with Red Cross work for the benefit of our soldiers. At the U.F.A. picnic held on June 19, a net profit of \$183.65 was made from the sale of ice cream, lemonade, etc., by the U.F.W. members. Besides this, the sum of \$31 was realized from the sale of a quilt which was made by the ladies. Fifty dollars of this money has been donated to the Red Cross, and \$50 to the Y.M.C.A. Hot Fund. Mrs. R. H. McIsaac.

Works for Hut Fund

At a meeting of the Hindville U.F.W.A. held in June, ways and means for raising money for our Y.M.C.A. Hut were discussed, and some of the members volunteered to canvass the district for subscriptions. As a result of their efforts \$60 has been forwarded to the Central office for our fund. The mem-
