COUNTY AND DISTRICT.

According to the judgment of Police-magistrate Ryan, handed out to some of our young sports this week, playing hockey on the open pond on Sunday is a breach of the Lord's Day Alliance Act—\$1 and costs, please.—Ayton Advance.

Have You Warts?—You can cure them painlessly by Putman's Corn and Wart Extractor. Never known to fail. Be sure you get "Putman's" in 25c bottles.

Butter is becoming so dear in Montreal that the poorer classes are giving it up and using jam instead. That is the statement made by the retail men. The best creamery was sold last week at 40 cents, and this week 45 cents a pound. The retailers say that there is no hope of a change until the end of March at least. They have noticed a distinct falling off in sales of late, and find that cheap jam is being used as a substitute.

To Stop a Crying Baby—It may be cramps, perhaps colic, pain or gas on the stomach—but in any case a few drops of Nerviline soothes the pain and allows the child to sleep peacefully. Nerviline cures minor ills such as colds, headache, internal and external pains as well as any doctor—safe to use because a small dose is required. Mothers, you will find Nerviline an invaluable aid in preventing and curing sickness. Keep a bottle right at hand, some day you will need it badly. Sold everywhere at 25c.

The undertakers want Ontario legislation to compel all embalmers to belong to an association and pass an examination and have a diploma as competent embalmers. It would not seem to make much difference to a dead man whether he was competently or incompetently embalmed, or whether or not he was at all embalmed. The best thing to do with a dead man is to bury him.

Great Danger in Headaches—It's often dangerous to consider headache a trifling ailment. If the head aches, the stomach is out of order and some serious disease may be impending. To tone up the stomach, to give healthy action, nothing in modern medicines is so successful as Dr. Hamilton's Pills. The concentrated vegetable extracts in Dr. Hamilton's Pills have a quieting healthful effect on the stomach and remove all disorders. Your headache will be cured and they won't return, if you use Dr. Hamilton's Pills. Sold everywhere.

The girls have already formed their plans for leap year. To the bashful lover they will say: "Do you like homemade bread?" If he says yes, then the reply will be: "Well, I can bake it." Then if he doesn't take the hint, they are to seize both his hands, fall on their knees, and put the question direct.

A cow belonging to Mr. F. Chard near Flesherton, Ont. has recently been failing in flesh without apparent cause. Upon close examination tenderness was found to exist in a swelling behind the shoulder blade. An incision was made from which a lady's hat pin, eight inches long with large head, was extracted. A member of Mr. Chard's family lost the pin in the grass last summer and the cow evidently swallowed it while feeding.

La Grippe Coming Again—Europe is new in its grasp, and in a short time America will be over run with this awful epidemic. Get ready, use preventive measures. Build up a surplus of vigor by Ferrozone, and inhale Catarrhozone three times each day. Nothing destroys the gripe germ like Catarrhozone. It cures the cold, breaks up the fever, relieves the headache and destroys every vestige of catarrh and sore throat. For Bronchitis, Grippe and winter ills Catarrhozone is best. Sold by all dealers 25c and \$1.00.

An immigration regulation will be issued shortly providing that, after April 15 next, any person coming into Canada on assisted passage, and drawn from any charitable or similar institution, and being sent by public funds, will be subject to exclusion, unless he is provided with a certificate from the Canadian immigration department in London that he will make a suitable settler. This is done because it is found that in Toronto and other large cities these parties are becoming a public charge.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. Elliott & McLaughlin,
PRINCIPALS.

A Thankful Smallpox Patient.

H. J. Holtzmann wishes to express his heartfelt thanks through the columns of the Gazette, in following manner:—

1st. To God, the giver of all good, who through his divine providence has so favorably prevented the spread of the disease, and again restored health.

2nd. To my wife who so nobly and faithfully attended and managed affairs during my sickness. I have certainly the best wife in the wide world. When quarantined, in the morning, noon, evening, and between times, the thump came to the door and it still rings in my ears, "anything wanting, Henry?" It was certainly no small task for her to perform, besides managing mending and keeping clothes on the two sturdy mischievous boys. However, there is one consolation for Mrs. Holtzmann. Xmas is coming. How true it is; the mother makes the home.

3rd. To the Y. P. A. for the encouraging and cheering letter of sympathy received.

4th. To the Junior Y. P. A. I was quite sick at the time I received your letter. Was, however, pleased and think it was very thoughtful and kind of you to think of me in my trouble.

5th. To the cashier. Though there were several days missing to pay day, yet the cheque came in full.

6th.—To all the friends for the letters of sympathy, and other good things received during sickness.

7th.—To the "Ladies Aid" for the lovely bouquet received.

It would naturally seem that temptations, troubles and sicknesses were foretastes, and would lead to the place prepared for the wicked, but truly the bouquet, the beautiful flowers point to God's grace, the heavenly glory, and to the eternal Paradise. We therefore join in with the poet and say:—

Must I be carried to the skies
On flowery beds of cases,
While others fought to win the prize
And sailed through bloody seas.
Are there no foes for me to face!
Must I not stem the flood?
In this vain world a friend to grace,
To help me on to God?
Since I must fight if I would reign,
Increase my courage Lord:
I'll bear the toil, endure the pain,
Supported by thy word.

While quarantined I have been like the dead sea which taketh in continually and never gives out. I am glad, however, that there is another victorious battle fought, and that I am still in the land of living, in good shape to pursue the further battles of life.

"And we know that all things work together for good to them that love God, to them who are called according to his purpose."—Rom. 8, 28.

A Durham man went home a few evenings ago and casually remarked: "I see women are sold at actual value at Indianapolis—a wife was bought there recently for five cents." "Well, I know a woman about the time I was married who was sold for nothing," replied his wife. He was quiet for the rest of the evening.

Pain can be quickly stopped. A 25c box of Dr. Shoop's Headache Tablets will kill any pain, everywhere, in 20 minutes! Besides they are thoroughly safe. Painful periods with women, neuralgia, etc., quickly cease after one tablet. J. Coates.

"Why does a dog hang its tongue out of his mouth?" asked the teacher. "Yes, my boy" said the visitor from the School Board to a bright looking lad who held up his hand while the light of genius was in his eye. "Please, sir," cried the pupil "it's to balance his tail." And the teacher groaned in anguish.

Croup positively checked in 20 minutes. Dr. Shoop's 20 minute Croup Remedy acts like Magic. No vomiting, nothing harsh. A simple, safe, pleasant dependable croup syrup. 50c. J. Coates.

A MIND READER.

Pat had got hurt, not much more than a scratch, it is true, but his employer had visions of being compelled to keep him for life, and had adopted the wise course of sending him at once to the hospital. After the house surgeon had examined him carefully, he said to the nurse: "As subcutaneous abrasion is not observable, I do not think there is any reason to apprehend tegumental cicatrization of the wound." Then, turning to the patient, he asked, quizzically: "What do you think, Pat?" "Sure, sir," said Pat, "you're a wonderful thought-reader, doctor. You took the very words out of my mouth. That's just what I was going to say!"

It is the business of a newspaper man to boom the town for all it is worth, month after month, and then see \$10 worth of printing go out of the town because 10 cents can be saved by so doing. It is the business of the newspaper man to give every local enterprise enthusiastic and frequent "send-offs," and then catch shell because he failed to record the fact that some prominent citizen has had his delivery wagon painted. To subscribe liberally to every public, charitable and church enterprise, advertise them for nothing, pay his own way to everything and then be called prejudiced and mean spirited because a column is not devoted to that particular affair. Do you wonder that there are so many cranks in the newspaper business? It is bound to make either a crank or a philosopher out of a man.

Mount Forest, Ont., March 5.—Mr. Thomas Ryan, acting bailiff of Mount Forest, and Mr. Harry Arnott, a farmer, of Egerton, while making a seizure on Warden Shand, of Egerton, to-day became involved in an altercation, and Mr. Shand shot Mr. Arnott through the hand. Chief Cringle, of Mount Forest, was sent for and placed Warden Shand under arrest.

BETTER PROVENDER

A good story is told of an old Scotchman, who had strayed from his own church.

"Why weren't you at the kirk on Sunday?" asked the preacher of the culprit on meeting him a day or two later.

"I was at Mr. McClellan's kirk," said the other.

"I don't like you running about to strange kirks like that," continued the minister. "Not that I object to your hearing Mr. McClellan, but I'm sure you widna like your sheep straying into strange pastures."

"I widna care a grain, sir, if it was better grass," responded the parishioner.
