

THE ACADIAN

WOLFVILLE, N. S., MAY 19, 1893.

Coming to the Anniversary.

The following fares have been secured for those who wish to attend the anniversary exercises at Acadia this year. The rates are very favorable and will no doubt be largely taken advantage of.

The I. C. R. and the N. S. Central give for one first class fare a return good up to and including June 5th. Those purchasing tickets on I. C. R. must ask the agent at the place where the ticket is purchased for a certificate showing that the ticket was purchased.

The Yarmouth S. S. line gives one rate good to return from Boston to Wolfville for \$9.40, parties purchasing in Boston to give their names to agent there.

A Laudable Endeavor.

Our provincial laws and excellent institutions for the blind, situated at Halifax, provide ample means for educating those who can be sent to the city. Unfortunately, however, there are many who by accident or illness lose their sight after they have ceased to be young and who cannot very well go to Halifax to receive a new special education.

For—Harris, Balcom, Woodworth, McGreggor, Bancroft, Eaton, Patterson and Gares.—3.

Againt—Fitch, E. Bishop and A. Bishop.—3.

The house in Lakeside was condemned, no grants to be paid that section after the present term, till new floors and new doors be put in and plaster thoroughly repaired and school room re-seated with improved seats and desks, as the law requires.

6. The school house in W. Black Rock was condemned and the section required to build a suitable house with seating capacity according to Regulations of Council.

7. The house in Tremont was condemned so far as to require the section to raise their house 1 1/2 to 2 ft. up from the ground, put in new floors, new doors, repair plaster, repaint and reseat with best kind seats and desks.

Moved by Edward R. Bishop, seconded by Adolphus Bishop, that the eastern bound of Greenwich section be extended so as to correspond with the western bound of the town of Wolfville. Moved in amendment by Dr. Bars, seconded by Stanley Eaton, that for school purposes the bounds of Wolfville on the west and south be restored to the original bounds. The amendment was lost, the motion carried.

The deferred petitions from the vicinity of Aldershot and Greenwood, in Aylesford, came up for consideration. New petitions touching the matter referred to in the foregoing petitions and looking towards changes in the bounds of three or four sections were presented from St. Mary's, Bloomfield, Greenwood, Aylesford and Auburn.

Moved by Leonard Fitch, seconded by Wm. Magee, that these petitions be not considered but given a three month's hoist. Moved in amendment by Rev. J. W. Bancroft, seconded by Thos. R. Harris, that a committee be appointed to consider the matter dealt with in these various petitions and report to the board. The amendment carried and the following were appointed a committee:—A. McN. Patterson, Edward R. Bishop, John Foster, D. B. Parker and Inspector Roscoe. The chairman gave notice of a meeting of this committee at Aylesford station, on 29th May, inst., on arrival of express train from the east.

The trustees of Ormsby Road, Sec. No. 10, petitioned for authority to assess said section \$40 to pay for past winter's school, alleging that the section failed to vote money at the last annual meeting. The prayer of the petition was granted.

Commissioners L. deV. Chipman, W. E. Roscoe and Adolphus Bishop were appointed a committee under section 12, School Act. Adjourned.

School Commissioners' Meeting.

The Board of School Commissioners met at Kentville, on Tuesday, in the Court House.

Present:—L. deV. Chipman, J. S. Woodworth, Leonard Eitch, Geo. McGreggor, Edward R. Bishop, Rev. J. W. Bancroft, A. Bishop, Dr. Balcom, A. McN. Patterson, Thomas R. Harris, Wm. Magee and Dr. A. deV. Bars.

L. deV. Chipman, Esq., was elected chairman for the ensuing year. The minutes of the last annual meeting were read and adopted.

The report of the Inspector of Schools was read and by vote received and the suggestions contained therein adopted as follows:—

1. W. Black Rock was added to the poor section list of last year and that list decided upon for the next year.

2. Ormsby Road, Long Point, Lower Percan and Lower Canard to be notified to put their school houses in a good state of repair.

3. The school house in Dempsey Corner section was condemned, that section being required to enlarge the school house, put it in good repair, inside and outside, and seat it with the improved school desk and seat.

4. Moved by Rev. J. W. Bancroft, seconded by Geo. McGreggor, that, in accordance with report, the house in St. Mary's, No. 12, be condemned and that section required to build a new and modern house. Passed. The vote being disputed, the names were called and resulted as follows:

For—Harris, Balcom, Woodworth, McGreggor, Bancroft, Eaton, Patterson and Gares.—8.

Againt—Fitch, E. Bishop and A. Bishop.—3.

The house in Lakeside was condemned, no grants to be paid that section after the present term, till new floors and new doors be put in and plaster thoroughly repaired and school room re-seated with improved seats and desks, as the law requires.

6. The school house in W. Black Rock was condemned and the section required to build a suitable house with seating capacity according to Regulations of Council.

7. The house in Tremont was condemned so far as to require the section to raise their house 1 1/2 to 2 ft. up from the ground, put in new floors, new doors, repair plaster, repaint and reseat with best kind seats and desks.

Voted that \$50 be put into the hands of the Inspector of Schools, from the School Land Fund of Cornwallis, to be used at his discretion in paying in part for present school in Pine Woods, and in aid of a school for next year—the Inspector to report at the next meeting how much of this fund he had expended.

Voted that a grant of \$100 from the said School Land Fund of Cornwallis, be made to West Black Rock to aid in building a new school house—the said sum to be paid on completion of the house.

Moved by Edward R. Bishop, seconded by Adolphus Bishop, that the eastern bound of Greenwich section be extended so as to correspond with the western bound of the town of Wolfville. Moved in amendment by Dr. Bars, seconded by Stanley Eaton, that for school purposes the bounds of Wolfville on the west and south be restored to the original bounds. The amendment was lost, the motion carried.

Love.

HARLAN COX.

Love is a mystery. A man the other day eloped with his mother-in-law. I suppose he thought it was the safest girl he could run off with, as there would be no one to run after him and make him give her up. Not long ago I met a pair eloping and had a talk with them. The man was fifty-seven and looked as if his face hadn't been washed since he was eight years old, the girl was sixteen and clean and neat. They appeared to love each other and smiled back and forth and felt each other's hands as people do who are going to be married next week. It was a genuine case of love. Now, I don't go in for elopements. There are better ways of getting married. It is no more respectable to steal a wife than it is a watch chain. But it is not often that a mother-in-law is in an elopement and I am rather glad to hear of it. Mothers-in-law have been neglected and ill-treated and laughed about long enough. I have an idea that the man who invented making fun of them was no great thing and was too mean to keep one. He was the man that brought marriage so lovingly kind to "dear ma."

Then afterwards, when his first little boy was sick, she was the very first person he sent for; but after the cradles were all rocked and the children large enough to keep themselves when there was a party or a concert, and when her poor old fingers could knit no more, he was mean enough to laugh at her and not want her around. No one can be meaner than a man when he tries.

I have always had a warm love for mothers-in-law because so many of them are grandmothers. Grandmothers! How sweet the word! When we look back we see grandmother in the midst of our first remembrances, sympathizing and rejoicing with us, and seeing beautiful traits in us when the neighbors could not see one. We never think of the old home but "grandmother's room" returns with its hallowed memories. Dear old room! where we laid the wood down easily and closed the door softly; where we said good by when we started to school and hailed when we returned; where we went to tell the text after church and repeat our little Lyman Sunday nights; where we always closed the day with a good night kiss and got a smile to carry to our beds, we do not want to forget you.

Men and women, be kind to your mothers and mothers-in-law. Your little boys need them and your little girls need them. Your children are watching you and, as you are kind or unkind, so they will become. One who has never had the companionship of a grandmother has missed a friend. There is no one will talk more to your boy about heaven, and about holding his knife and fork politely, and about being kind to little boys whose mothers are dead, and about saying his prayers, than his father's and mother's mother.

True Philanthropy.

To the Editor:—

Please inform your readers that I will mail free to all sufferers the means by which I was restored to health and manly vigor after years of suffering from Nervous Weakness. I was robbed, and swindled by the quacks until I nearly lost faith in mankind, but thanks to heaven, I am now well, vigorous and strong. I have nothing to sell and no scheme to extort money from anyone, but being desirous to make this certain cure known to all, I will send free and confidential to anyone full particulars of just how I was cured. Address with stamp:—
