Mount Allison Institutions.

The question as to where to send your son or daughter for further education is answered by the Mount Allison advertisements in to-day's issue.

There is no better preparatory school for boys than the Mount Allison Academy, one of the oldest of its kind in Canada.

There is no better Commercial College in eastern Canada than the one in connection with the Acadia residential school.

The Commercial College is one in which the most thorough instruction is given under conditions which make for the proper development of character.

The Mount Allison Ladies' College - which includes the College of Literature and Science, the Conservatory of Music, the Massey-Treble School of Household Science, the Oratory Department, the Owens Museum of Fine Arts - is the largest in Canada.

All its teachers are specialists, the members of the Conservatory staff having been trained in Europe. Its equipment is extensive and thoroughly modern.

The school aims to be, and is, a home-like institution where the development of the individual student along all lines is sought. In this fact is to be found the reason why the school has attained its leading position.

A calendar of the Academy and Commercial College will be sent free on application to Mr. J. M. Palmer, M. A. Sackville, N. B. The Ladies' College calendar will be sent free if application for it is made to Dr. B. C. Borden, Sackville, N. B.

Horton Academy. We were in hopes that we would have been able in this issue to report a new principal for this popular school, but such is not at hand.

Various reports are heard upon the street of a more or less pleasant nature, but when traced are found groundless. It is to be sincerely hoped that the understanding of the school during the past two years will be maintained, and an able teacher of experience will be secured.
