HAD THE FIRE GOT BEYOND CONTROL—

in the high wind which blew Friday, April 28—had the fire got beyond control—what would have been left of the wooden portion of the town of Hartland? Do you know that if the adjacent buildings had caught that the combined fire apparatus of two or three towns like Hartland could not have saved your home? Hartland's portion would have been that of Fairville on May 1. BE WARNED by these fearful Fire Devastations and make sure that your insurance is safe. Safe and solid is the insurance that I sell—and I insure anything that is insurable against any kind of loss whatsoever. Strong Companies at the usual rates and terms.
