C. N. R. BRANCH LINES.

was rejected because it was seriously objectionable in principle and in form, and a repetition of the course followed system itself. The bright dream of a sovereign but paternal nation leading the course followed sovereign but paternal nation leading colors and the following children for property, taking a mortgage as security, and he engaged Mr. Snider to search the title and put through the transaction. He left a signed blank cheque drawn on his Home. Monday, March 3, 1924.

Monday, March 3, 1924.

Grand Falls Development.

See the decident of the action is not a bona fide effort to liberty has vanished both in India and tensions in the West or elsewhere. Causes, and has left a problem which tensions in the West or elsewhere. Causes, and has left a problem which the Government, if it persists in this admits of no nice or easy solution.

Stephens. Margarat Clark

Linzadeth Bebbington, Edith Simms, John blank decount in favor of Mr. Snider flend in \$2,687.30 and took it to the bank, where it was marked "accorded." He then contained the provided really necessary railway extensions in the West or elsewhere. Causes, and has left a problem which Betty Vanwart, Louise Hanson, Alice Stephens. Margarat Clark course, does so in the knowledge that the bill will not become law, that the Representatives of Boards of Trade lines will not be built. There may be and other organizations from the vari-political capital in this manoeuvreous centres of the province will gather if the western farmer is as thickat the town of Grand Falls to-night as headed as the Government seems to guests at a banquet given by the suppose. The assumption seems to dreds of thousands of years, still cling was very pretty and each one worked

Grand Falls Board of Trade. The us unreasonable and unsafe.

primary object of the function is to again discuss the proposed developits appearance late in the session.

The branch lines bill last year made turbed by the discoveries in Ur of the ardson, Margaret Seeley, Hilda Smith, again discuss the proposed develop its appearance late in the session, turbed by the discoveries in the proposed develop its appearance late in the session, Chaldees, remarks a contemporary. Amy Smith, Myrtle Parr, Florence Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the hands of Grand Falls on the St. John river, and seems to have been in the seems to have been to have been in the seems to have been t ment of the potential water power at although the railway programme Grand Falls on the St. John river, and to speed an actual commencement of the undertaking.

The time has long since passed when the Grand Falls hydro power should have been developed. It is a far more important project than other costly undertakings which have been carried out in New Brunswick since to speed an actual commencement of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking seems to have been in the hands of the Government long before. It protects the undertaking with the undertaking.
