WATERDOWN

The members and directors of the Waterdown Fair are congratulating themselves upon the success of their annual agricultural exhibition. The day was an ideal one, preceded by a light frost in the morning. The new pens for the sheep and hogs were greatly

appreciated. Superintendent Jas. A. Walker was everywhere where he was needed, while the directors and the secretary, William Attridge, did their utmost to accommodate both spectators and exhibitors. The display of cattle, grade and pedigreed, was first class, new competitors being in evidence. The horses made up an excellent exhibit. Of this class it is sufficient to say that it even more than sustained its reputation. The boys' horse judging contest excited a great deal of interest, and proved to be both a drawing and educational feature of the day. The sheds left nothing to be desired. The ladies' work, both in artistic and utilitarian features, was strictly first class. The competition was keen and the judging accurate and impartial. The displays of roots and apple and provisions attracted general attention. Marshal Haines' collection of roots and William Attridge's display of potatoes are deserving of special attention.

A delightful day's exhibition was concluded by a concert of unusual merit, given under the auspices of the King's Daughters. The programme introduced a number of new artists to the community. Donald McGregor proved a baritone of fine entertaining qualities. Every number given by him was well received, though his rendering of "The Veteran," "Killarney" and "The Bando" were perhaps his best. Miss Merry captivated her audience as an elocutionist, while Miss Olive Belyea proved to be possessed of a truly musical temperament. Her finely trained contralto voice is rich in both promise and performance, and with credit cannot be given the King's Daughters for this fine evening's entertainment.

Rev. J. A. Wilson, of St. Andrew's Church, preaches a Knox Church on Sunday evening.

Will Fretwell is recovering from his recent illness.

To start the ball rolling for a big Harvest Sale for three days, commencing Saturday and continuing Monday and Tuesday. It will be the greatest thing of the season. Great preparations will be made in every department, both on the first and on their second floor. Union Made Clothing

Union men should bear in mind that Grafton & Co. own and operate the only OUT AND OUT Union Clothing Factory in Canada, and to those who may not know the difference between UNION MADE CLOTHING and the ordinary sweat shop product we would say briefly that we manufacture under UNION CONDITIONS, because otherwise we could not get the high-grade skilled labor necessary to turn out such superior clothing as GRAFTON'S famous "HIGH-GRADE." The union tailors are of the higher order of workmen and command much better wages than the ordinary sweat-shop operators. Again, the surroundings of the Union tailor are in every respect superior to the SWEAT SHOP. All our clothing is made in OUR OWN clean, sanitary FACTORY, fully equipped with every modern device that is conducive to the comfort of our work-people or has the least tendency to the betterment of our product.

On the other hand sweat-shop clothing is usually farmed out and is made in squatted tenement houses, without proper equipment, and where the most meagre wages are earned. This, of course, tends to cheapen the product, allowing a great profit to the dealer.

Grafton & Co., Limited, give you a superior grade of clothing, extra well made and trimmed, manufactured only from the choicest selection of Tweeds, Worsteds and Serges, cut and designed by skilled Union workmen, tailored and finished by full-fledged Union journeymen tailors, and is sold direct to the wearer for considerably less than is usually charged for poorly made, ill-fitting sweat shop product.

UNION MEN, be true to your principles and insist on getting only
