HOUSE OF ASSEMBLY.

[Continued from This Protestant Extra.]

Saturday, March 9.

Three petitions were presented, viz.—By Hon. Mr Yeo, one from Lot 17, and another from Lot 15. By Mr Holl, a petition from Lot 21—all praying for improvement in road communication.

MESSAGE ON PETITIONS OF PROPRIETORS AGAINST THE LAND COMMISSIONERS' AWARD ACT.

Hon. Col. Gray, by command of His Excellency the Lieut Governor, presented to the House the following message:—

G. DUNDAS, Lieut. Governor.

The Lieutenant Governor transmits, for the information of the House of Assembly, copies of three documents addressed by him to His Grace the Duke of Newcastle.

In these despatches, more particularly their 2d, or enclosure against the "Act to give effect to the award of the Commissioners to be appointed on the land question." But the Committee is placing their petitions in the hands of the Lieutenant Governor for transmission to the Colonial Minister, did not furnish him with copies to be laid before the Legislature.

The Lieutenant Governor, however, is enabled to furnish the House with a copy of the prayer of the petition of Charles Wright, Esquire, referred to in the accompanying copy, Despatch No. 61; and also a copy of the prayer of the petition signed by Robert Bruce Stewart, Esquire, and others, referred to in the copy, Despatch No. 62.

The memorialists appear to have petitioned against the Act in question, on the ground, that if it passed into a law, they would be bound by the award of a Commission, while they were not consenting parties to the constitution upon which that award was to be founded.

The Lieutenant Governor will, by the first mail, make application to his Grace the Duke of Newcastle, for copies of these memorials, in order to lay them before the Legislature.

The said Message and accompanying papers having been read by the Clerk, Hon. Col. GRAY moved that they do lie on the table.

Hon. Mr COLES.—If I were a member of the Government, I would make no such motion as that they be laid on the table; I would move that they be referred to a Committee of the whole House. That a few proprietors and land agents should petition against an Act passed by both branches of the local Legislature is a bold proceeding. I think a true copy of the documents, with all the names attached to them, ought to have been kept in the Colony. If the Government are prepared to take prompt steps to counteract this influence at the Colonial Office, they shall have my support. But I contend that they should have sent a minute of Council along with the petitions in opposition to their prayer. And, Sir, we do not know what statements these petitions may contain against members of this House, and perhaps also against members of the Government. For this reason, I think a copy of them should have been kept, and laid before the House. That two proprietors, Mr Bruce Stewart and Mr Charles Wright, should endeavor to counteract a measure of the Legislature, in a matter that ought not be passed over in silence.

Hon. Col. GRAY.—I cannot understand what the hon. member would desire. We are here as the independent representatives of the people, and if Mr Bruce Stewart, or Mr Wright choose to vilify us in documents of this kind, it is a matter with which we have nothing to do. There is perhaps not a person in the Colony who has been more maligned by these individuals than myself, but what do I care for them. His Excellency informs me that it is not in his power—that there is nothing in the Royal instructions to warrant him to give opinion of petitions with which he is intrusted to forward to the Secretary of State, without his consent. But His Excellency has given up what ought to be considered sufficient, his own despatches containing his own remarks on the petitions. Every subject in the Colony has the right of petition, and is perfectly justified in memorializing Her Majesty the Queen, when he considers that his private rights are interfered with. Suppose the Legislature should pass an Act similar to the Maine Liquor Law—a law which has been declared unconstitutional by high authority in the United States—supposing, I say, the Legislature should pass such a law here, the hon. member might petition against it and say it was an interference with his private rights. So with the memorialists in question; these proprietors think that as they did not agree to the Commissioners, they have a right to complain by petition that the Act to give effect to the award of the Commissioners, if passed into law, would be an interference with their private rights. The Lieut. Governor is bound to transmit every petition addressed to the authorities at home, no matter what it contains. But supposing that copies of these petitions had been kept and laid before this House, provided they contained libellous statements, who would publish them? That the Council should have made a minute in opposition to the statements of the petitions, and transmitted it with them, I think was unnecessary. In this, therefore, I do not agree with the hon. Leader of the Opposition. What do the people in England care for these proprietors? One of the landlords referred to said to me last summer, "What have I to do with the Commission?" I replied "You may have nothing to do with the Commission; but it may have something to do with you. That this will be the case, I think is clearly shown by the last despatch of his Grace the Duke of Newcastle laid before the House. It says in effect that if they do not submit to the Commission, they will not receive the consideration of Her Majesty's Government in making future claims. I consider, then, that we need not trouble ourselves much about these petitions. We know very well that these proprietors, if they thought they would gain their point, would write petitions to this time next year. Let them write; what need this House care?

Mr COOPER.—I understood that these proprietors who made no complaint when the measure for the Land Commission was passed, had regard to it, if a copy of the petitions had been laid before us, we could have sent home an address to the Queen to counteract their statements. The House should still pass an address to that effect.

Hon. Mr YEO.—The hon. member, Mr Coles, taunted me the other day for saying that I knew the Act to give effect to the award of the Commissioners would not pass at Home. I had to vote for the bill, but I knew, and Mr Doull knew that it would not receive the Royal assent, as it interfered with the rights of the proprietors. Every person must look after his own property, and when I was asked to sign the paper agreeing to the Commission, I said I could not do it. Besides, I said it was no use to do it, as the Act to give effect to the award would never become law.

Mr DAVIES.—I cannot agree with the hon. member from Port Hill; I do not think the Commission to any infringement of the rights of the proprietors. I am sorry that a copy of the petitions against the award that is not before us; but I do not think the late Government kept a copy of the petitions sent home by the proprietors against the Rent Roll Bill.

Hon. Mr COLES.—They did; they refused to transmit them until they received a copy.

Hon. Col. GRAY.—I rise to explain. If the late Government did so, there is nothing in the Royal instructions to warrant such a procedure.

Hon. Mr COLES.—I only remark that the Governor received the petitions from those opposed to the Rent Roll Bill was having, and he could transmit and send them by that mail without a copy being given to him.

Hon. Col. GRAY.—The Representative of Her Majesty is bound to forward a petition although he is furnished with a copy.

Mr DAVIES.—I do not think the House should spend time in discussing the petitions referred to in His Excellency's message, when they are not before us. With regard to these proprietors who have petitioned against the Commissioners, and having learned by the last mail that they will, but the despatch of the Duke of Newcastle stated that if they do not submit to the Commission, they may look out for the consequences. The House therefore would perhaps agree that a higher attention be impressed upon them than on the others.

Hon. Mr HAVILAND.—Copies of the proprietors petitions sent Home against some of the measures of the late Government may have been kept; but I understand that there was a dispute between Governor Daly and Mr Charles Wright in regard to the necessity of furnishing a copy. I think that copies of the petitions against the Act relating to the award of the Land Commission were before the House, for if they were, they would go to counteract statements made by hon. members of the Opposition to the effect that none of the members of the Government appeared before the Commission to advocate the cause of the tenantry. One of the petitions contains strong language against Col. Gray, as did Mr Longworth, saying that they stopped from their high position to take part with the tenantry. I consider there can not be better evidence that the Government have held the scales of justice properly in regard to the Commission, than the fact that they are censured by both parties. I will now give a list of those landholders who signed the petitions in question. Charles Wright and Lady Georgina Fane each sent a separate petition; then there was a joint petition signed by Robert Bruce Stewart, Ellen Stewart, Margaret Stewart, Mary Irving, John A. M'Donald for self and family partners, and Charles Wright. This Charles Wright appears to have been determined to be right, for he petitioned both in an individual and collective capacity. None of these parties agreed to the Commission, except John A. M'Donald, who certainly has placed himself in a singular position. I am in favor of sending to the Colonial Office for a copy of these petitions, and if they contain anything insulting to the Legislature, those who signed them will not only have one party against them, but the whole House. They should be made to answer for it if they have employed disrespectful language.

Hon. Col. GRAY.—I do not disagree with the opinion of the hon. member for Georgetown that we ought to have a copy of these petitions, but I would ask who is to pay the damages for libel, if they are published?

Hon. Mr HAVILAND.—Nothing which they may contain can be considered as libelous, when passing in the way of official correspondence, but if published in the newspapers some of their statements perhaps might be held as such. I will admit that these landholders has some argument, as they had not signed for the Commission, and they were under the impression that the Act if passed into law, would interfere with their property; and if they have used proper language towards members of this House, not much can be said against them. No compulsory means can properly be employed to bring those under the Commission who have not agreed to it; but in the Duke's despatch they receive a hint—and a very significant hint—that if they do not submit to the Commission, they need expect but little sympathy hereafter from her Majesty's Government. I would say,—as a member of this House, as a land agent, and as the son of a landlord,—that I consider it would be well for all the proprietors to have agreed to the Commission.

Hon. Mr COLES.—I am surprised at the remarks of the hon. member from Port Hill. He says he voted for the Act in reference to the Commission, and still he would not agree to be bound by it. I contend that since he voted for the Bill, if there is a proprietor in the Island who is bound by it, he is the person. Now, what are we to think of that hon. member saying that he and Mr Doane knew the Act would not receive the Royal assent? There must be strange inconsistency somewhere. The passage in the Duke's despatch in reference to those proprietors who have not signed for the Commission, probably does not mean so much as some hon. members take from it. In a certain despatch received some years ago, it was stated that the troops should not be called out to collect rents, and other prospects were held out, which never came to anything. We know that the head of the Colonial Office department is very frequently changed, and the views of the present Secretary of State may not be entertained by his successor. I was not aware that so many landholders had signed the petitions against the award Act; and I am not a little surprised at the course pursued by Mr John A. M'Donald. I think the petitions must have had some influence with the Duke of Newcastle in withholding the Royal assent from the Bill. This I think is evident from some passages in the despatch. It says that the question of Escheat should not be entertained by the Commission. If the Government are not going to move that the House take up this matter in Committee, I will not attempt to force them.

AYER'S CATHARTIC PILLS.

ARE YOU SICK, FEEBLE, AND COMplaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fields move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely cured, by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with pimples and pimples on her skin and in her hair. After one child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

AS A FAMILY PHYSIC.

From Dr. E. W Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

HEADACHE, SICKHEADACHE, FOUL STOMACH

From Dr. Edward Boyd Baltimore.

DEAR SIR. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURGH, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. FREELE,
Clerk of Steamer Clarion

BILIOUS DISORDERS—LIVER COMPLAINTS.

From Dr Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and this people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR,—I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease or obstinate chill to did not readily yield to them. Very respectfully yours,

ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Bolics, Worms.

From Dr J. E. Green of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best, therefore I have ever found. Their alterative effect upon the liver renders them an excellent remedy, when given in small doses, for chronic dysentery and diarrhœa. Their purgative effect, in larger doses, is very prompt and convenient for the use of families, and for the cure of worms.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes Pastor of Advent Church, Boston.

DR AYER.—I have not used Pills with extraordinary success in my family but once, since I was called to visit a distress. He required the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1853.

DEAR SIR,—I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Indigestion, Rheumatism, Gout, Neuralgia, Dropsy, Erysipelas, Piles, etc.

From Dr J. P. Vaughan, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as effectives as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills effect that organ and cure the disease.

From Mrs B. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr Haule, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR,—I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr Mackenzie, I tried your Pills. Their effects were slow but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855

DR AYER.—I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDEL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

HEALTH FOR A SHILLING!

HOLLOWAY'S PILLS.

HEADACHES, BILE, LOSS OF APPETITE, AND LOWNESS OF SPIRITS.

These Pills require no interruption of business or pleasure, they act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in debilitated constitution, so that it results a healthy appetite, correct indigestion, remove bile, giddiness, headache, and palpitation of the heart.

WEAKNESS AND DEBILITY.

In cases of debility, languor, and depression generated by excess of any kind, whether mental or physical, the effect of these Pills is to the highest degree bracing, restorative, and restorative. They drive from the system the morbid cause of disease; re-establish the digestive, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the flame of life to perfect health and vigor. They increase the appetite, while they secure perfect digestion to all ordinary food, and refrain the system from contract in diet.

A WORD TO FEMALES.

There are two periods peculiarly in Women's life, which require the aid, powerful, judicious and attention. Irregularity is apt at those critical times to take place, and to lay the foundation of future disease. These Pills, safe in action, and effective in result, should be taken at certain periods, and the home will be marvelled "both to" the young and elderly aged. They prevent the vapours, hysterics, dropsy, and a host of similar serious disorders; expelling all impurities from the system, therefore none should hesitate to give them a trial.

COUGHS, COLDS, AND ASTHMAS.

No medicine will cure colds so quickly as these Pills, when of long duration or seated on the chest, or even though it be accused the first stages of asthma, they may be relied on as a certain and safe relief. Indeed, particularly if the Ointment be well rubbed into the chest and throat night and morning. If this catch the eye of any asthmatical person or child up given up as fit to die down in bed, let him wait no more two preparations for only a week, and the result will be marvellous.

BLOOD TO THE HEAD.—DISEASES OF THE HEART.

More persons die suddenly from diseases of the heart than the unlearned suppose; it is such complaints the bowels should always be kept well open, as also where there is a tendency of blood to the head. These unbalanced Pills gratify the blood in an extraordinary manner, and should be taken in copious doses when such symptoms occur, taking care not to overload the stomach, by this means all danger is quickly averted.

CHILDREN'S COMPLAINTS.

It is not generally known, but such is the fact, that children require medicine oftener than their parents. Two-thirds of the children die before they attain the age of eight years. Let mothers then be wise and give to their Children a moderate dose of these invaluable Pills once or twice a week, when in such quantity as may not greatly upset the system, but be the means of stirring about in the blood. Holloway's Pills are the forerunners of so many complaints, will thus be expelled and the lives of thousands saved and preserved to their parents.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities
Asthma	Fevers of all kinds
Bilious Complaints	Gout
Blotches on Skin	Head-ache
Bowel complaints	Indigestion
Colics	Inflammation
Constipation of the Bowels	Jaundice
Consumption	Liver Complaints
Debility	Lumbago
Dropsy	Piles
Dysentery	Retention of Urine
Erysipelas	Scrofula or King's Evil

Sold at the Establishment of Professor Holloway, 244 Strand (near Temple Bar), London, also by all respectable Druggists and Dealers in Medicine throughout the civilized world, at the following prices:—1s. 3d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each box.

N.B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

There is a considerable saving by taking the larger sized Pots.

Sept. 20, 1860.

PERRY DAVIS' VEGETABLE Pain Killer

We ask the attention of the public to this long tested and unrivalled

Family Medicine.

It has been favorably known for more than twenty years, during which time we have received *thousands* of testimonials, showing this Medicine to be an almost never-failing remedy for diseases caused by or attendant upon—

Sudden Colds, Coughs, Fever and Ague, Headache, Bilious Fever, Pains in the Side, Back, and Loins, as well as in the Joints and Limbs; Neuralgia and Rheumatic Pains in any part of the system, Toothache and Pains in the Head and Face.

As a Blood Purifier and Tonic for the Stomach, it seldom fails to cure Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaints, Sick Headache, Piles, Asthma or Phthisic, Ringworms, Boils, Felons, White-leave, Old Sores, Scrofula Joints, and General Debility of the System.

It is also a prompt and sure Remedy for Cramp and Pain in the Stomach, Painters' Colic, Diarrhœa, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblains, as well as the Stings of Insects, Scorpions, Centipedes, and the Bites of Poisonous Insects and Venomous Reptiles.

See Directions accompanying each bottle.

It has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and trustworthy friend of the missionary and the traveller—on sea and land,—and no one should travel on our lakes or rivers without it.

Sizes, 12½ cts., 25 cts., 50 cts., and $1.00 per Bottle.

CRAMP & PAIN KILLER.

THE WORLD IS ASTONISHED AT THE wonderful cures performed by the CRAMP and PAIN KILLER prepared by CURTIS and PERKINS. Its equal has never been known for removing pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and Stomach, Rheumatism in all its forms, Bilious Colic, Chills and Fever, Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulars in the hands of Agents

W. R. WATSON, General Wholesale Agent for the Island, and sold by Merchants every where

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening any enhancing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES,

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA in CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—YES, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.

Principal Office, 13 Cedar Street, N. Y.

PRICE ONLY 25 CENTS PER BOTTLE

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE MEDICINES HAVE NOW BEEN before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS,

of enfeebled instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared necessary to the proprietor to address those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their mutual and sensible action in purifying the springs and channels of life, and causing them with renewed tone and vigor, that they were intended for the

Within the last of pestilence pestilence which teems of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable, and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are all together unknown to the ordinary practitioners in medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened mass which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected matter behind to produce habitual Costiveness, with all its train of evils, or produce Diarrhœa with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the day. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The third, which takes its rise later from the agency of the liver and lungs, before it passes into the heart, being then purified by them, and enriched by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly invests the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Languor, and Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membranes.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflamation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of *Gravel*.

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers and Hysterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their obnoxious effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds and Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS

Genral Debility, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the Reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad. Buy of no one who is not an AUTHORISED AGENT.

Prepared by Dr W. R. MOFFAT, 335 Broadway, N. Y.

JUDSON'S

Mountain Herb Pills.

ABOVE we present you with a perfect likeness of TECUMSEH, a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanac—to be had gratis from the agents for these Pills.

The Inventor and Manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world. He tried over sixty years among the Indians of the Rocky Mountains under Montezuma, and it was thus that the "MOUNTAIN HERB PILLS" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD!

The blood is the life! and when any Poisons or unhealthy matter gets mixed with it, if it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and we have circulation to fainting. The lungs become clogged with the poisonous matter you have to cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored, and does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life must flicker out. These pills not only purify the blood, but regulate all the secretions of the body; they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES,

Liver Complaint, Sick Headache, &c. The Anti-Bilious Medicine expels from the blood the humors cause of disease, and restores all the fluids to a healthy state and flow, thereby promoting the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach a medicine like the "MOUNTAIN HERB PILLS," that will purify the diseased parts, through the blood and fluids of the body, and thereby add the sublime to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints:

Blood Complaints,	Debility,	General Weakness,
Coughs,	Fever and Ague,	Liver Complaints,
Colds,	Female Complaints,	Lossness of Spirits,
Chief Diseases,	Headaches,	Piles,
Costiveness,	Indigestion,	Sores and Ulcers,
Dropsies,	Inflammation,	Scrofula or King's Evil,
Dysentery,	Rheumatism,	Worms, &c.

GREAT FEMALE MEDICINE!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek.

☞ The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Rocky Mountains, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight the very interesting account it contains of the "GREAT DISCOVERY" of the Aztecs.

Observe—the *Mountain Herb Pills* are put up in a Bouquet Wrapper. Each one contains 40 pills, and retails at 25 cents per box. All genuine have the signature of R. L. JUDSON & Co., on each box.
