Strong Sermon On Labor And Property Rights Chairman Chas. J. Morrissy Re-

Rev. S. J. Macarthur on Labor Sunday Freely Discusses the Labor Problem and Points Out The Remedy

Labor Sunday morning, Sept. 5th, the things invented by Britons are now planatory: paster, Rev. S. J. Macarthur, spoke used by Germany. And why? A union the Labor Problem, saying, in part versity professor, whose salary is, say Chas. J. Morrissy,

The Labor Problem is a leading is offered \$10,000 or \$15,000 for it, but Dear Mr. Morrissy, with the dawn of human intelligence by his own hands would make him and, strangely enough, was associated lose social standing. So he goes with sin. In mediaeval theology, with it to Germany, where skill is work was considered a manifestation of it in his own land with the dawn of human intelligence by his own hands would make him it looks as if the end was still far and P. E. I. W. C. T. U. opened in St. gling and went out in a boat and James' Hall yesterday morning, and treescued it. The colt swam to shore. question and a vexed one. It began the application of it in his own land work was considered a punishment properly recognized and a man loses troops already under arms, and many its sessions will be completed tomor. They got out the horse in a hole for sin, and the idea is not dead yet. no rank by working with his hands. But work is not the result of sin. Thus aniline dyes, invented in Eng-
