At the opening meeting of the archbishops of the United States, at the Catholic University, Washington, on Wednesday last, Cardinal Gibbons announced that he had just received a telegram from Rome stating that his Holiness the Pope had appointed Archbishop Chappelle, of New Orleans, Apostolic Delegate to Cuba. Archbishop Chappelle is in Rome, or was there on the day the telegram was received. He expressed himself as delighted with his trip and spoke highly of the hospitable manner in which he had been entertained by the prelates he had visited. In this connection it may be said that his Grace of Montreal visited these prelates once before. Away back in 1873, Father Bruchet, recently ordained was returning from Rome, in company with some other ecclesiastics who had been pursuing their studies along with him in France and Rome. They were on board the mail steamer City of Quebec of the Dominion Line, from Liverpool for Montreal. All went well till they reached the northern coast of this Province, when the steamer crept in too close the land, in the vicinity of East Point and ran aground. After some hours delay waiting for the rising tide an unswerving effort was made to get the steamer off. Finally her Majesty's warship, Bellefleur, hove in sight, and seeing the steamer in distress took a tow line and attempted to extricate her from her sad bed; but in this she was not successful. The Bellefleur, however, took off the passengers and landed them at Pictou, whence they proceeded home by rail. Father Bruchet said his first Mass on this side of the Atlantic in the church of "Stella Marie," at Pictou, and it seemed to him, as he said, like a place of pilgrimage when he was there a few days ago, as Archbishop of Montreal and had the privilege of again celebrating Mass in the same beautiful church.
