

## Chit-Chat

It is that makes wearing people and hard to live with, when so hard to please, and secondly, how can they get over it, or can't.

Something that can be cured, some incurable misfortune like, some sandy eyebrows or a pug nose, that simply has to be endured, especially keen on this topic, now because a wearing person, contrary to most of her speeches, really realizes that she is wearing applied to me for aid.

I've thought it all out," she says, "I've decided that I am what people call 'wearing'. Now, can't you tell me what I do that makes me tire people so, for truly I don't know. And can't you please show me a way to get over it? I'd do anything on earth."

What am I going to tell this lady? It seems to me that the thing that is wearing people wearing is, that they are keyed up all the time and they have a tendency to screw people with whom they come into contact up to the same tense key, and tire them out.

Therefore I should say that the only cure would be to try to un-key themselves—if that can be done, I am afraid that this is entirely inadequate advice.

THE POET PHILOSOPHER.

My neighbour is a millionaire, whose brow is seamed with lines of care. His eyes are sad, his hair is gray, he seems in trouble everyday. He's always brooding, deep and hard, while I go prancing round my yard as happy as the bumble bees that sting men with their snickersneezes. I've noticed that as men grow rich, accumulating bones and such, their care-free manner disappears, they seem distraught by doubts and fears. I've never seen a rich man yet who didn't walk the floor and fret. The more he likes the golden food, the more you'll find him sweating blood. And that is why you hear me cry that worldly riches come too high. The simple joys are far the best—the joys by workmen possessed, the joys that do not cost a pile—they are the ones that make you smile. I fuss around my shack all day and chase the sore-eyed wolf away, and curdy down my spavined plug (which doesn't trotting, go "chug-chug") and paint the pump and milk the cow, and pack in kindling for the frau, and have more solid pleasure there than any worried millionaire.

**AN ENJOYABLE DANCE.**—The dance held at Smithville last night in aid of the funds of the C. C. C. and given by the Misses Furlong, was largely attended. Miss K. Furlong gave some excellent piano music, and the affair was thoroughly enjoyed. Refreshments were served in the manner for which this famous hostelry is noted. The dance concluded this morning.

**BROUGHT GIRL BURGLAR.**—Yesterday by the express Const. J. Symonds brought here from Newtown the girl to whom we alluded a few days ago who was arrested for burglarizing a store there. She forced an entrance to the place at an early hour of the morning and stole \$50 in cash as well as some goods. She was brought before Magistrate Miffen, pleaded guilty, and was given 9 months. The cash and goods were secured and sent back to the owner.

**OPENING NEW FACTORY.**—The new clothing factory is now finished and the employees will begin work there on Monday next. To celebrate the event a ball will be held in the new building to-night and many guests will be present. This building is undoubtedly one of the finest of its kind in St. John's, and is a credit not alone to the owners but to the skilled contractors, Messrs. Kennedy Bros., who erected it.

## Bazaar Great Success.

The Bazaar held in the British Hall the past three days and nights in aid of St. Mary's Parish Church came to a close last night. A large number of people again attended last night and the goods left after the sale were put up at auction and fetched good prices. Fully \$500 were realized and it is thought that the total proceeds will go to at least \$1,600. The energetic pastor of St. Mary's, Rev. H. Uphill, and the good parishioners who rallied around him deserve great credit.

## Makes Hair Grow.

McMurdo & Co. have an invigorator that will grow hair or money back. The time to take care of your hair is when you have hair to take care of.

If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed. A large bottle for 50c.

And remember, it destroys the Dandruff germ, the little pest that saps the life that should go to the hair from the roots.

SALVIA is sold by McMurdo & Co., under a positive guarantee to cure Dandruff, stop Falling Hair and Itching Scalp in ten days or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.

## The Bonavista Railway

(Continued from 6th page.)

Throne, and have the pleasure in extending to you our Governor, to Lady Williams and to the distinguished visitors, who honour us by their presence here to-day a most hearty welcome to our historic town.

We are confident that you will rejoice with us in the opening of the railway, and in all that the operation of this Branch will mean to us, and we trust that when you return to the city, you will be able to say that if anything was lacking of a social nature in our reception, it was amply atoned for by the hearty goodwill evinced toward you by the people of Bonavista.

John, Roper, S.M., Augustus G. Bayly, Rural Dean, S. Bennett, Meth. Minister, J. Murphy, D.D., J. W. Lawrence, J. T. McCarthy, J. L. Crewe, John Lockyer, P. James, John S. Rowsell, A. Mackinson, James Brown, J.P., Edward Harding, Esq., S.A., H. Abbott, R. E. Forbes, M.D., A. Rutherford, M.D., N. Ryan, J.P., Levi Templeman, H. J. Swyers, J. Clarence Macdonald, M.D., J. Whiffen, H. G. Miffen, A. G. Reader, Edgar Jones, Ph. D., R. Brown, Heber House.

A word as to this Address is due. It was beautifully written; the text, and surrounding scroll work of the cover were artistic, the work of Miss Lu Roper, daughter of Magistrate Roper; whilst the body of the address was a specimen of clever and beautiful penmanship by Mr. Michael Hartley.

Arrangements had been made by the Bonavista Committee to drive the visitors through the town before night in carriages so as to get a good view of this large and prosperous place. It was too late when the train arrived and that part of the programme had to be abandoned. After the proceedings in the Fishermen's Hall His Excellency, Lady Williams, the Premier, Lady Morris and the other members of the visitors and all those who had come down from points along the Branch were invited to the Orange Hall where a beautiful supply of refreshments was given by the ladies. Bonavista did itself honour and the credit is mainly due to the ladies of the town.

The next function was the sending off of the first passenger train by His Excellency the Governor. This event took place at 9.15. The Governor having said a few words took the Conductor's lantern and at the signal given by Conductor Maher, waved the lantern when the train started forward amidst the cheering of those assembled. An excellent display of sky rockets was then set off by Mr. P. J. Hanley.

At 11 o'clock the special train with the St. John's visitors left for home, the train reaching the city at 5 p.m. At Holyrood in a public spot on the side of a hill the train was stopped and the party lined up for a photo by Messrs. W. Parsons, Bert. Holloway and J. C. Parsons.

The Governor then at the request of the guests presented Mr. Reid with the subjoined address:—  
W. D. Reid, Esq.,  
President Reid-Nad. Co.

Dear Sir:—  
We, who have partaken of your generous hospitality on the occasion of the opening of the Bonavista Branch Railway, take this opportunity of thus briefly expressing our very cordial appreciation and thanks; and wishing our host every happiness and prosperity.

George H. Bolt, J. Withers, John Harvey, Levi Curtis, S. Rees, W. C. Job, P. T. McGrath, Isabel Morris, Edith H. Job, Ethel L. Harvey, Ray Padgett, C. McK. Harvey, J. A. Paddon, Sara B. Ayre, Stella M. Bishop, G. C. Cashin, Eliza M. Bolt, R. Watson, Flora L. Robinson, Catherine Morrison, D. Morrison, R. K. Bishop, John B. Ayre, Laura J. Bennett, Annie M. Kent, Bessie Fraser, Mary Keegan, Bessie Herder, Minnie Woodford, Clift, H. L. Emerson, Ethel N. Munn, H. G. Harvey, F. L. Patterson, K. G. Ryan, W. R. Warren, W. Veitch, M. P. Cahsin, John R. Bennett, Wm. Woodford, W. Patterson, S. D. Blandford, J. Hanley, H. W. LeMessurier, W. J. Edgar, W. J. Herder, Charles Emerson, Wm. A. Munn, P. P. Moore, P. Templenian, E. Templenian, P. K. Devine, J. C. Parsons, Thomas Ryan, Alex. A. Parsons, T. A. Hall, Wilfred F. Grenfell, J. Alex. Robinson, E. P. Morris, Alan Goodridge, Wm. Miller, J. Gunn, D. M. McFarlane, P. K. McLeod, D. Forsyth, P. C. Ledingham, O. G. Maundrell, E. M. Robertson, A. Vincent, A. Mercer, P. Hanley, W. Parsons, R. P. Holloway, D. W. Prowse, J. M. Kent, J. M. Allan, J. A. Clift, Horace Gale, Jesse Williams, Ralph Williams, Governor.

His Excellency warmly endorsed the sentiments expressed in the address. Mr. W. D. Reid could not possibly do more to make the guests comfortable and the trip a pleasant one. He was ably assisted in this by Mr. J. W. N. Johnstone. There was a bountiful supply of everything required on such a journey, and not only were the 150 guests from the city entertained but the 400 who had joined the trains at points between Brooklyns and Bonavista. The stewards under Mr. Robt. Allison had a busy time and a hard time but they did their work well. Mr. Strahan followed the train in the function of being the conductor on the occasion and was ably assisted by Mr. Blackler.

**THE SOLWAY HERE.**—The S. S. Solway, Capt. Taylor, reached here last night. She is a fine ship and will sail to-morrow on her last trip to the Labrador. She has been running the past two weeks between Bay of Islands and Solway with freight which had accumulated at the latter port.

**AN ENGINEERS' UNION.**—The engineers of the sealing and other ships held a meeting on Wednesday night in the British Hall and discussed the advisability of forming a Union. Mr. J. Forbes was moved to the chair, and after briefly reviewing matters relating to the profession, it was decided to form a Union, and a committee was appointed to draw up rules, etc., to be submitted at another meeting to be held shortly.
