"What's in a Name?"

THE TORIES TRYING TO CHANGE THEIRS.

As the Morris party men are soured with disappointment at Sir Robert Bond, they are venting their spleen on him and his party. Mr. Robinson, of all men a tory of the tories, has been trying to boom Sir Edward Morris as the "legitimate successor" of Sir William Whiteway, and the true heir to the policy of the Liberal Party. It to the policy of the Liberal Party. It only wanted another tory of the tories, Mr. McGrath, to set this off, as he does on Saturday by telling us that Sir Robert Bond and his men are only masquerading in clothing of Liberals. This naturally brings us back to the origin of the party led by Sir Edward Morris. Who originated it? According to the correspondence furnished by the Morris men themselves, we have it set forth in black and white. Under date January 20th, 1908, a letter was addressed to Sir Edward Morris and in it are to be found these was addressed to Sir Edward Morris and in it are to be found these words: "We, the sitting members of the House, who are in Opposition to the Government, request you to assume the leadership in the Assembly, and to take immediate steps for the re-organization of the Opposition forces throughout the Colony on broad and comprehenisve lines." Now, who are the men who signed this appeal? Were they Liberals?

The Science of Servant- the offer, after an additional requisi tion had been sent to him. He says,
"I * * * accept the position of the Leader of the Opposition forces in the Colony, which hence-forth will be known as The People's Party." It will be seen from this that Sir Edward Morris did not even attempt to pose as a Liberal. He followed the original intent that was it was expected that Sir Edward Morris would attempt to form a new W. J. HERDER, - - Proprietor political party in the Colony. A signed the requisition brings to light such names as J. Alex. Robinson, Robert Watson, H. Y. Mott, P. T. McGrath, Jesse Whiteway, John R. Crosbie, William Woodford, John Mc-Carthy, John R. Goodison, M. P. Gibbs, R. K. Bishop and a number of Tory Party.

But Sir Edward feared the odium attached to the name of Tory, and determined to drop the name by which the Opposition of these days was known; and declared that he was leading a party "which henceforth will be known as the People's Poetr". Party.". The object of the new party was to take under its banner the whole industrial classes of the Colony—the fishermen, the farmer, the mechanics, the laborers, the clerks and all who work for a living. object has now failed absolutely. The fishermen in their tens of thousands have repudiated the People's Party and are rallying to oust the People's Party from the Government. Farmer Ruby's comments in the Fisherman's Advocate, is an indication of what farmers think of the agricultural policy of the People's Party. The mechanics and laborers and clerks of to bring Sir Edward Morris to his knees in the West, End.

The failure of the People's Party has been so phenomenal, that we have a Tory like Mr. Robinson, try-ing to palm off Sir Edward Morris as the legitimate beir of the Whiteway and to take immediate steps for the re-organization of the Opposition forces throughout the Colony on broad and comprehenisve lines."

Now, who are the men who signed this appeal? Were they Liberals? Read the names, that will settle the question. Here they are: Charles Dawe, R. Meulton, M. P. Cashin, S. D. Blandford, W. C. Winsor, Donald Morison.

On March 4th, 1908, we find a let-On March 4th, 1908, we find a let-r from Sir Edward Morris accepting ful leader of any party. Mr. Mc-

What had brought about this prosperity? The fisheries have not been appreciably increasing in productiveness, although the fishermen have been

getting good prices, there was not any more fish caught now than there was forty years ago, when there was perhaps onethird less than the population that we have to-day. How was it, then, that the people of the country could live better, have nore comforts, and save more money with one-third more of population, if it were not for the new industries which have been

The People's Party men are tired of their party name. They are sick hia, of its fame. They know the P. P. is inst. better known as the Picuic Party. The People's Party has no credit in the Colony. It has disgusted its former supporters. Its agricultural policy is a bye-word. Its financial olicy has alarmed the country. Its extravagance has disgusted every body. The P. P.'s are asham ed of their own name, and now they are ready apparently to put the name in the discard. They are casting longing eyes to the Liberal name.

Two very able sermons were preached yesterday by Rev. Dr. Cowperthwaite showing that he has lost none of his old time power and fervour. The discourse at the evening service was most practical and its application was very telling. At this service Miss Curtis sang with fine expression and splendid voice the solo by Sir Arthur Sullivan "And God shall wipe away all tears."
