Money Found.

During the past few days small
advts. in *Evg. Telegram* have been the
means of restoring money to 3 of our
customers, viz.:

Last week a wallet containing nearly
\$200.

Tuesday—2 \$5.00 notes, and yester-
day 3 \$5.00 notes.

This is only another evidence of
benefits of advertising in the *People's*
Paper.

Begin to Save Now.

How many people say to them-
selves, "Next year will find me with
a nice little savings account," and
then realize later on that it was like
so many other good resolutions—
never carried out. The time to be-
gin is now. Nothing is ever gained by
indecision. Begin by doing without
some one thing which, possibly, may
not come under the head of extra-
vagance and still is not a necessity.
It is not so much the amount you save
at first that counts, but it paves the
way for the systematic saving, which
in the end makes the successful men
and women of to-morrow. — S. W.
Straus.

Our Pattern Department.

We wish to draw the attention of
patrons of this department to the
necessity of enclosing the money or
stamps with their order. During the
past week several customers have
neglected to make the enclosure and
in consequence will not receive the
patterns ordered.

Owing to the small charge which
we make for this excellent service,
we are unable to notify those who
forget, individually.

Rev. Capt. Nangle's Lecture.

To-night's lecture at the Casino
Theatre by Rev. Fr. (Capt.) Nangle,
Chaplain of the Regiment, promises
to be one of exceptional interest. The
lecture is under the patronage of His
Excellency the Governor, who will
preside, and His Grace the Arch-
bishop, Patron of the C. C. C. The
Cadet band will discourse new musi-
cal selections during the evening.

A Faithful Servant.

READY TO WORK NIGHT OR DAY.

Gas is your ever ready helper right
in your home—no begging for deliv-
ery, no delays in getting it. One gets
so used to it that one is apt to for-
get how helpful it is. Take a little
trouble. Study its uses; get to under-
stand how to obtain every particle of
help you can from it.

Remember that for Light, Heat, or
Cooking it has no equal. If you have
any little difficulties with it, bring
them to the Gas Office. Our advice
and help will be most readily given.
