## To-day's Messages.

### BRITISH WILL LEAVE.

WASHINGTON, D. C., Sept. 8. The evacuation of Archangel by British forces has been expected here for some time. There is no information available, however, as to the disposition of the French, Italian and even Serbian forces, of whom at least accounts, there were a few remaining.

### SENATORIAL DISCUSSION.

WASHINGTON, Sept. 3. Marked indication of a compromise in the Senate controversy over reservations to the League of Nations Convention came to-day from both democratic and republican sources, after republican leader Lodge had announced that the treaty would be reported to the Senate Wednesday, and probably taken up for consideration next Monday. Probably the most important development of the day was a statement to the Senate by Senator Simmons of North Carolina. Prominent in administration leadership, declaring "some concessions in the way of reservations will have to be made to secure its ratification," although "utterly" opposing some of the Lodge reservations, Senator Simmons said he was suggesting a compromise on "conservative reservations of an interpretative character."

### FOR PASSENGER SERVICE.

NEW YORK, Sept. 8. With the arrival here to-day of the transport Leviathan, bringing home General Pershing and troops of the first division, the giant transport brought to a close her important service in helping win the war. According to information at the headquarters of the Troop and Transport Force in Hoboken, the big ship is now to be refitted as a transport, and after being returned back to the United States Shipping Board, the agency which seized her when the United States entered the war.

### CLEARING NORTH SEA.

LONDON, Sept. 8. The North Sea will be cleared of mines before the rough autumn weather forces the mine-sweepers to quit work, according to a statement made to-day by a naval authority. Completion of the work this year had not been expected, a month ago, but the American mine-sweepers had far outstripped expectations, said the officer. Beginning with an average destruction of 200 mines daily, the Americans are now blowing up between 1,000 and 1,200.

### MAKING RESTITUTION.

BERLIN, Sept. 8. Four hundred thousand German workers have volunteered for the work of restoration in Northern France, according to the Vorwaerts.

### AND NOW IT'S COTTON.

WASHINGTON, Sept. 8. The lateness of the cotton crop, ranging generally from two weeks to more throughout the cotton belt, except where the plants are infected with boll weevil, has resulted in exceedingly small ginnings thus far this season, the census bureau announced to-day.

### PROTECTING THE FIGHTERS.

SYDNEY, New South Wales, Sept. 8.—(Reuter's Ottawa Agency.)—The Government of New South Wales has introduced a bill, which has passed the first reading in the Legislative Assembly, compelling employers to reinstate employees who joined the forces at their pre-war or equally good positions, and makes it incumbent upon all employers, upon pain of heavy penalties, to employ returned soldiers before engaging others.

### FORECASTS INCORRECT.

AUCKLAND, New Zealand, Sept. 8.—(Reuter's Ottawa Agency.)—Admiral Lord Jellicoe declares that the forecasts recently made of the contents of his report to the Commonwealth Government are quite incorrect.

### WILL NEVER PERISH.

MELBOURNE, AUSTRALIA, Sept. 8.—(Reuter's Ottawa Agency.)—Premier Hughes in a speech here said Australia must have a Government that had a clear and direct mandate from the people. Referring to the General political outlook, he declared that whatever became of the other League of Nations, the League of the British Empire would never perish.

### NEW ZEALAND'S PLAN.

WELLINGTON, New Zealand, Sept. 8.—(Reuter's Ottawa Agency.)—The House of Representatives has authorized the Government to borrow sixteen and a half million pounds sterling, to be used for the settlement of ex-service men in New Zealand. The interest of the loan will be free from income tax.

### EMPIRE MUST PAY UP.

WELLINGTON, New Zealand, Sept. 8.—(Reuter's Ottawa Agency.)—Admiral Lord Jellicoe in an interview said that unless the people of the United Kingdom and the Dominion were prepared to put their hands in their pockets immediately, it would be impossible to retain British sea supremacy, which is vital to the existence of the Empire.

### WANT BRITISH TO STAY.

LONDON, Sept. 8. The Archbishop of Canterbury has

received a despatch from Archangel signed by the Bishop and Clergy there, appealing to British Christians against the withdrawal of British troops, which they assert would leave Archangel to the horrors of Bolshevik rule.

### MOB TAKES CHARGE.

LONDON, Sept. 9. Ferney, near Cork, was terrorized by a mob for an hour last evening, according to a despatch to the Exchange Telegraph Company. Fifty shops were damaged, one jewelry store being completely demolished. The loss is estimated at several thousand pounds sterling.

### WANT MORE ASSURANCE.

PARIS, Sept. 9. The Supreme Council of the Peace Conference will to-day draft a note, to be sent to Germany, demanding the suppression of article sixty one of the German constitution, providing for Austrian representation in the German Parliament, according to newspaper here. It is stated that the Council considers the German answer to note of Council, relative to article sixty one, as insufficient.

### NEW UNION STUNTS.

GLASGOW, Sept. 8. Among resolutions adopted to-day, by the Trades Union Congress, was one in favor of a policy of free trade. Another resolution pledges the Congress to support unionized actors in their efforts to unionize all British amusements.

### CARDINAL MERCIER IN U. S.

NEW YORK, Sept. 9. Cardinal Mercier, Primate of Belgium, will reach New York late to-day on the naval transport Northern Pacific. The Cardinal will be met down the bay by a committee, headed by Archbishop Hayes and there will also be a committee from Baltimore, representing Cardinal Gibbons. Cardinal Mercier will spend the night at the residence of Archbishop Hayes, and will leave to-morrow for Baltimore to spend a week with Cardinal Gibbons.

### Sagona's Report.

S. S. Sagona arrived at St. Anthony at 3.30 o'clock this morning and the captain wired the Reid Nfd. Co. the following report:

"From Hopedale to Cape Harrison, fishery good; from there to Emily Hr., little improvement; Emily Hr. up very poor; Pack's Hr. to Black Island, doing fair for past week; Indian Tickle to Bateau, good fishing with traps, also took line; Sandy Island to Square Island, nothing doing; Square Island to Battle Harbor, boats getting 2 to 4 qts. daily, hook and line. Hawk's Harbor, nothing doing, there has captured to date 41 whales."

### Helpless.

The taxpayer is handicapped. It is difficult to unionize him. The great trouble is the lack of a common interest among enough men. In the abstract it is of course desirable to all men that taxes be kept down and that public money be wisely spent. In the concrete, so many other things enter in that this common bond fails to have its due weight. It is almost always outstripped by the eager interest which special beneficiaries feel in the misuse of what money others contribute. Capital with its axe to grind, or labor with its payroll to fatten, has a more vital concern and acts with the greater vigor. The poor abused public merely groans and talks. It doesn't do anything.—Lowell Courier-Citizen.

His Lightning Calculation.

An instructor to would-be arithmeticians at a large camp in Bucks finds that the lack of knowledge of the most elementary arithmetic displayed by some of his charges is astounding.

For instance, he had no little trouble in convincing one young man that there was one hundred hundredths in an inch. He next asked his pupil how many thousandths he reckoned there would be in an inch. After gazing long and earnestly at his ruler, the youth answered: "Bilney! There must be millions of 'em!"

## The Canny Scot.

Scene: A dance which had been promoted for a local charity in a Scottish city. Time: In between the dances.

A local lad led his partner into a cozy corner for a moment's rest. "Do you smoke?" he asked, his tones hinting that he knew she didn't. "Yes, thanks," said the girl sweetly.

Regretfully he took out his cigarette case, and abstracted a cigarette. This he broke in two, and offered her half, putting the other half in his mouth.

"Well, hae this," he said. "We harena time for a whole one."

From a recent Magazine we have copied the following. We only need to add, Papers to suit all requirements can be had at our Store.

1. Thou shalt heed the call of Plain quiet wall papers and white woodwork wherever such is possible.
2. Thou shalt lighten dark rooms by the use of light-hued, yellow-tinted wall paper, that suggests the blessed sunshine.
3. Thou shalt see that thy walls and thine own personality are not to forward, but modestly retiring.
4. Thou shalt use no large-patterned wall papers against which to hang thy pictures. The one will kill the other.
5. Thou shalt have no centerpiece or cornerpieces upon thy ceiling, but only a very nearly plain expanse of light color.
6. Thou shalt have thy fill of bright tints, and delicate designs for bedrooms and boudoirs, but for drawing-rooms, dining-rooms, libraries and halls, thou shalt be compelled to use less frivolous papers.
7. Thou shalt, when the ceiling is not too high, run the paper of the side wall up to the ceiling, putting the border just below the angle.
8. Thou shalt not panel the walls of a small room, except it be above a mantelpiece, a sideboard or a bookcase, where a bit of tapestry, a mirror or a picture may be held in place by strips of moulding.
9. Thou shalt use attention-compelling cut out borders, or conventionally designed strips for divisions between walls and ceiling.
10. Thou shalt remember at all times that thy wall paper is but a background against which to show thy pictures, thy furniture, and thy friends.
