Settlement of Coal Strike Within Sight.

Glasgow Dockers Attack Voluntary Helpers--Korfanty Gives Poles Good Advice--Outrages in Ireland Carried to Churches.

COAL STRIKE OUTLOOK.

LONDON, May 18. The sudden return of Premier George to town, is taken as a better sign of a coming settlement of the miners' strike. Sir Robert Borden, Chancellor of the Exchequer, has undertaken delicate parleys in different directions in the last few days, and the result of these has now been reported to the Premier, who will decide whether they are sufficient to warrant the calling of a meeting of the miners' strike. Sir Robert Borden has in another conference, with Ashton, the Lancashire Pits' leader, advocates leaving the coal pool to a later date, and accepting a temporary settlement. The transport workers' and railwaymen's Executives met, only separately, yesterday, although it is believed the more responsible leaders are anxious to avoid a dual meeting. It was hauled the extremists of the miners' chiefs declare that if the strike were to be settled to-morrow, most of the pits would be unable to open again for months, while many would still remain idle until the trade has recovered.

DOCKERS DISORDERLY.

GLASGOW, May 18. Glasgow dockers have resolved to continue their strike, and the police made a baton charge owing to military helpers being stoned. Elsewhere the dispute in all districts continues without anything more serious happening than petty looting and elementary disturbances.

£10,000,000 LOST.

LONDON, May 18. It is estimated that workers in Birmingham district have lost ten million pounds sterling in wages through miners' strike. Right Hon. T. J. McManis, Minister of Labor, states that the number of wholly and partially unemployed in the United

Kingdom now totals over two and a half millions. Nevertheless a pit pony race meeting at Doncaster was attended by 3,000 idle miners. A large body of strikers are assisting the police as special constables.

KORFANTY AND ORDER.

LONDON, May 18. Information received in official circles regarding Upper Silesia, states that the Polish Consul General at Beuthen has informed the Inter-Allied Plebiscite Commission that Adalbert Korfanty has issued a proclamation to the people of Upper Silesia to surrender their arms, resume work and avoid military contact with Germans. He declares that 10,000 men have been demobilized.

RACE RIOT.

BIRONVILLE, Ga., May 18. Two negroes are dead and one white man named Davis from New Jersey, is seriously wounded as the result of a race riot that began near here last night and continued to-day. Twenty negroes have been placed under arrest.

SALES ON TIME.

SOUTHAMPTON, May 18. The White Star liner Adriatic sailed on time to-day for New York with a full complement of stewards, half of them members of the regular staff and others consisting of men with previous experience. A large number of the clerical staff of the line worked on the quays this morning, assisting the steamer to get away. They were disappointed when their services were not required to make the voyage.

URGES AMALGAMATION.

LONDON, May 18. Shortage of London tramcars through conservation of fuel is causing much inconvenience at rush hours. There are plenty of volunteer

laborers unloading Belgian coal now, which is to be used for generating power. Lord Londonderry suggests that his fellow coal owners in the Durham and Northumberland fields should undertake amalgamation of coal enterprises throughout the United Kingdom into districts, in order to reduce overhead distribution charges. He believes the scheme would reduce the price without undue diminution in the miners' wages.

CHURCHES NOW OUTRAGED.

BELFAST, May 18. District Inspector Walsh was seriously wounded by three men during service in St. Patrick's Catholic Church on Tuesday. Members of the congregation were searched on leaving the Church and eight men were arrested.

TRAINMEN HELD UP.

DUBLIN, May 18. Rebels have adopted a new method for attacks on police barracks. Travelling by train yesterday they compelled the trainmen to stop the train at Ballaghaderreen, County Mayo, and opened fire on the barracks. The police repelled, wounding one passenger in the train. Members of the attacking party were pursued by the police and the belief is expressed that one of the party was killed. A prominent District leader named Jim Hunt, was captured. Nine policemen were ambushed yesterday at Lanesborough, County Longford, and one of them was killed and three men wounded. Seven policemen ran into an ambulance at Kinnity, Kings County, on Tuesday, one man was killed and three were wounded. A royal marine named Williams was taken from a bar-room near Rosses Point, carried to the seashore and riddled with bullets.

REBELS SURRENDERED.

DUBLIN, May 18. An official announcement issued to-day, says that a party of thirteen rebels near Kilmachthomas, County Waterford, was surprised by the military and surrendered without a fight. The men handed over their arms and five bicycles.

C. L. B. Cadets.

Annual Dinner of Officer's Mess.

The annual dinner of the Officer's Mess of the C. L. B. Cadets was held last night in the Band Room at the Armoury and was an entirely successful and thoroughly enjoyable function. Amongst the guests who were present were Major Anderson (Heart's Content), Canon Jeeves, Mr. R. G. Rendell, C.B.E., ex-Lieut.-Col. Revs. Clayton and Brinton. The dinner, which was under the chairmanship of Lieut. Colonel Goodridge began at 8.30 p.m. and after a splendid repast, served by the Ladies' Auxiliary, had been partaken of. The Toast List was proceeded with. All the speeches made during the evening were of a very high order and some of the reminiscences were very amusing. In replying to the Toast of "Outport Companies," Major A. Anderson, M.D., O.C., the Heart's Content Company, gave an insight into the difficulties which beset the path of the outport officers and appealed for closer co-operation between Headquarters and the various branches. The Lieut. Colonel, in replying to the toast of the "Chairman," paid a tribute to Major Raley, M.C., C. de G., and Lieut. (Rev.) Fletcher, both of whom will be leaving the country within the course of the next few weeks. He also stated that a company of the C. L. B. Cadets was being formed at Topsail, and made a few brief remarks with reference to Major Anderson's speech. The affair was brought to a close at 11.45 p.m. by the playing of the National Anthem by the Band. Too much praise cannot be given to the Ladies' Auxiliary for the excellent dinner which they provided. By undertaking to cater, the ladies took upon themselves a considerable amount of work and the efficient way in which they overcame the difficulties which beset them is a great tribute to their capabilities. The Toast List was as follows:—

The Land we Live In.—Prop. by Rev. Canon Jeeves, resp. R. G. Rendell, Esq., C.B.E.

PLAYING FOR KEEPS.

I've watched him change from his bibs and things, from bonnets known as "cutie," to little frocks, and later on I saw him don a suit; And though it was of calico, those knickers gave him joy, Until the day we all agree 'twas time for corduroy. I say I've seen the changes come, it seems with bounds and leaps. But here's another just arrived—his playing mibs for keeps! The guide posts of his life fly by. The boy that is to-day. To-morrow morning we may wake to find his gone away. And in his place will be a lad we've never known before. Older and wiser in his ways and filled with new-found lore. Now here's another boy to-day, counting his marble heaps And proudly boasting to his dad he's playing mibs for keeps! His mother doesn't like this change. She says it is a shame—That since he plays with larger boys, he's bound to lose the game. But little do I mind his loss; I'm more concerned to know The way he acts the times when he must see his marbles go. And oh, I hope he will not be the little boy who weeps Too much when he has failed to win while playing mibs for keeps. Playing for keeps! Another step to-

wards manhood's broad estate! This is what some term growing up, or destiny, or fate. Yet from this game with marbles, played with youngsters on the streets, I hope will come a larger boy, too big to lie or cheat. And by those mibs which from his clutch another manly sweeps, I hope he'll learn the game of life which must be played for keeps.

Household Notes.

Curry dressing is good on potato salad. Add ½ teaspoon of curry powder to French dressing.
Bake fruit pies in a quick oven at first to set the pastry, so that the filling will not soak in.
Add chopped walnuts to seasoned cottage cheese, spread between slices of graham bread and toast. Foods are often better if cooked below the boiling point for a longer time than if actually boiled.
Cream soups made with greens are more appropriate for warm weather than heavy meat broths.
A bit of tar paper and roof cement will nicely patch a leak in a rainwater gutter of galvanized metal.
Pastry may be made for a week ahead, and keeps perfectly if closely wrapped in waxed paper in a cool place.
