CANADA'S EXHIBIT TOURING FRANCE

Minister of Commerce Declares Help From Dominion Will Never Be Forgotten.

VISITS MANY TOWNS

Associated Press Despatch. Havre, July 17.—The Canadian travelling exhibition, which is to tour France this summer advertising Canadian products, was given a fine start yesterday, when the municipality of Havre tendered the Canadians connected with the exhibition a banquet, which was presided over by M. Dior, minister of commerce and industry for France. M. Dior congratulated the organizers of the travelling exhibition on their enterprise, and he remarked that it was an important economic outcome of the natural desire of the people of Canada and France to improve their acquaintance. They now would be the better able to appreciate each other's products, he said.

The Canadians, the minister said, not only had sent their goods to be seen on French soil, but they also had conveyed a further expression of that cordial goodwill which had been evidenced at the time of the grave crisis in the national life of France. On behalf of France, he extended grateful thanks to Canada for her help during those fateful hours. There was no danger of France forgetting what Canada had done, M. Dior said, but she would remember all the better when the Canadian travelling exhibition train passed along the routes marked out for it, some of which routes would recall memories of the war. The train bore Canadian products, he added, and testified to Canada's friendship toward France. The exhibition is being given in a train of thirty cars, drawn by tractor. In each city visited the exhibition trucks will be drawn up in two lines and arranged so as to give the appearance of a model street. The exhibits consist of products of Canada's farms, forests, fisheries, mines and factories.

The Canadian travelling exhibition was promoted largely by Senator C. P. Beaubien, Montreal, and is backed by the Canadian Manufacturers' Association.

WOMEN BADLY HURT WHEN TRAIN HITS CAR

Driver of Auto Near Galt Jumps To Safety—Only Slightly Injured.

Special to The Advertiser. Galt, July 17.—The Hespeler road level crossing on the outskirts of the city, at which several people have met their death, was the scene of a bad accident last night, as a result of which Mrs. Picken, aged 60, and her daughter, Mrs. Ernest Smith of Hespeler, lie in the local hospital with little hope for their recovery, while Ernest Smith, by jumping from the car, escaped with bruises and a shaking-up, when his auto was struck by a northbound C. N. R. passenger train.

The motor party of three was bound for Galt, and it is believed their machine stalled on the tracks. Smith saw the train coming and jumped in time, the car being hit and thrown 25 feet. Mrs. Picken had her right arm fractured and was badly bruised. Mrs. Smith had her right arm broken in three places, leg broken, back injured and numerous cuts. Both women are suffering from shock.

The car is a complete wreck. Several doctors and ambulance men were summoned and the injured removed to the hospital.

REPORT WESTERN TOWN BEING SWEEPED BY FIRE

Blaze At Anyox, British Columbia Mining Center, Believed Under Control.

Canadian Press Despatch. Prince Rupert, July 17.—Last evening the Prince Rupert wireless station reported that it had picked up a message from Anyox stating the fire was under control. Efforts are being made to get further details.

Associated Press Despatch. Seattle, July 17.—A radio message from the steamship Grifco in the Portland Canal, picked up by the Seattle harbor radio station this afternoon, stated that Anyox, a smelting town in Northern British Columbia, was on fire, and that the vessel had heard several sounds resembling explosions.

BRANT COUNTY CROPS REDEEMED BY RAINFALL

Special to The Advertiser. Brantford, July 16.—The rain which fell generally and persistently most of Sunday was just what Brant county farmers needed. On high, sandy soils, corn was reported to be dying, and small fruits withering before ripening. The coming week will see most of the hay cut and in. It is curing very fast now, as it is quite ripe. Wheat is ripening fast, and will crowd very closely upon the hay. Spring grain is headed out, but will not be ripe for some time yet. There is considerable complaint with the raspberries, due to diseased canes.

IS HURT WHEN TRYING TO RECOVER HIS HAT

Special to The Advertiser. Grand Bend, July 16.—A slight accident occurred Sunday afternoon about 5 o'clock. Two men were riding a motorcycle on the road towards the lake when one of them, W. Dunbar, lost his hat and applied the brakes suddenly, causing the machine to skid and fall, pinning him underneath and causing slight injuries.

WEST MINERS RETURN.

Canadian Press Despatch. Edmonton, July 17.—The Drumheller coal miners who went out on strike last week in sympathy with the Nova Scotia miners, at a mass meeting held on Saturday voted to return to work.

THERE were 1021 forest fires reported in Ontario last season. The vigilance of the fire rangers kept 53 per cent. of these down to a size not exceeding five acres. But yet the total area burned was over 346,000 acres—equal to a strip of forest one mile wide from Toronto to Cochrane.

Of the total number, only 52 were lightning fires. In other words, out of every 100 fires, 59 fires were due to man's carelessness and were preventable.

Accordingly, the problem of forest protection in Ontario calls for the co-operation of the whole citizenship of the Province. If reasonable care be exercised by everyone in the woods to prevent the start of fire, our forests will be safe. Railway officials, campers, prospectors, lumber firms, settlers, construction firms—all can help by being careful of fire in the woods, and by joining hands with the press, the leaders of public opinion, and the business men of Ontario, in prompting educational propaganda to reduce forest fires.

Save Ontario's Forests

Ontario Forestry Branch, Parliament Buildings, Toronto, Ont.

WEST CROP CONDITIONS CONTINUE FAVORABLE

Manitoba Farmers Are Already Hiring Help To Harvest Wheat.

Canadian Press Despatch. Winnipeg, July 17.—Crop conditions throughout the prairie provinces continue favorable, and with the exception of hailstorms over some areas of Saskatchewan and Alberta, no untoward incident has occurred to affect the growth during the past week, states the weekly crop report issued by the agricultural department, Canadian Pacific Railway, here today. Showers occurred during the week, but the weather generally was fine and warm. The rye and clover harvest has commenced in many districts, and fodder crops are looking remarkably well. Farmers are sanguine of a greater than average crop and already are hiring help for harvest and offering liberal wages.

WHEAT IS HEAVY CROP IN MITCHELL DISTRICT

Will Be Big Yields From All Cereal Crops This Season.

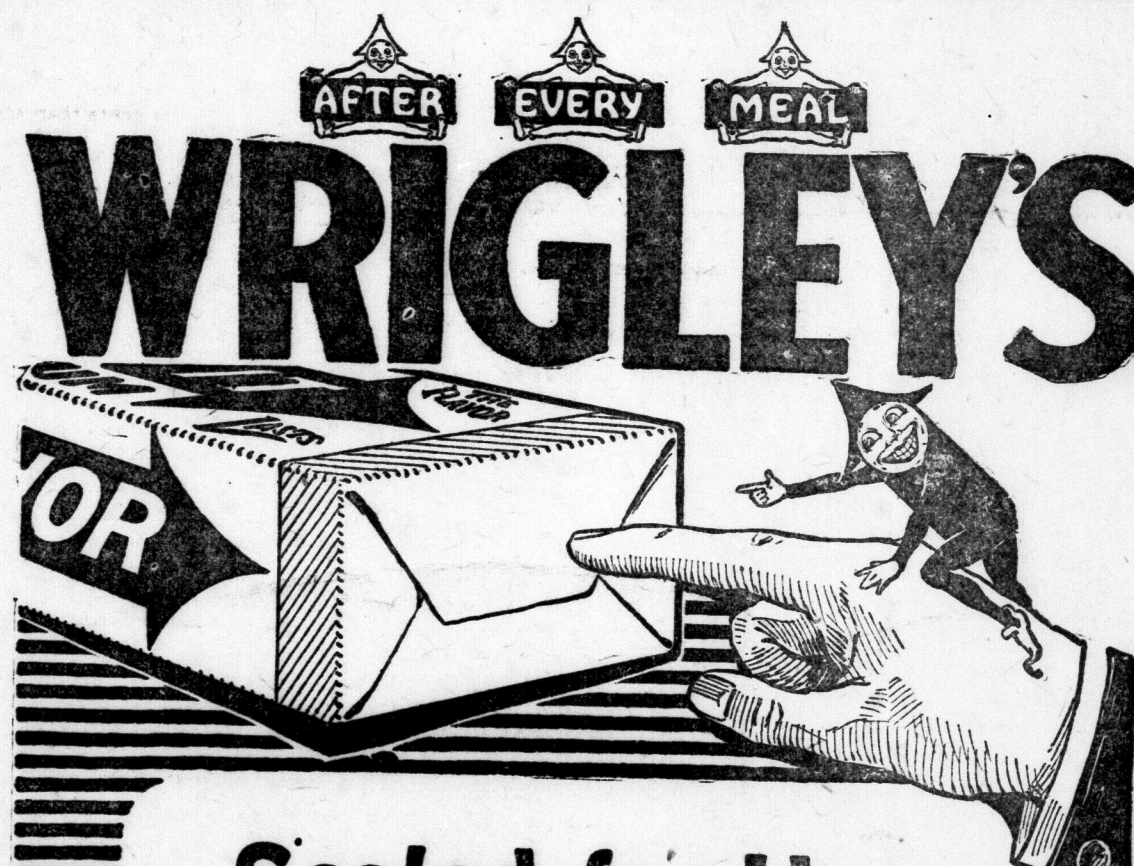

Special to The Advertiser. Mitchell, July 17.—Hay is a bumper crop in this district, and during the past week a large quantity was saved in good condition, but the rain of Saturday and Sunday will cause a delay in cutting and drawing in for a few days. New hay is selling from \$5 to \$8 a ton. Fall wheat will be a very heavy yield, and the quality will be the best. Mr. William Forrester, M.P., has a field of 25 acres which would be hard to beat. The fall wheat harvest will be on in a few days. Oats and barley are looking well, and to all appearances the crops of these kinds of grains will be big ones. Prospects are good for a large yield of potatoes, and the early tubers will be on the market in a few days. They are two weeks later this year, owing to the backward spring.

CLAIMS AGENT FAILED TO REMIT COLLECTIONS

Special to The Advertiser. Stratford, July 16.—James McGregor of St. Marys was charged in police court this morning with failing to turn over to the Farmers' Fertilizer Company the sum of \$2,300, which he is said to have received as their agent. The charge was laid by James Taylor of Wingham. The accused elected trial by the next court, and waived examination, being formally committed by the magistrate.

TWO ONEIDA INDIANS ARE CHARGED WITH O.T.A. BREAK

Special to The Advertiser. St. Thomas, July 16.—Daniel Elijah and Gustave Dostater, two Indians from the Oneida reserve, were seized tonight by Police Sergeant Geddes and Police Constable McCulley on Talbot street and placed in custody, awaiting a hearing before Magistrate Maxwell tomorrow morning on a charge of being found intoxicated in a public place. Elijah is also wanted on a charge of contempt of court for not answering to a summons for drunkenness some time ago.

Sealed for You

Wrigley's is made of pure chicle and other ingredients of highest quality obtainable.

But no use to have WRIGLEY'S leave our modern factories 100% in quality and then reach you in poor condition.

So we put it in the wax-wrapped package and SEALED IT TIGHT to keep it good—for you.

Aids digestion—keeps teeth white—helps appetite.

Wrigley's Doublemint is Peppermint flavor in double strength.

You'll like it!

The Flavor Lasts!

2 MORE WOMEN JOIN THE ARMY

Of Those Who Have Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"I had bad pain in my left side and I could not lift anything heavy without having a headache. I tried different things. Then I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and began taking it as she directions said. I feel very good now and can do all my work. I recommend the Vegetable Compound to all my friends, as you can use my testimonial letter."—Mrs. HATTIE WARZON, 870 Garde St., Milwaukee, Wisconsin.

Gained in Every Way

Buffalo, N.Y.—"I had some female troubles that just run my health down so that I lost my appetite and felt miserable all the time. I could not lift anything heavy, and a little extra work some days would put me in bed. A friend told me to try Lydia E. Pinkham's Vegetable Compound and I gained in every way, could do better and feel stronger. I had found nothing before this that did me much good."—Ms. J. GRACE, 291 Volt Avenue, Buffalo, N.Y.

MRS. SMALL DECLARES NO AID WAS OFFERED

Denies Estate Will Help To Finance Trans-Canada Theatres.

Canadian Press Despatch. Toronto, July 17.—Mrs. Theresa Small, wife of A. J. Small, missing theatrical magnate, last night described as incorrect the report from Montreal that she had made an offer to finance the Trans-Canada Theatres, Limited, to prevent its liquidation and had stipulated that \$40,000 be spent in renovating the Grand Opera House here. She added that the estate of her missing husband owned no interest in the Trans-Canada Theatres, and therefore, would not be represented at the meeting of shareholders in Montreal. No offer of aid by the estate had ever been contemplated, she declared. She said the affairs of the Grand Opera House would not be affected until it became definitely established that the Trans-Canada Theatres or their successors failed to live up to the agreement.

RATEPAYERS OBJECT TO PROPOSED HIGHWAY

Special to The Advertiser. Midway, July 17.—A petition has been circulated and liberally signed by the ratepayers of Midway, asking that the provincial highways department do not proceed with the construction of the proposed new road from the Hamel factory to Jacob Becker's corner. The petitioners take

THREE WORKMEN SUFFER INJURIES AT BRANTFORD

Special to The Advertiser. Brantford, July 17.—Three accident cases were taken to the hospital this afternoon. Arthur Prince, an employee of the L. E. & N. Railway, fell from the upper girders at the Lorne bridge crossing and fractured his right leg. James Buck, an employee of the Port Arthur Construction Company, which is building Lorne bridge, fell off the trestle work, suffering scalp wounds and an injured hip. Harry Walker, an employee of the Canadian Packing Co., was hit by an elevator and suffered serious scalp wounds.

EXETER-PRESBYTERIANS OBSERVE BAPTISMAL DAY

Special to The Advertiser. Exeter, July 16.—Sunday was observed as baptismal day in Caven Presbyterian Church. At the morning service four infants were baptized. They were Richard James Stanbury, Donald Duncan Graham, Betty Margaret Baynham, and Margaret Elizabeth Smith. The Presbyterian congregation has begun repairing the church. One room has been decorated and the shingles are on the ground for a new roof. The congregation is growing in numbers and is now considered strong enough to stand alone. Rev. Mr. McIntosh of Brucefield exchanged pulpits with Rev. Foote Sunday evening.
