NOT WORRYING

The proposal to establish a terminus at Gaspe is not taken very seriously around St. John, especially by those who remember the previous experiment along this line. Several years ago, when the claims of Gaspe were put forward a steamer despatched for that part of the coast arrived safely, but before she could get to sea again the ice closed in and the steamer was kept a prisoner until the next summer. It is not thought that owners will be found willing to risk another attempt.

NEW BRUNSWICK AFFAIRS IN COURT

Important Question Raised in Montreal as to Jurisdiction

Montreal, Jan. 9.—The jurisdiction of a Quebec court over that of New Brunswick and whether the interdiction of George Moffat, now confined in Verdun asylum, is regular, is the question which Mr. Justice Beaudin will have to decide in a testing case involving the sum of \$46,000.

The action is being taken by Mr. Roland Moffat, curator for George Moffat, his father, who seeks to have certain financial transactions between his father and Mr. William Scott Montgomery set aside by the court.

The plaintiff contends that when the transactions took place his father was unable to look after his own interests owing to his mental condition, and therefore the transactions were illegal.

The defendant claims that the proceedings in connection with George Moffat's interdiction were irregular as the petition was taken out in the Province of Quebec, whereas Moffat was a resident of the Province of New Brunswick.

WANTED

A FEW REMARKS

We ask for the floor for just a moment while we offer you a few Spring Shoe suggestions for your consideration:

Firstly.—Of all the things you wear, man, woman or child, your shoes give you the best return for the money invested in them. A shoe that fits uniformly, lasts much longer than one where the wear falls all in one spot, and so you owe it to your feet and purse to wear good fitting shoes.

Secondly.—We offer you the advantage of a large stock to choose from and the service of Salesmen that know how to fit shoes correctly.

Thirdly and Lastly.—You'll save time and money and obtain perfect satisfaction and foot comfort if you buy your shoes here.
