## HIS TREATMENT IS REMARKABLE HE SAYS

**Capt. F. S. Patty, Ex-Passenger Agent Northern Pacific, Discusses Former Troubles.**

Nearly everybody in Knoxville, Tenn., especially railroad people, knows Capt. F. S. Patty, for twelve years district passenger agent for the Northern Pacific Railroad, with local offices in Chattanooga and general offices in St. Paul, Minn.

On account of generally failing health Capt. Patty was forced to resign his position and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who knew him. The following interesting statement was made by him in person to the Tanlac representative:

I am 69 years old and always enjoyed good health up to about six years ago, when I suffered a nervous breakdown and my general health gradually failed me. My principal trouble was indigestion and catarrh of the stomach. My condition finally got so bad I couldn't sleep at night and always after eating I would suffer from indigestion and heart-burn that I felt like there was a coal of fire in my stomach. My hearing and vision were also effected. I consulted several doctors here in Knoxville and other cities and they helped me considerably and I finally got around, but somehow I just couldn't feel right and could not sleep at night, which made me awfully nervous and nothing I would eat seemed to agree with me.

I began reading about this Tanlac when you first came here and did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken, and that was sufficient proof for me.

I have just finished the first bottle and came here this morning, not only to buy a second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few drops. My nervousness is gone and I can sleep like a child and always wake up in the morning ready for breakfast. It has done me more good than any medicine I have ever taken. I am very fond of it in medical line I have ever taken. I certainly do recommend it to them, because they always disagreed with me so; I could taste them for hours afterwards. I ate one for dinner

## TWO MEN SENT TO PENITENTIARY FROM BATHURST, N. B.

**One Sentenced to Ten Years' Hard Labor, and the Other to Five.**

Sheriff Meahan, of Bathurst, had two young men escape from jail last week. They broke the lock of their cell door and escaped while the servant was taking tea to some prisoners. Their freedom did not last long. On Saturday night a week ago the C.N.R. freight station was burglarized and the Sheriff having some idea as to a clue waited until Monday night when he suddenly swooped down upon a camp in the woods not far away.

The Northern Light then proceeded to search the camp and found the two men. There was a lively chase in which the Sheriff, his Deputy, F. C. Meahan, and Officer Ramsey and Gagnon took part. The pair of burglars being finally captured and lodged in jail. One of them was found to be William Gagnon, a young man with a well known record in crime, and the other gave his name as McDonald and his native place as the Island.

The case against Gagnon and McDonald is said to have developed into a record handing out of justice in the Dominion. The offence with which they were charged was committed on Sunday night. They were taken into custody on Monday night. Before Magistrate O'Brien on Tuesday morning they were examined and sent up for trial, and on Tuesday afternoon their cases were submitted to the Grand Jury and a true bill found. On Wednesday they appeared before Judge McLatchy and a petit jury. McDonald pleaded guilty, and Thursday Gagnon was found guilty and the pair were sentenced. Gagnon to ten years at hard labor and McDonald to five.

Also Ran.

One the last day of school prizes were distributed at Peter's school. When the little boy returned home the mother was entertaining callers.

"Well, Peter," asked one of the callers, "did you get a prize?"

"No," replied Peter, "but I got horrible mention."

The other day and it agreed with me perfectly and I felt no bad after effects whatsoever. I tell you I am beginning to feel like a different man and am able to go to work and keep Tanlac on hand. It has done me more good than any medicine I have ever taken. I am very fond of it in medical line I have ever taken. I certainly do recommend it to them, because they always disagreed with me so; I could taste them for hours afterwards. I ate one for dinner

Most heroes outlive their greatness. Decollete bathing costumes are all right—as far as they go.

Lots of people who rob Peter to pay Paul manage to stand Paul off. Many a man salts away money in others people's tears.

She may be a thing of beauty until you see her emerging from the surf. A washup goes on a whaling voyage when it starts out to whip somebody.

It is a good thing for some people that the necessities of life do not include brains.

**Light Under a Bushel.**  
The sergeant-major had trouble in finding an accountant for his captain, but at last brought in a private for trial.

"Are you a clerk?" demanded the captain.  
"No, sir," replied the man.  
"Do you know anything about figures?" asked the captain.  
"I can do a bit," replied the man, modestly.

"Is this the best man you can find?" asked the officer.  
"Yes, sir."

"Well," growled the captain, "I suppose I'll have to put up with him!" Turning to the private, he snapped, "What were you in civilian life?"

"Professor of mathematics at the State College, sir," was the unexpected reply.

## INGENIOUS AND DARING GIRL

To Figure in the Provincial Courts.

Fredericton, July 14.—One of Canada's biggest mail order houses in Toronto has been victimized, not once but no less than sixteen times, by a young woman who, during the past year, attended the New Brunswick Normal School here, and whose daring and ingenuity for some time completely baffled the management of the wealthy corporations with whom she operated.

Like most crooked games this one eventually came to grief simply because everything seemed to be so easy that she overstepped. Now a representative of the Toronto company is hot on her trail, and it is believed that to-day will see her arrest at Sussex, N. B., where she is attending a Summer School for teacher.

The charge upon which the young woman's arrest will be sought is that of obtaining money under false pretences. It is claimed she not only carried on her operations while at school here, but also from her home on the North Shore.

The young woman's plan of operation was to write a letter to the mail order house, complaining that goods which she falsely ordered had not been received were unsatisfactory, saying she was returning the goods and asking them to return her money. In this way she took advantage of a loophole in the company's system, for on comparatively small orders it was not deemed worth while to check back on the books and the company merely sent her a money order for the amount named in her letter without waiting to find out whether the money was coming to her or not.

In this way, by writing varied letters and using different names, the young woman, it is claimed, was able to victimize the Toronto house on no less than sixteen occasions. "It seems a most remarkable thing to us that a young woman possessed of so much initiative, ingenuity and daring as to make it possible for her to victimize one of Canada's biggest business houses should be spending her time studying to be a teacher in some little country place," commented the agent of the Toronto concern.
