**WHY IS IT**

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?

It is because Zam-Buk is germicidal and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, \$3 for \$1.25.

**OBITUARY.**

William Pollock.

The many friends who regret to hear of the death of Ex-Gov. W. J. Pollock of Flat Lands, which occurred at the County Hospital, St. John, N. B., his remains arrived here on Saturday. The deceased was a young man thirty years of age, having a lovely disposition and well liked by all who knew him. He returned home last July after three years of service in France and about 8 months in Northern Russia. Although he had been in failing health for several months, his death was unexpected. He is survived by his parents, Mr. and Mrs. James Pollock of Flat Lands, two sisters and one brother.

The funeral which was in charge of the members of the L. O. J. L. No. 13, of which he was a member, was largely attended, the services being conducted by Rev. B. C. Salter. The pall-bearers were his intimate friends Messrs. Hinson Ward, Ivan Mowat, Percy and Austin McLeod, and James and Walter Nichol. The floral offerings which were many and beautiful testified the esteem in which the young man was held.

Much sympathy is extended to the grief-stricken family.

Freddie William Irving.

"Freddie William Irving of Mann's Settlement, passed peacefully away at his home in Woodstock, N. B., after a short illness of appendicitis. The deceased was in his thirty-fourth year and was well liked by all who knew him, and leaves to mourn his loss a large circle of friends and relatives, besides a sorrowing wife and one child, also a father and mother, ten brothers and seven sisters: Mrs. Charlie McKenzie, Campbellton; P. Q. Mrs. Donald A. Chalmers, Houlton, Maine (U.S.A.); Andrew, Jollette, Quebec; James and Duncan, Houlton, Me.; Alexander, Benjamin, Sanford, Robert, Earl, Johnnie, Marie, Elizabeth, Martha and Pearl at home.

Died at Balmoral on April 4th, Mrs. Alex. Drapcan, after a short illness of double pneumonia. She leaves to mourn her loss, a husband and eleven children. The deceased is a sister-in-law of Mrs. Francis Boudreau of this town.

**AN UNPLEASANT CASE.**

A man named Wallace, his wife, and five year old child, suffering from scabies, whom the Children's Aid Society tried, without success, to have admitted to various local institutions, were forced to vacate, Friday, the flat where they had been living with another family. Rev. J. V. Young, pastor of the Mission Church, made further efforts to have the family cared for, but without avail. The matter has been turned over to the Police Magistrate, who will make an effort this afternoon to have the family admitted to the Epidemic Hospital. When first located the family was living on the top floor of a Long wharf tenement, with no beds in the place, the members having to sleep on bare floors. They afterwards moved to a lower floor, but now have had to return upstairs. The family came here from Dalhousie, and had not been residents for a period sufficiently long to enable them to get admittance to the Municipal Home. Other institutions, for various reasons, found themselves obliged to refuse to receive them. The father of the family is of meagre education, and is subject to weak spells.—St. John Globe.

A grammar-school teacher having asked for a short essay employing certain words ending with "tion" a pupil handed in this astonishing production:

"Father's hair is a recollection; mother's is an acquisition; sister's is an aggregation; brother's is a conflagration, and baby's is a mere premonition."

An absent-minded bishop could not produce his ticket to the railway collector. "Never mind, my lord," said the porter. "It's all right, anyway, whether you find it or not."

"Oh, no, it isn't," said the bishop, turning out his pockets. "I must find that ticket, for I want to know where I am going."

**LEGISLATORS WANT MORE INDEMNITY**

Demand For \$800 or \$1,000 Made In Committee on Supply.

Members of the Provincial Legislature want their sessional indemnity increased and Friday night two of their supporters called upon the Government to advance the amount of indemnity from \$600 to \$1,000 while one Opposition member wanted it increased to \$800. Last year the Contingencies Committee voted the members a bonus of \$100 each and it was said at the time there was an understanding that the indemnity would be made \$500 this year. No provision was made in the estimates for increased indemnity but Premier Foster said he would place the matter before the Government within a few days. The suggestion was also made that the salaries of the Ministers be increased from \$2,100 to \$3,500 and another suggestion was reducing the number of Ministers to three, there being nine members of the Government now, two of them being without portfolio while the Premier does not administer a department.

Hon. Mr. Foster said that many people in the province would agree with him when he said that the indemnity and ministers' salaries were wholly inadequate. He did not know when the indemnity was last increased, but since that time there had been a tremendous increase borne by each member. The suggestion to amalgamate departments was splendid in theory, but difficult to put into practice. Although the population of the province had not increased as rapidly as desired, public business had grown enormously. It was the old story of demands for money in every direction, and it was difficult to comply with such requests. He had every sympathy with the desire of hon. members that the sessional indemnity should be increased, and had given the matter consideration.

**Can You Blame Him?**  
(Calgary Herald.)

A normal school graduate in Calgary lately wrote to a country school board asking the salary they were willing to pay for his services, and received a reply stating that \$1,000 a year was the out-side figure. He wrote saying that he understood that the farmers in district paid their men to feed hogs \$75 a month and board, and as the teacher's stipend only figured out at about \$80 a month, without board, he therefore recommended them to quit raising children and concentrate on hogs. Can you blame him?

Billy's only four years old," said the indulgent mother, "but he's getting a very expensive little boy. He used to be good, going to bed for a penny, but now he expects sixpence—"

That only three lives were lost and eight persons injured is considered almost a miracle.—From a report of a railway accident in the New York Globe.

**FELL DOWN ON TRAIN SERVICE**

C. N. R. Management Not to Give Daily Service on L.N.R. As Intended.

A meeting of the Council of the Campbellton Board of Trade was held recently to hear a draft of the annual report of the C. N. R. to the Government, a reference to the L.N.R. and after discussion was approved. It was also suggested that the management of the C. N. R. had decided to run an express and stopping three days a week only commencing May 1st.

The Council was strongly opposed to this and appointed Messrs. D. A. Stewart, P. M. Shannon, W. S. Richards, and Geo. G. McKenzie a committee to look after this matter. It is felt that the large amount of traffic over this road warrants a daily service and this should be provided.

**ACUSED OF CHEQUE FORGERY.**

Fredericton, April 10.—Charged with having uttered a forged cheque knowing it to be forged, Herbert Adams and Eugene Guimond, of Campbellton, were brought here by Chief of Police Finley. Adams and Guimond are said to have succeeded in cashing the cheque at the Fredericton Branch of the Bank of Nova Scotia recently for \$250, the signature of Albert Downs of Campbellton, on the cheque having been a forgery. They will be tried on Tuesday.

Jones was very much surprised to see a lot of quite nice-looking clocks displayed in a window, marked 5 each.

He went inside and asked to see one. "I don't know how you can do it at the price," he remarked. "It must cost that to make one of these."

"It does," replied the jeweler. "Then where does your profit come in?" asked Jones in amazement. "In repairing them," the jeweler informed him bluntly.

Just Right.

A southern colonel, according to Senator McKellar of Tennessee, called in his colored man, Sam, and gave him a drink of liquor.

"How is that liquor, Sam?" the colonel asked.

"Just right," Sam replied.

"What do you mean by 'just right'?" the colonel inquired.

"Well," Sam said, "if it was any better you wouldn't give it to me, and if it was any worse I wouldn't drink it."
