CAMPBELLTON PROVES VERY SUCCESSFUL

Many are joining N. B. Tourist and Resources Association

Mr. C. C. Avard, of Sackville, President of the New Brunswick Tourist and Resources Association, announces that the campaign to enlist greater public support of the tourist movement is meeting with generous public response.

An effort is being made to secure new association members, the amount thus realized being devoted to a fund for advertising in American publications with a view to attracting summer visitors. The novel plan of issuing "baby drafts" for the amount of one dollar, the annual membership fee, was adopted. Some four hundred drafts were sent out to Montserratians who, it was believed, would be interested in the movement. About three hundred responded. In New-castle one hundred new members were secured. Chatham was equally interested, one hundred citizens of that town joining the Association. Over one hundred people in Milltown paid the membership fee.

The campaign is being carried on elsewhere. About seven hundred St. John people are expected in St. Andrews, Campbellton, Bathurst and Sackville.

The total number of new members, it is confidently believed, will be between 1,200 and 1,500.

A plan of co-operative advertising of tourist attractions is being worked out by New Brunswick and Prince Edward Island.
