An important meeting of the Centennial Celebration Committee was held on Saturday afternoon in the library of the Legislative building. There was a large attendance, among those present being Dr. Scadding (chairman) and Messrs. Hon. G. W. Ross, Judge Kingsmill, Alfred Patrick, C.M.G., Principal Dickson, William Houston, Barlow Cumberland, Capt. Jessop, A. McDougal, D. B. Read, O. A. Howland, J. G. Rousseau, W. T. Boyd, W. J. Considerable additions were made to the committee, among those added being Judge Kingsmill, F. W. Toogood, A. Bishop, M.L.A., J. A. Patterson, Principal Dickson, A. Patterk, C.M.G., W. J. McMaster, H. W. Peterson, J. Gilkison, L. Cheney, W. T. Boyd, R. E. Kingsford, F. Arnolai and J. Jackson. A number of sub-committees reported, the most important being from the Program Committee. It suggested that Sunday, July 17, be set apart as a day of national thanksgiving, and the various churches be communicated with to induce them to treat it as such. July 16 will mark the completion of the century since the Royal proclamation was issued forming Upp er Canada as a province, and it was also suggested that the Lieutenant-Governor be requested to read that proclamation at Niagara on the anniversary; this solemn reading being accompanied by a saulte of artillery and a review of various regiments and of the Army and Navy Veterans, and a parade of the Indians of the Brant Reserve, of the Public Schools, of the Historical Association, of the Upper Canada College and of the various municipal bodies and friendly societies.

On motion of Mr. Barlow Cumberland it was voted that a sum of not more than \$200 should be expended in ejecting memorial tablets on the sites of the various historical buildings in the Niagara district. Mr. Rennie moved that medals be given for the best commemorative odes. Mr. Q. A. Howland in conclusion moved that the

A Strange Refusal.

Editor World: I wish to call the public atten-Editor World: I wish to call the public attention to one of the meanest, most contemptible acts which has taken place in this city for some time. As had been announced a few days since about 60 of the ex-members of the Royal Grenadiers assembled in the Queen's Park yesterday for the purpose of proceeding to Mount Pleasant Cemetery to decorate the graves of those who fell in '85. All went well until the cemetery was reached, when the caretaker closed the gate and would not allow all to enter, giving as his reason that the cutter, giving as his reason that the price will be satisfactory to you. Those of our regular customers who know how busy we are in the Dressmaking department have placed their orders early, and we have just placed their orders early, and we have just placed their orders early, and we have just placed the giving as his reason that the partment, so that we can turn out greater quantities of the cemetery were "that no public body could gain admittance without obtaining a written order from the trustees." He desired to take the flowers himself (of which there was no scarcity, nearly every member carrying a bouquet) and place them on the graves. The members objected to this, when he proposed that one member should take them in and they again objected. Finally, after some parleying, he allowed six members to enter and place them on the graves. The rules of Mount Pleasant may be all right enough, but, sir, I allowed six members to enter and place them on the graves themselves. The rules of Mount Pleasant may be all right enough, but, sir, I would like to know if a public body or society at tended a funeral would he the caretaker allow the funeral to enter and keep such public body standing in the street, they not having procured the necessary written order beforehand? I venture to say he would not, and I see no reason why he should have been so exact and that there should have been so much "red tape" shown on this occasion. Every person is not supposed to be acquainted with the rules governing cemeteries, and when 50 or 60 of our ex-volunteers meet and go so far out of the city as Mount Pleasant to show their respect and honor for those who so nobly died in defence of this country, would any great harm have been done if they were allowed to enter and bring a written order on a future occasion? By giving this matter publicity you will greatly oblige.

Mr. Lockwood writes as follows:

"I was terribly affilicted with boils, having no less than 58 in eight months, during that time I tried many remedies without relief, Doctors' medicine did not relieve me, in fact I could not get rid of them at all until I began using B.B. It completely cured me, and I have not had a boil since taking the first bottle. I write this to induce those affilicted with boils to try B.B.B. and get cured, for I am confident that but for Burdock Blood Bitters I would still have had those terrible boils, which shows plainly the complete blood cleansing properties of this medicine, because everything else that I tried failed.

"A friend of mine who also suffered from boils, took one bottle by my advice and thanks to B.B.B. his boils all disappeared."

As a perfect blood purifier, cleanser and tonic, Burdock Blood Bitters excels all others. In addition to this it has Man. Lake Traffic, all others. In addition to this it has properties not possessed by any other remedy; it regulates the bowels, thus curing constipation; it tones the liver and removes biliouaness; it strengthens the stomach and cures dyspepsis. In a word it regulates, tones and strengthens every organ of the body in a natural and effective manner and thus restores perfect health.
