## FIELD CROP EXPERIMENTS

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1921 they are prepared to distribute into the various localities throughout Ontario material of high quality for co-operative experiments with Grains, Fodder Crops, Roots, Alfalfa, Sweet Clover and Fertilizers, as follows:

- |  |       |
|--|-------|
| Testing Grain Crops  | Plots |
| Two varieties of Oats  | 2     |
| O. A. C. No. 21 Barley & Emmer                                       | 2     |
| Two varieties of Hulless Barley                                      | 2     |
| Two varieties of Spring Wheat  | 2     |
| Two varieties of Buckwheat   | 2     |
| Two varieties of Field Peas  | 3     |
| Two varieties of Spring Rye  | 2     |
| Three varieties of Soy, Soja, or Japanese Beans                      | 3     |
| Eight var. Flint and Dent Husking Corn                               | 8     |
| Three varieties of Mangels   | 3     |
| Two varieties of Sugar Mangels                                       | 2     |
| Three varieties of Swedish Turnips                                   | 3     |
| Two varieties of Fall Turnips  | 2     |
| Two varieties of Carrots   | 2     |
| Forage, Fodder, Silage & Hay Crops                                   |       |
| Planting Corn at six distances in the row                            | 6     |
| Sudan Grass and two var. of Millet                                   | 3     |
| Sunflower, Sorghum and Corn for Fodder                               | 3     |
| Grass Peas and 2 var. Vetches  | 3     |
| Rape, Kale and Field Cabbage   | 3     |
| Two varieties of Sweet Clover  | 2     |
| Two var. of Alfalfa  | 2     |
| Unhulled, hulled and scarified Sweet Clover Seed                     | 3     |
| Culinary Crops   |       |
| Three varieties of Field Beans                                       | 3     |
| Sweet Corn for table use from different dates of planting            | 3     |
| Fertilizer Experiments   |       |
| Low and High grade Fertilizers and manure with oats and Red Clover   | 4     |
| Low and high grade Fertilizers and manure with Oats and Sweet Clover | 4     |
| Different quantities of Lime with Sweet Clover                       | 4     |
| Miscellaneous Experiments  |       |
| Three grain mixtures for grain production                            | 3     |
| Three grain mixtures for Fodder production                           | 3     |
- For Experiment No. 26 the Experimental Union will furnish the Sweet Clover Seed, and the Experiment the Lime, as required.
- Any person in Ontario who grows field crops may apply for any ONE of the experiments for 1921. Each applicant should make a second choice, as the material for the first choice might be exhausted before the

application is received. The material will be forwarded in the order in which the applications are received while the supply lasts. No charge is made for the experimental material, and the produce becomes the property of the experimenter. A report is requested after harvest. Each person applying should carefully write his Name, Address and County.

C. A. ZAVITZ, Director.  
Ontario Agricultural College,  
Guelph, March, 1921.

Everyone reads the "Guide-Advocate Want Column" on page 4.

## When Grandmother Was a Girl

HOOP skirts were first worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over 50 years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any tonic and alterative today.

When you feel "all out of sorts"—your vitality at a low ebb—the blood becomes surcharged with poisons! The best tonic is called Dr. Pierce's Golden Medical Discovery. Dr. Pierce manufactured this "Discovery" from roots and barks without alcohol—a corrective remedy, the ingredients of which nature put in the fields and forests for keeping us healthy. It puts vim, vigor, vitality into the blood. Try it! All druggists. Send 10c. to Dr. Pierce's Bridgeburg, Ont. Laboratory for trial pkg.

# AMERICA AND PROHIBITION

THE WARNING BY THE "LITTLE GIANT"  
OF ORGANIZED LABOR IN AMERICA

## SAM GOMPERS

President of the American Federation of Labor

**says:** "I have always centended that foisting prohibition on this country was a blunder--a blunder charged with danger and loaded with disastrous probabilities.

"Prohibition has risked wrecking the social and economic fabric of the nation.

"We have invaded the habits of the working man---we have upset the man and unsettled him.

"He meets other men restless and discontented like himself---they rub together their grievances and there are sparks, sometimes fire."

"I Believe That Bolshevism in Russia Began in Prohibition."
