Annual Convention of Nova Scotia Sunday School Association
The twenty-second annual convention of the Nova Scotia Sunday School Association will be held in the Falmouth street Presbyterian church, Sydney, on October 30, 31, Nov. 1. This gathering of Sunday school workers will be one of great interest and will be favored with the presence of W. N. Hartshorn, of Boston, chairman of the International Executive Committee, and W. C. Pearce, of Chicago, International Teacher Secretary. Besides these international representatives, leading clergymen and laymen of our Province will give addresses on the various phases of Sunday school work.
This convention is for the benefit of every Sunday school officer and teacher in Nova Scotia and the topics to be presented are planned to help those whose schools are distant from large centres as well as those who work in our cities and towns. Those who wish to enlarge their knowledge of the work and get fresh suggestions for improving themselves and their schools should avail themselves of the opportunity offered.
Free entertainment will be provided by the citizens of Sydney who extend a cordial welcome to all delegates.
Reduced fares on the Standard Certificate plan have been granted by all railroads in the province. Buy a single first-class ticket for Sydney and ask for a Standard Certificate. When this is signed by the secretary of the convention it will entitle the holder to a free return ticket. Remember the certificate.
Delegates by the Cann line of steamers to Mulgrave, and by the steamers Weymouth and Marion, of the Bras d'Or S. S. Co. will also be favored with reduced rates.

Bear River and Western Annapolis

BEAR RIVER.
(Telephone.)
William Lent and party succeeded in capturing a moose this week. The antlers have a spread of 41 inches and the head is a beauty.
Whea I read in the weekly papers how many young men are getting lucrative positions I wonder what's the reason for so much talk about hard times.
The football match played here last Saturday between the Bear River and Annapolis teams resulted in a victory for our boys by a score of 8 to 2. W. K. Tibert scored the game.
George H. Vroom, inspector of fruit, gave a very interesting lecture on the grading, packing and marketing of apples to a large and appreciative audience in Temperance Hall on Tuesday evening.
A buckboard party of Salvationists attended a big go in the S. A. barracks, Annapolis, last Thursday evening. The men's' shoes were fast wearing away when they arrived home, having to wait at Clementsport for the tide to ebb so the team could cross the river, on account of the repairs being made to the bridge there.
A few of the former members of Royal Division, No. 37, met in Temperance hall on Monday evening and re-organized that society. The conditions under which they are starting look none too bright and it causes us to wonder why there is not more interest manifested in this society. Surely it is not because there is no work for it to do.
The bark, Carrie L. Smith was taken off the blocks on Monday, having been thoroughly repaired, recaulked and coppered. There was upwards of three thousand new treads driven in her. The work was in charge of Albert Benson, which is a sufficient guarantee that it is well done. These blocks are laid to accommodate all sized vessels and should be well patronized as there is plenty of material within a short distance and the best of workmen are procurable.
Leonard Irving and two girls escaped a serious accident as if by a miracle while driving in the cross roads last Thursday evening. A bridge near Obed Miller's was up for repairs and no light or other warning having been put up to warn people, they were right on it to before they knew anything about it. The horse jumped the hole and the carriage dropped into it, throwing the occupants out, but doing no serious injury. The carriage and harness were quite badly damaged. This was neglected on someone's part, and might have had more serious results.

MORGANVILLE.
Having secured the services of Mr. Trevo as teacher, school re-opened on October 8.
Lodie Morgan is visiting at Fort Wade. Clarence Morgan has been improving his residence by new clapboards. John Jefferson has also by new shingles on one side of the roof.
We are sorry to report that little Raymond Berry is quite ill.
Obed Miller and son Ernest and two friends from New York passed through the village to-day en route for the hunting ground.
MIDDLESEX.
Mr. and Mrs. Coradins Simpson entertained a number of friends at an apple paring on last Friday evening. After the paring they retired to the sitting room where music was rendered by Miss Mary Peck and Mrs. Jessie Trimmer, refreshments were also served, after a very enjoyable evening the friends returned home at an early hour.
Miss Mabel Hamilton spent Sunday with her sister, Mrs. Herbert Harris.
James Langley left for New Hampshire on Wednesday last.

CLEMENSPOURT.
Capt. Samuel Pitter has gone to Scotland. He expects to be gone some two or three months.
Schooner Olivia, Captain Robinson, left this port for Boston a few days ago with a cargo of wood and pig-iron.
Several persons from here attended the exhibition held at Yarmouth last week.
J. Harry Hicks with his wife and daughter, from Bridgetown, spent Sunday with their people here.
Michael Sypher with his grandson were the guests of Col. Ray last week. Mr. Sypher is now 94 years old and drove in one day from Sandy Cove to Clementsport, a distance of 32 miles, and the next day proceeded to Matland nearly the same distance to visit his daughter who lives there. Surely this is quite a feat for a man of his years. He is looking hale and seems to have his faculties almost as well as ever.

Mr. Hatfield, commercial traveller, spent Sunday last with his family.

Purdy's Tannery Destroyed.
(Telephone.)
H. A. Purdy's tannery consisting of two large buildings with some finished stock, a number of green hides, and the machinery, was entirely consumed by fire at an early hour Wednesday morning. The fire was first discovered by Charles Henshaw at about 1:30 o'clock, when the flames had just burst through the roof, the reduction showing in his bedroom window. He at once gave the alarm and in a short time a large crowd had gathered, but the fire had gained such headway that nothing could be done to save the buildings, and all efforts were concentrated on saving the adjoining one, the store house for bark and Mr. Purdy's office, and although only a few feet intervened, these were saved. Had kind providence not favored us with rain during the night we would probably have had a different story to tell, as a terrific gale was raging at the time, and blowing the flames and cinders directly upon the residences of F. W. Purdy, W. W. Wade and Dr. L. J. Lovett. Had either of these buildings caught nothing that could have done more than the limited means at hand for fighting fire could have saved the whole of Main street on the Digby county side, at least from complete destruction. Spontaneous combustion or incendiarism are supposed to be the cause of the fire. There was no insurance and the loss to Mr. Purdy is a serious one. Something should be done right now to secure fire protection of some sort for this town.
