

New Standards of Value

\$1365 GRAY-DORT

F.O.B. CHATHAM
WARTAX EXTRA

Gray-Dort has brought peace-time standards of value to the motor car business. Greater value than the light car has heretofore offered. \$1365 brings you a car comparable with those costing several hundred dollars more.

LOOK FOR THESE THINGS IN THE CAR YOU BUY

The Gray-Dort motor is big enough for its job—not stunted—3½" bore and 5" stroke—with big water jackets and a big honeycomb radiator. The crankshaft is husky—many pounds heavier than other builders of light cars think necessary. The pistons are extra-light and three-ringed. Special design prevents valve-warping. High-carbon steel gives toughness to moving parts.

The carburetor is a Carter—improved this year. Westinghouse starting and lighting. Connecticut ignition (newly improved). The whole chassis parallels the motor in quality. Heavy frame of channel steel. Husky rear axle. Chatham-built. Long springs, cantilever in the rear, and built here under our inspection. The big brakes now have Thermoid lining. A new steering gear, 50% larger and stronger than the light car standard.

The Gray-Dort is as pleasing to the artist and to the driver as it is to the mechanic.

The smooth lines of the body are restful after so much of the extreme in present-day cars. The Gray-Dort finish, development of 60 years coach-building, will win your instant and lasting approval. Add the smartness of French-pleated upholstery, and a new top, tailored in our own shops.

The big gasoline tank is now in the rear—for good-looks and convenience. As in big cars, the emergency brake is on a lever, the side-curtains open with the doors. A shorter, smarter cowl gives more room in the driving compartment. The new hood, with its many long, narrow louvers has a touch of European smartness.

AND YET THE PRICE IS \$1365, (PLUS WAR TAX)

You know that such a car as the Gray-Dort will be in heavy demand at \$1365. We have doubled our production this year. But there is likely to be a shortage. See the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is \$1365 f.o.b. Chatham. War tax extra. The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayette top. Plate glass rear window. Gipsy curtains. Rookie top wheels. Motorometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. \$150 extra on the standard.

AND THE ACE

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match. Trouble Lamp and bull-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate glass windows. Oversize, grooved-tread tires. This is the car for the man who does not wish to pile up a tremendous operating cost. \$255 extra on the standard.

T. E. Rawding, of Liverpool, was in Saultierville last week for the purpose of leasing a ship-yard and purchasing timber to build two vessels he has contracted for.

Word has been received of the loss of the steam trawler Jutland, engineer of which was Roy Edwards, a native of Annapolis and a veteran of the 26th regiment in which he enlisted in St. John and was very badly

wounded. He was 31 years old and leaves a widow, an English girl, now stopping with his sister, Mrs. C. Herbert, in Yarmouth.

Among the three Nova Scotians members of the crew of the St. John owned three masted schooner Isaila K. Stetson, who perished when the vessel was wrecked off Half Moon Shoal, four miles from Monomoy Point (Mass.) on Sunday morning was Emdon Ellis, Bay View, Digby county. He was the eldest son of William Ellis and a grandson of the late William Ellis, who was the keeper of Point Prim light for many years.

He was about 26 years old and a man of good character and highly respected. Besides his parents he leaves a mournful brother, Archibald at home four sisters, Eva, in St. John, Ruby and Myrtle, at home, and Mrs. W. Oliver, in the United States.

More men would become famous if they didn't attempt to write poetry.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. RED ARMY ADVANCING
Industries in the Hands of Revolutionary Workmen
ESSEN, Germany, March 23 via Copenhagen—The local Executive Council today announced that the entire industrial region hereabouts is in the hands of the revolutionary workmen and that a Red Army of 50,000 men is victoriously advancing on Wesel, where the last remnants of the regular troops are concentrated.
The Ruhr Echo announces that the left wing of the Red Army's front stretches from Dirsalaken, 24 miles from Dusseldorf, through Holten to Muenster. Violent fighting is still progressing on this front. Dorsten and Valsum have been taken by the Reds with 900 prisoners, the newspaper adds, and a general advance is in progress towards Wesel.
In the vicinity of Haltern an armored train, on the way to the industrial region from Muenster, was halted by the blowing up of a stretch of roadbed.
Quiet prevails on that section of the front between Dorsten and Dortmund.
The general military situation, it is declared, is favorable to the revolutionaries.
A second announcement by the Executive Council said that the revolutionary workmen on Saturday captured five cannon, six mine throwers, three thousand rifles, twenty thousand cartridges, two hundred horses and much baggage. In the taking of Dorsten the Reds captured three hundred Reichswehr, the announcement added.
