NOTICE TO SUBSCRIBERS

We have received notice from Ottawa that the postage on weekly newspapers will be increased after January 1st, 1922. We would advise all subscribers to get their paper paid in advance at the present rate of \$2.00 per year. With the high cost of newsprint and the almost continually increase of all expenses connected with the publishing of a weekly newspaper, no one can predict to what extent the subscription rate will have to be increased.

FARMERS' PICNIC AT LAWRENCETOWN

The farmers' annual picnic which was held at Lawrencetown last Thursday was well attended and proved a successful event. The baseball match between Lawrencetown and Berwick was won by the home team. The game at 5 o'clock between Lawrencetown and Bear River was witnessed by a large crowd. It proved a good one. The score was 8 to 7 in favor of Bear River.

In the tennis programme Bridge-town won all four events as follows: Miss Ethel Daniels and Mrs. F. R. Fay defeated Miss Kathleen James and Miss B. Jefferson.

Mr. H. B. Hicks and Mr. LeMoine Ruggles defeated Mr. Ronald Bishop and Mr. Malcolm Shaffner.

Mrs. F. R. Fay and Mr. James Fay defeated Miss Dorothy Jefferson and Mr. B. Prince.

The river sports also proved interesting and the whole programme was a credit to the management committee and the citizens of our enterprising sister town.

CHAUTAQUA IN BRIDGETOWN

This is Chautauqua week in Bridgetown and the Court House is filled at every entertainment, many people standing throughout the entire performances. Monday the lectures by Mr. Shoemaker, the Chautauqua superintendent and Dr. Wm. T. Ellis, war correspondent and journalist were listened to with much interest. The Russian Cathedral quartet gave an excellent programme.

Yesterday, besides the series lectures by the superintendent, the concert by the recital artists, Miss Joy Babcock, Mr. C. Frederick Bonawitz and Miss Marcella North and the Junior Chautauqua, under the direction of Miss Leona Will, were all good, and last night, Miss Edna Eugenia Lowe's lecture "Danger Signals on the Road to Health" was certainly an educator which was greatly appreciated.

To-day's programme consists of a concert by the College Singing Girls, Junior Chautauqua and this evening a full concert by the College Singing Girls and a stunt party by the juniors.

L. O. O. F. PICNIC

One of the most successful events in the history of Crescent and Autumn Leaf Lodges took place last Wednesday afternoon when the Brothers and Sisters enjoyed a picnic at Morton's Point, near Clementsport. Boating, games, baseball and other games, a sumptuous repast and a pleasant drive home completed the well arranged programme. Nearly a hundred were in attendance, fifteen autos being required for the outing. At a regular meeting of Crescent Lodge Thursday night votes of thanks were extended to the committees and to Mr. Morton for the use of the grounds.

Some farmers say they have more, and the grain crop looks very good.

A NEW SAW MILL

(Digby Courier)

Although lumbermen all through Canada are complaining that the lumber market has gone to—or some where else, it is indeed gratifying to learn H. T. Warne, our local lumberman, is not feeling the depression to any extent; in fact, his business is keeping so well that he has found it necessary to erect a saw mill on the Wightman field, which he has just purchased, near his old mill. The new mill, with a capacity of 10,000 feet a day, will probably take care of Mr. Warne's surplus business for some time to come. A few more live wires like Mr. Warne would be a good thing for the town.

THE OCEAN HIKERS AT DIGBY

(Digby Courier)

The two remaining ocean hikers who have started to row to Vancouver were in town yesterday, the third having contracted a dose of "cold feet" leaving them in Yarmouth. They interviewed Mayor Warne and he referred them to the town clerk to get their book signed and the town seal impressed. At the time they saw the mayor that official was exceptionally busy and looked it, being in shirt sleeves and sweat standing out in beads. He presented them with a dollar each and with it some good advice as to the waste of time in doing foolhardy tricks like they were doing and told them the country would be better off if they would spend their energy in work instead of nonsense—and in that the Courier heartily concurs.
