

PATENT
Wired Comb Foundation

Is better, cheaper and not half the trouble to use that it is to wire frames. Every cell perfect. Thin, flat-bottom foundation has no fish-bone in surplus honey. Being the cleanest is usually worked the quickest of any foundation made. J. VAN DEUSEN & SONS, Sole Manufacturers, Sprout Brook, Montgomery Co. N. Y. b4 1y.

I have been breeding and selecting Italian bees for about ten years. We will not breed from inferior colonies, continually selecting the best must show itself. A customer writes me as follows: "I got bees from different places, and I have had the best satisfaction from you of any." Tested queens after June 1st, \$1.25 each; untested, as soon as laying, \$1.00 each, or six for \$5.00. Full colonies in light, long hives, one inch chaff space. You need no outer cases with this hive. Will sell either with or without the bees. If you want to buy, write me.
