

## PINE SQUARE TIMBER.

The *Northwestern Lumberman* says:—Cook, Gibbons & Raney have this winter been getting out pine square timber in Franklin county, N. Y., for the Quebec market. They cut it in township 17, haul it to the St. Regis river at Fort Jackson, in St. Lawrence county, and send it down that stream to the St. Lawrence. This season they have gotten out 1,117 pieces, from 30 to 40 feet long, at a cost of \$11,500. It will cost \$2,000 more to run it to Quebec. The timber for this trade must be as smooth as if planed, and in order to get the right quality the operators have to go well into the depths of the Adirondack woods. Anyone familiar with the locality can realize the trouble and labor of getting timber from the vicinity of Quebec brook and the Muddywosca to Fort Jackson. The company this season were obliged to make 60 miles of new road. The superior quality of the long, heavy pine thus reached is the only justification of so much expense.

A six thousand dollar fire occurred at Woodstock, N.B., on Friday morning, April 14th. Between 8 and 10 o'clock James Hayden's steam rotary saw mill caught fire in an apartment where some small lumber was being dried. The men were engaged about the mill, Mr. Hayden himself seeing the fire when it commenced, but owing to the combustible nature of the surroundings the upper part of the mill was quickly in a sea of flame. The fire company were quickly at the scene. The mill could not be saved, however, but the flames were prevented from spreading to the lumber and the houses near. Loss on the mill, four to six thousand dollars. As there is a great demand for building material now, the destruction of the mill is a great loss to the community.

THE *Northwestern Lumberman* says common pine lumber in the Red river valley is now worth from \$22 to \$23 per thousand feet. Over 1,000,000,000 feet of the pine which Mr. Washburn's mill throws into the market is on the Red Lake reservation, within easy driving distance of Red Lake river. It is worth, to cut for the Manitoba market, \$16 per thousand feet as it stands on the land, or \$16,000 per quarter-section. To the settlers of the Red river valley this pine timber is a vital necessity. They ask that the government will put a fair valuation upon it, put it on sale at the earliest practicable moment, and not allow more than one quarter section to be sold to any one individual.

**FEAR NOT.**—All kidney and urinary complaints, especially Bright's Disease, Diabetes and liver troubles Hop Bitters will surely and lastingly cure. Cases exactly like your own have been cured in your own neighborhood, and you can find reliable proof at home of what Hop Bitters has and can do.

A healthy man never thinks of his stomach. The dyspeptic thinks of nothing else. Indigestion is a constant reminder. The wise man who finds himself suffering will spend a few cents for a bottle of Zepesa, from Brazil, the now and remarkable compound for cleansing and toning the system, for assisting the digestive apparatus and the liver to properly perform their duties in assimilating the food. Get a ten cent sample of Zepesa, the new remedy, of your druggist. A few doses will surprise you.

**HAGYARD'S YELLOW OIL** will be found invaluable for all purposes of a family medicine. Immediate relief will follow its use. It relieves pain, cures chilblains, frost bites, scalds, burns, corns, rheumatism, neuralgia, &c. For internal use it is none the less wonderful. One or two doses frequently cure sore throat. It will cure croup in a few minutes. A few bottles has often cured asthma. Colic has been cured by a teaspoonful dose. It cures with the utmost rapidity. It is really a wonderful medicine.

## N. H. DOWNS' Vegetable Balsamic ELIXIR!

This valuable medicine is purely vegetable, the discovery of which was the result of many years' close study, in order to discover the cause, the symptoms and the cure—viz.:

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Influenza, Pleurisy, Hoarseness, Spitting Blood, Bronchitis, and every species of oppression of the Chest and Lungs. In all cases where this Elixir has been duly administered its efficacy has been invariably manifested, convincing the most incredulous that

**CONSUMPTION** is not incurable, if properly attended to.—Consumption, at its commencement, is but a slight irritation of the membrane which covers the lungs; then an inflammation, when the cough is more observable, but rather dry, then becomes local fever and the pain more frequent, the cheeks flushed and a more common. This Elixir cures the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration.

**IT HEALS THE ULCERATED SURFACES** and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and emetic articles, which are of so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the cause, generally destroys the hectic before the cough is entirely gone. Consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions for cure of pulmonary diseases. Price 25 cts. and 50 cts. per bottle. Sold everywhere.
